Grizzly Gazette:

The Grizzly Gazette Stuart J. Murphy, 2002-12-24 It's the last week of Camp Grizzly and the campers are preparing to elect a mascot. Each day the Grizzly Gazette takes a poll to see who has the biggest percentage of the vote so far. Is it Sophie? Is it Daniel? Or could it be Corey, the new entry in the race? Corey's determined to do her best. But she's got to make up for lost time. Can she win out over Daniel and Sophie? No one will know for sure until the last vote is counted. A lively story about summer camp fun will help young readers understand both percentage and voting. **The Grizzly Gazette** Stuart J. Murphy, 2002-12

It's election time at Camp Grizzly so who will get the highest percentage of the vote? The Grizzly Gazette explains which candidate gets how much of the vote. Full color illustrations. *Grizzly Gazette* Stuart J. centimeters tall, weighs 25 kilograms and lives 450 kilometers away and Polly is determined to find a way to visit her. A story of long distance friendship introduces basic metric measurements to children. *Rodeo Time* Stuart J. Murphy, 2006-02-28 Yee-hah! It's rodeo time! Bareback bronc riding, barrel racing, calf roping, the livestock show, the fiddling contest, and don't forget lunch! How are Katie and Cameron going to fit it all in and still have time to help their uncle Cactus Joe with chores? By making a schedule, of course. But making a schedule and sticking to it turn out to be two very different things. Adult Learners Carl A. Harvey II, 2012-10-02 This practical guide clarifies why school librarians need to be part of the professional development process in their schools and shows just how to achieve that goal. To remain gainfully employed today's school librarian has to be a leader in the school. To that end, *Adult Learners: Professional Development and the School Librarian* encourages librarians to become instrumental in providing professional development to teachers and staff. The book begins by explaining why librarians should participate in designing and presenting professional development, then goes on to provide tips, examples, and a complete model for doing this based on a system used at the author's school. Readers will discover how to determine what is practical and how to turn ideas into actions, whether they want to implement a major initiative or start with something small. Most important, this book details how to become part of the professional development team in ways that are both relevant and meaningful to the teachers and staff involved. When these stakeholders understand what the librarian knows and how they can benefit the librarian's sphere of influence will be expanded and a job just might be saved.
