propose a positive answer to the question Can we attend to the personhood of individuals within systems and cultures which are mass oriented One of the most interesting changes in contemporary thinking has been the emphasis on the unique person While the distinction between a person a unique rational being and individual one of several similar things has long existed it is in the twentieth century that we seem to have become fully conscious of this distinction There is good reason for such as emphasis today Repeatedly in this century the case of the person was deemed less important than some policy Innocent persons slaughtered in the name of some ism political bombings and kidnappings and mass unemployment to name but a few The cause of our dehumanization seems to be the reduction of the individual person to a part of the political economic or religious system **2009—A Year of Pain and the Promise of Rainbows** Sylvia A. Daddy's Promise Brendan T. Hoffman,2012-03 I was with her twenty four hours a day seven days a week for the last ten months of her life The conversations we had were priceless The promises I made to her I am still fulfilling Dawn definitely made me a stronger person She taught me so many things about life about myself but also about others After she was diagnosed Dawn saw things as they were and not as she wished them to be and slowly but surely she began putting things in order Yes this cancer is going to end my life here on earth several years sooner than if I didn t have it Though it won t take away what I have I have a loving father and best friend I have Cathy my wonderful mother by marriage I have my mother and Kristie who I love so very much I have the two most beautiful children in the world in Tyler and Jordan I have peace with God and myself I also have something that is so important to me I have love from all those I just mentioned They love me So you see cancer didn t win It can never take what I have Please understand that I haven t given up on a miracle nor have I given

up on life here on earth I won't live my life waiting on a miracle I'm going to live my life as if I don't need a miracle I won't live my life in fear of death I'm going to live my life as if I have nothing to fear Yes I will do whatever it takes to live I'm going to do my best to do what it takes to be happy not depressed So yes I hate that I have cancer although I love my life and those who are in it and make it what it is The Promise Therèse Tappouni, 2008 There is only one of you and everything about your appearance your desires and your purpose is intentional Before we were born we each made a promise as to whom and what we would become on this earth Encapsulated in your soul and hinted at during childhood this Promise becomes more urgent as you age Children express passionate emotions in every waking moment but this passion is gradually buried under layers of expectations You begin to call that passion a dream and create a life separate from your dream Many of life's occurrences shine light into the soul's purpose some are mystical some part of everyday life and some are traumatic Your soul is revealed through telling your truth and recognizing when you are out of step with your real purpose The difficulties we face as people on this planet have accelerated the urgency of recognizing our Promise **Miracles Of Hope And**
