Historical Dictionary of the U.S. Presidency Richard S. Conley, 2015-12-14 This book covers the development of the presidential office within the context of constitutional interpretations of presidential power and socio political and economic developments as well as foreign affairs events from 1789 2015 It provides details on the men who have held the office and biographies of vice presidents unsuccessful candidates for the office and noteworthy Supreme Court and other appointees The Historical Dictionary of the U S Presidency contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on the development of the institution of the presidency and details the personalities domestic and foreign policy governing contexts elections party dynamics and significant events that have shaped the office from the Founding to the present day This book is an excellent resource for students researchers and anyone wanting to know more about the U S Presidency

Before the Rhetorical Presidency Martin J. Medhurst, 2008-11-05 Since its identification in 1981 the rhetorical presidency has drawn both defenders and critics Chief among those critical of the practice is political theorist Jeffrey K Tulis whose 1987 book *The Rhetorical Presidency* helped popularize the construct and set forth a sustained analysis of the baleful effects that have allegedly accompanied the shift from a constitutional presidency to a rhetorical one Tulis locates this shift in the presidencies of Theodore Roosevelt and Woodrow Wilson arguing that the rhetorical presidency is a twentieth century phenomenon Yet not all scholars agree with this assessment *Before the Rhetorical Presidency* is an attempt to investigate how U S presidents in the nineteenth century communicated with their publics both congressional and popular In part 1 Martin J Medhurst Mel Laracey Jeffrey K Tulis and Stephen E Lucas set forth differing perspectives on how the rhetorical presidency ought to be understood and evaluated In part 2 eleven scholars of nineteenth century presidential rhetoric investigate the presidencies of Martin Van Buren John Tyler James K Polk Franklin Pierce James Buchanan Andrew Johnson Ulysses S Grant Rutherford B Hayes Benjamin Harrison Grover Cleveland and William McKinley As the first volume ever to focus on nineteenth century presidents from a rhetorical

perspective Before the Rhetorical Presidency examines administrations policies and events that have never before been subjected to rhetorical analysis The sometimes startling outcomes of these investigations reveal the need for continuing debate over the nature practices and effects of the rhetorical presidency In a brief afterword Medhurst raises eight challenges to the original formulation of the rhetorical presidency and in so doing sets forth an agenda for future studies

Enemies of the American Way David Bell Mislán, 2012-05-24 Why do presidents when facing the same circumstances focus on different threats to national security *Enemies of the American Way* attempts to answer this question by investigating the role of identity in presidential decision making The book explains why presidents disagree on what constitute a threat to the US security via the study of three US presidencies in the 19th century Cleveland Harrison and McKinley These case studies help draw a theory of threat identification to understand how and why specific actions are taken including the decision to wage war Using a constructivist approach the book develops a rule based identity theory to posit that American identity defines potential national security threats i e how a policymaker defines Americans also defines the threats to Americans *Enemies of the American Way* offers a new means of understanding a key period when America rose to prominence in international relations while proposing a template that can be used to explain American foreign policy today It will appeal to students of international relations and foreign policy

Faith and the Presidency From George Washington to George W. Bush Gary Scott Smith, 2006-10-12 Religion has been a major part of the presidency since George Washington s first inaugural address Despite the mounting interest in the role of religion in American public life we actually know remarkably little about the faith of our presidents In this fascinating book Smith takes a sweeping look at the role religion has played in presidential politics and policies Drawing on extensive archival research Smith paints compelling portraits of the religious lives and presidencies of eleven chief executives for whom religion was particularly important *Faith and the Presidency* meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and in turn the course of our history

Presidents and Presidencies in American History Jolyon P. Girard, 2019-10-07 This innovative encyclopedia explores the life and times of America s forty five presidents from the first administration to that of Donald Trump Forty five men have served as President of the United States since George Washington swore the oath of office in 1789 in New York City Some have proved exceptional leaders and others have not Some have faced serious crises both foreign and domestic Franklin Roosevelt was elected to four terms leading the country through a major economic depression and a world war while one held the office for only a single month Each however played a key role in the evolution of United States history Each of their histories therefore remains a critical civics lesson to consider This four volume encyclopedia provides an expansive analysis of the life and times of each United States president in chronological order from George Washington to Donald Trump Each chapter includes a timeline a biographical sketch a historical overview and an analytical essay concerning the president and his presidency Each also includes a substantial selection of related primary documents

presenting important presidential speeches and correspondence A suggested reading list for further study of each president rounds out each entry *The American Senate* Neil MacNeil, Richard A. Baker, 2015 Shares the history of the United States Senate including its struggles with the presidency its investigative power and how filibustering became a common practice

