Eighty-three Different Questions (The Fathers of the Church, Volume 70) Saint Augustine, 1982 No description available **Eighty-three Different Questions** Saint Augustine (of Hippo), 1982 Eighty-three Different Questions Agustín (Santo, Obispo de Hipona), 1968 *Eighty-three Different Questions* Saint Augustine, 1982-01-01 No description available **Eighty-three Different Questions (The Fathers of the Church, Volume 70)** Saint Augustine, 1982-01-01 No description available **Eighty-three Different Questions** Saint Augustine, 1982-01-01 No description available Eighty-three Different Questions Saint Augustine (Bishop of Hippo), 2002 *Saint Augustine* Saint Augustine (of Hippo), 1982 **Eighty-three Different Questions** Saint Augustine, 1982-01-01 No description available **Free To Say No** Eric L Jenkins, 2013-09-26 For centuries Augustine's theory of free will has been used to explain why God is not the author of evil and humans are morally responsible for sin Yet when he embraced the doctrines of unconditional election and operative grace Augustine began modifying his theory of free will His final works claim his evolved notion of free will remained consistent with his early view but this claim has provoked significant debate Some scholars take him at his word interpreting his teachings on free will in light of his later predestination teachings Others reject his claim of continuity and warn of great inconsistencies between his early and later works Few have undertaken a thorough study of Augustine's works to compare his early notion of free will with his later theory of predestination **Free To Say No** is a detailed study of Augustine's work that presents clear evidence in Augustine's own words for a significant discontinuity between his early and later theories especially the disappearance of the will's freedom to say **Divine Speech in Human Words** Emmanuel Durand, OP, 2022-06-10 Is the portrait of God revealed in Scripture fundamentally intelligible The biblical accounts of God reveal seemingly contradictory themes God's holiness and narratives telling of his anger the Divine Omnipotence faced with the Impossible the suffering Christ upon the Cross and the transcendent Trinity of Persons in God the unique Savior and the universality of God's salvific will and so forth How are we to hold together all of this data without denying any aspect of the mystery of God Must we give into our ambient culture's sense that the biblical God cannot be taken seriously by truly discerning and rational minds when they try to understand the Divine Or in the midst of this apparent contradiction can we find the lines of harmony in the revealed mysteries In *Divine Speech in Human Words* Fr Emmanuel Durand unties some of the knots that face us when we reflect on the God of biblical Revelation In each of the essays gathered here Fr Durand sympathetically articulates the tensions and apparent contradictions experienced by contemporary minds as they strive to understand the revealed truth of God A whole host of topics are covered in this volume the Cross and the revelation of the Trinity God's holiness and transcendence divine immutability and the sorrow of a loving God Divine Providence and human prayer the fatherhood of God and eschatology Christ's way of life and many others Drawing philosophical insights from the Thomistic tradition as his intellectual tools Fr Durand nonetheless emphasizes the importance of a properly theological mode

of reflection allowing these issues to be illuminated by the revealed truth of Sacred Scripture Thus for each of these difficult topics he shows that a vital theological response must not limit itself to mere logical rigor but rather requires metaphysical insight and above all sapiential appreciation of God's revealed word With such instruments in hand each essay approaches the tensions of biblical revelation with an eager readiness to show how a thoughtful Thomistic practice of biblical theology can guide faith as it seeks an understanding of both contemporary and perennial theological problems **Ideas in God**

According to Saint Thomas Aquinas Vivian Boland,2021-12-06 This work examines the role of the doctrine of divine ideas in the theology of Thomas Aquinas a question which remains controversial Aquinas received this doctrine in two distinct forms from Augustine and Dionysius The historical origins and development of this twofold tradition are traced from Plato and Aristotle through Hellenistic philosophy to the patristic and medieval periods In Aquinas account of God's knowledge of the Word of God of Creation and of Providence the doctrine of divine ideas plays a key role Various strands of neoplatonist thought are clearly important for him but it is Aristotle who is of greatest significance for Aquinas sustained and original rethinking of the doctrine A study of this question provides a fresh perspective on the nature of Aquinas unique synthesis

Augustine and Nicene Theology Rene Barnes,2024-01-25 In this collection of essays Michel Rene Barnes offers a new reading of the character and development of Latin Trinitarian theology in the fourth and fifth centuries Although Augustine is the principal focus he is treated here as an inheritor of an earlier Latin tradition Antecedent theologians most notably including Marius Victorinus are given a revised interpretation and Augustine himself is explored from multiple angles At every turn developments in Augustine's thought are shown to be a response to the anti Nicene theologies of the period Most significantly this view decries the modern systematic tendency to engage with Augustine only through a simplified version of late nineteenth century categories This accusation invites the question of how far modern theology can actually engage with Patristic theology at all but Barnes offers a way forward Passion and Compassion in Early Christianity Susan

