mid century American society As ghosts from the sisters violent past resurface and the construction of a major highway extension near the settlement accelerates Peter s anarchic agenda Zina must choose between turning her back on her new life and adopted flock or seizing the power she so desires and taking her place next to Peter in the great cata clysm to come A haunting strikingly vivid depiction of an isolated world power and its reproductions and the forgotten darker side of postwar American life The Damagers is potent unset tling fiction from an exciting literary talent **Hodder & Stoughton's sixpenny novels.
