The main socialization agencies are the family, school, peer groups and mass media. Conferring of the culture takes place in transforming a natural creature as a social creature by introducing the acknowledged behavior pattern of that particular society. This course of action includes the study of social values, merits, judgments, art, rules and regulations, customs, convention and livelihood as well. Thoughts and attitudes of the children were nurtured by the members of the traditional extended family that the family of procreation and family of orientation including mother, father, siblings, grandmother, grandfather, uncle, aunt, paternal uncle and other relatives. The responsibility of security and nutrition of the children depended on the relations in the extended family. But one of the consequences of the changes of the society in terms of modern technology and ideology was the advent of the nuclear family. How the role of the traditional extended family does takes place within the nuclear family? What are the substitutes that had taken place instead of them? Do the children get the proper protection in a nuclear family with a successful socialization? A number of social questions have arisen in the face of social changes.

"School" is playing an important role in nurturing the most significant phase of a child's life as a socialization agency and as talent fulfilling formal institute. A child associates the school for about a period of 13 years. He / She spend about seven hours a day along with the teachers and his or her fellow students. History of the formal education connected with the Buddhist temple and Christian church has formalized organizationally by the "school" at present. According to the Oxford dictionary of sociology (2005) school defined as "School, schooling both and institution and a method of education. A process of learning and management of socially approved knowledge, involving and approved curriculum and pedagogy, paid professional educators, compulsory attendance of pupils, and school groupings (Scott, 2005, page 581). According to this definition school is the institution mainly concerned with education within a scope of