Wessel,2016-06-09 This book examines how early Christians cultivated affective compassion as a virtue in a Roman world that valued emotional tranquillity **The Meaning of Protestant Theology** Phillip Cary,2019-06-18 This book offers a creative and illuminating discussion of Protestant theology Veteran teacher Phillip Cary explains how Luther's theology arose from the Christian tradition particularly from the spirituality of Augustine Luther departed from the Augustinian tradition and inaugurated distinctively Protestant theology when he identified the gospel that gives us Christ as its key concept More than any other theologian Luther succeeds in carrying out the Protestant intention of putting faith in the gospel of Christ alone Cary also explores the consequences of Luther's teachings as they unfold in the history of Protestantism **Thinking**

about Animals in Thirteenth-Century Paris Ian P. Wei,2020-08-20 Explores how similarities and differences between humans and animals were understood by medieval theologians and their significance The Spiritual Language of Art: Medieval Christian Themes in Writings on Art of the Italian Renaissance Steven F.H. Stowell,2014-11-13 Analyzing the

literature on art from the fifteenth and sixteenth centuries The Spiritual Language of Art explores the complex relationship between visual art and spiritual experiences during the Italian Renaissance Though scholarly research on these writings has predominantly focused on the influence of classical literature this study reveals that Renaissance authors consistently discussed art using terms concepts and metaphors derived from spiritual literature By examining these texts in the light of medieval sources greater insight is gained on the spiritual nature of the artist s process and the reception of art Offering a close re readings of many important writers Alberti Leonardo Vasari etc this study deepens our understanding of attitudes toward art and spirituality in the Italian Renaissance

Past and Present Political Theology Dennis Vanden Auweele, Miklos Vassányi, 2020-04-02 This book demonstrates how discussions of Political Theology have been a constant feature throughout philosophical modernity and that they continue to impact contemporary political debates By tracing the historical roots and detailing the contemporary outworking of Political Theology in Europe it contends that this growing field requires a broader canon in order for it to mature Political Theology is shown here to be about the diversity of relationships between religious beliefs and political orientations First engaging with historical debates chapters re examine the relationship between personal conviction and societal orientation on such topics as the will to believe evil individualism the relationship between church and state and the relationship between belief and natural science The volume then establishes the relevance of these debates for the present day As such it invites engagement on the back and forth between religion and politics in a liberal democracy and a communist state on how communitarianism relates to religious language on the diversity of Christian and Jewish political theology and the politics of toleration By broadening out the field of Political Theology this book offers the reader a more nuanced understanding of its sustained influence on public life As such it will be of interest to academics working in Political Theology but also Theology Philosophy and Political Science more generally

Christian Love Bernard V. Komar, 2003-03-07 Bernard Brady has given us a rare delightful and thought provoking book a volume that belongs on the desk or the bed stand of anyone in search of the rich and varied dimensions of Christian love Christians are taught that God is love and are commanded to love their neighbors and their enemies These truths are not controversial What is controversial and indeed has been controversial throughout the history of Christianity is the meaning of this love This book explores the tradition of Christian reflection on the meaning and experience of love loving and being loved Many books have been written about Christian love but no book has gathered together this kind of primary source material and covered such a wide range of perspectives allowing the reader to engage directly with the thought and experience of some of the greatest Christian minds on the topic of love Bernard Brady covers with remarkable clarity the breadth and depth of discussions on Christian love from the Bible to contemporary experience to create this a survey of how Christians through the ages have understood love Beginning of course with the Bible Brady examines the key writings and thinkers on the nature of Christian love St Augustine mystics such as Bernard of Clairvaux Hadewich and Julian of Norwich the great tradition and literature of courtly

love Thomas Aquinas Martin Luther S ren Kierkegaard and others In addition Brady devotes chapters to several 20th century figures whose lives seemingly embodied Christian love Mother Theresa Martin Luther King Jr and Pope John Paul II Finally Christian Love addresses contemporary deliberations over the meaning of love with an analysis of the modern writings of Martin D Arcy Reinhold Niebuhr Jules Toner Gustavo Guti rrez Gene Outka Margaret Farley Edward Vacek and Don Browning In a synthesizing concluding chapter Brady offers his own insightful and introspective understanding of the substance of Christian love suggesting that it is an affective affirmation of another that it is both responsive and unitive and that it is steadfast and enduring As a beautiful contemplative companion to one s own spiritual understanding or as a thoughtful and meaningful gift Christian Love is in every sense a treasure to behold read and share with those you love

Inner Grace Phillip Cary, 2008-03-26 This book is along with Outward Signs OUP 2008 a sequel to Phillip Cary s Augustine and the Invention of the Inner Self OUP 2000 In this work Cary traces the development of Augustine s epochal doctrine of grace arguing that it does not represent a rejection of Platonism in favor of a more purely Christian point of view a turning from Plato to Paul as it is often portrayed Instead Augustine reads Paul and other Biblical texts in light of his Christian Platonist inwardness producing a new concept of grace as an essentially inward gift For Augustine grace is needed first of all to heal the mind so it may see God but then also to help the will turn away from lower goods to love God as its eternal Good Eventually over the course of Augustine s career the scope of the soul s need for grace expands outward to include not only the inner vision of the intellect and the power of love but even the initial gift of faith At every stage Augustine insists that divine grace does not compromise or coerce the human will but frees heals and helps it precisely because grace is not an external force but an inner gift of delight leading to true happiness As his polemic against the Pelagians develops however he does attribute more to grace and less to the power of free will In the end it is God s choice which makes the ultimate difference between the saved and the damned and we cannot know why he chooses to save one person and not another From this Augustinian doctrine of divine choice or election stem the characteristic pastoral problems of predestination especially in Protestantism A more external indeed Jewish doctrine of election would be more Biblical Cary suggests and would result in a less anxious experience of grace Along with its companion work Outward Signs this careful and insightful book breaks new ground in the study of Augustine s theology of grace and sacraments
