Beyond Postmodernism Klaus Stierstorfer, 2012-05-02 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist

The Ground Beneath Her Feet Salman Rushdie, 2000-03-16 A mythic tale of love celebrity and seismic events all set to a rock n roll soundtrack This is Rushdie at his absolute almost insolently global best Toni Morrison When the famous singer Vina Apsara is caught in a devastating earthquake she is never seen again by human eyes This is her story and that of Ormus Cama the lover who finds loses seeks and again finds her over and over throughout his own extraordinary life in music Their epic romance is narrated by Ormus s childhood friend and Vina s sometime lover her back door man the photographer Rai whose astonishing voice filled with stories images myths anger wisdom humor and love is perhaps the book s true hero Telling the story of Ormus and Vina he finds that he is also revealing his own intimate truths Around these three the uncertain world itself is beginning to crack revealing great abysses below the surfaces of things The Ground Beneath Her Feet is Salman Rushdie s most gripping novel a vision of our shaken mutating times a brilliant remaking of the myth of Orpheus a novel of high and low comedy high and low passions high and low culture It is a tale of love death and rock n roll

BOUND BY THE SEA Anna Chaikovska,2025-02-28 How many women disappear without a trace every year And how many of them are actually alive but their voices are heard by no one This book was born from pain From stories I ve collected over years From the tears of women whose lives were erased by those who swore to love them Alisa could have become a famous singer But her mother taught her to be quiet and her businessman husband with a charming smile perfected this lesson When she dares to leave he doesn t just take the children he erases her very existence To the world she simply disappears I have seen this too many times The system always believes confident men in expensive suits more than women with trembling hands It doesn t matter where it happens in elite neighborhoods or ordinary apartments The mechanism of violence works the same way I know this not from books I went through it myself before I began helping others This book is my scream My testimony And my hand extended to those who are still there behind closed doors If you re reading this and recognize your life know that you are not alone If you see the

first warning signs don't look for excuses for them Each day of silence is another brick in the wall behind which he hides you from the world and from your real life Fiction, Film, and Indian Popular Cinema Florian Stadler, 2013-10-30 This book analyses the novels of Salman Rushdie and their stylistic conventions in the context of Indian popular cinema and its role in the elaboration of the author's arguments about post independence postcolonial India Focusing on different genres of Indian popular cinema such as the Social Mythological and Historical Stadler examines how Rushdie's writing foregrounds the epic the mythic the tragic and the comic linking them in storylines narrated in cinematic parameters The book shows that Indian popular cinema's syncretism becomes an aesthetic marker in Rushdie's fiction that allows him to elaborate on the multiplicity of Indian identity both on the subcontinent and abroad and illustrates how Rushdie uses Indian popular cinema in his narratives to express an aesthetics of hybridity and a particular conceptualization of culture with which India has become identified in a global context Also highlighted are Rushdie's uses of cinema to inflect his reading of India as a pluralist nation and of the hybrid space occupied by the Indian diaspora across the world The book connects Rushdie's storylines with modes of cinematic representation to explore questions about the role place and space of the individual in relation to a fast changing social economic and political space in India and the wider world
