Fetterman, 1998 This edition takes a step into a new frontier the Internet which is one of the most powerful resources available to ethnographers The book now provides insights into the uses of the internet including conducting searches about topics or sites collecting census data conducting interviews by chatting and video conferencing sharing notes and pictures about research sites debating issues with colleagues on listservs and in online journals and downloading useful data collection and analyses software

Group Decision Making Thomas L. Saaty, Kirti Peniwati, 2013-11-15 When a group makes a decision that decision carries a lot more weight than when just one person does it Think of the founding fathers of the American constitution and how much power and influence their ideas have had in the entire world for more than two hundred years

Also think of gravity a universal force brought about by an enormous number of minute particles that band together to make a universal law Together they create a massive force a law of nature alone they can barely be noticed That is how our minds work by deciding together to create a power that transcends our individuality Group decision making is a gift and an opportunity to create greater influence through the working together of many minds This book shows how to use the Analytic Hierarchy Process for hierarchical decision making and the Analytic Network Process for decision making in networks with dependence and feedback in group decision making Part I discusses the group and the decision and shows the importance of using a structured process particularly for those high value decisions involving many powerful parties with different interests It discusses how to facilitate a group decision combine individual judgments and smooth differences to arrive at a decision that everyone can live with and get behind Part II discusses the group in planning and how to draw out differences Part III is about conflict resolution and Part IV is about how to address significant issues that come up in group decision making and shows that it is possible to construct an overall group preference

Planning Ethically Responsible Research Joan E. Sieber, Martin B. Tolich, 2013 Two important aspects covered in this text are the ethical considerations in qualitative research methodologies and the attention that is needed in University Research Ethics Committees to understanding and addressing these methodologies

Participant Observation Danny L. Jorgensen, 1989-02-01 While providing an introduction to basic principles and strategies Participant Observation also explores the philosophy and methodology underlying the actual practice of participant observation Taking a thoroughly practical approach to the methods of participant observation Danny L. Jorgensen illustrates these methods with both classic and current research studies By using the materials in this book the reader can begin conducting participant observation research on their own
