## ATTENTION

Choosing an anchor, your breath for example, is a useful starting point for meditation. Whenever you focus on or return to your anchor you flex and strengthen your attention.

## DETACHMENT

Whenever you connect to your anchor you let go of other thoughts. This release of external ideas while connecting to the present moment is detachment.

## MINDFULNESS

Whenever you notice your mind wandering away from your anchor you become aware of distraction. Recognizing distraction then returning to your anchor is the essence of mindfulness.

## WISDOM

Whenever you notice *what* has drawn your attention away from your anchor you gain insight into your thought process. Awareness of, then choosing to actively manage your thoughts leads to wisdom.

## SELF-COMPASSION

Whenever you realize your attention has wandered then choose to extend kindness to yourself, rather than criticism, as you return to your anchor, you cultivate self-compassion.