Presidents from Hayes through McKinley, 1877-1901 Amy H. Sturgis, 2003-11-30 This resource of primary documents and commentary spans the Hayes and McKinley administrations selecting and describing five to ten of the foremost issues of the day The actual texts of the presidents positions along with the opposing viewpoints are presented Helpful background information and commentary clarifies the primary sources accurately depicting this dynamic time in the country s past and providing an invaluable resource to any student of American history The period from 1877 to 1901 marked the end of one United States a country still reeling from the Civil War a divided nation of Reconstruction a land of economic depression sectional hostility and governmental corruption A new United States was emerging It was an empire an international power that both negotiated with and fought against European nations with great success and a country with a rebounding economy vigorous industry and restored faith During this Gilded Age the nation expanded as settlers moved west and displaced native populations Immigrants entered at the highest rate in the country s history Geographic expansion gave rise to mighty railroads and industrial expansion brought corporations company towns and monopolies This unprecedented industrialism bolstered urban growth yet economic hardships afflicted rural countrysides Labor and agrarian interests organized **Politically Incorrect Guide to the Presidents, Part 1** Larry Schweikart, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **The Gilded Age & Progressive Era** Elisabeth Israels Perry, Karen Manners Smith, 2006-10-30 This Companion is an alphabetical encyclopedia of the Gilded Age asking new questions about the role of economic change and social movements using literary and critical race theories to read traditional evidence such as court records and military and diplomatic reports in new ways understanding the growing connections in this period of the United States with other parts of the world globalism and emphasizing the connection between labor and economic trends and social and political movements The Gilded Age and Progressive Era A Student Companion includes articles on overall trends immigration education music sports social movements anarchism child labor movement consumer movement conservation movement terms armistice chain store chautauqua organizations American Expeditionary Force Knights of Labor Republican party issues gender relations race relations events Haymarket Square massacre Palmer raids Pullman strike legal cases Lochner v New York laws Chinese Exclusion Act Meat Inspection Act Selective Service Act ethnic groups Mexicans Chinese economic issues trusts scientific management and biographies The articles are cross referenced and have sources for specific further reading Backmatter consists of chronology general further reading and websites and index Black and white illustrations including photographs maps fine arts and graphics complement the text Oxford s Student Companions to American History are state of the art

references for school and home specifically designed and written for ages 12 through adult Each book is a concise but comprehensive A to Z guide to a major historical period or theme in U S history with articles on key issues and prominent individuals The authors distinguished scholars well known in their areas of expertise ensure that the entries are accurate up to date and accessible Special features include an introductory section on how to use the book further reading lists cross references chronology and full index

The SAGE Encyclopedia of World Poverty Mehmet Odekon, 2015-06-15 The SAGE Encyclopedia of World Poverty Second Edition addresses the persistence of poverty across the globe while updating and expanding the landmark work Encyclopedia of World Poverty originally published in 2006 prior to the economic calamities of 2008 For instance while continued high rates of income inequality might be unsurprising in developing countries such as Mexico the Organization of Economic Co operation and Development OECD reported in May 2013 even countries with historically low levels of income inequality have experienced significant increases over the past decade including Denmark Sweden and Germany The U N and the World Bank also emphasize the persistent nature of the problem It is not all bad news In March 2013 the Guardian newspaper reported Some of the poorest people in the world are becoming significantly less poor according to a groundbreaking academic study which has taken a new approach to measuring deprivation The report by Oxford University s poverty and human development initiative predicts that countries among the most impoverished in the world could see acute poverty eradicated within 20 years if they continue at present rates On the other hand the U N says environmental threats from climate change could push billions more into extreme poverty in coming decades All of these points lead to the need for a revised updated and expanded edition of the Encyclopedia of World Poverty

Key Features 775 evaluated and updated and 175 entirely new entries New Reader s Guide categories Signed articles with cross references Further Readings will be accompanied by pedagogical elements Updated Chronology Resource Guide Glossary and thorough new Index The SAGE Encyclopedia of World Poverty Second Edition is a dependable source for students and researchers who are researching world poverty making it a must have reference for all academic libraries

Encyclopedia of World Poverty Mehmet Odekon, 2006 Provides extensive and current information as well as insight into the contemporary debate on poverty and contains over 800 original articles written by more than 125 renowned scholars

Hatred of America's Presidents Lori Cox Han, 2018-06-15 This work examines expressions of personal hostility and animosity toward presidents even beloved ones throughout American history and their impact on policymaking politics and culture People involved or simply interested in politics often ask whether today s political environment is more toxic than ever before *Hatred of America s Presidents* Personal Attacks on the White House from Washington to Trump presents an impartial and authoritative history of invective toward the White House so readers can determine the answer for themselves The book focuses on the most representative and commonplace attacks of a vitriolic and personal nature detailing who instigated and trafficked in the attacks and how presidents administrations and political parties defended themselves It also

illustrates how honest disagreements about policy such as FDR's New Deal, Ronald Reagan's Central America policies, George W. Bush's invasion of Iraq, and Barack Obama's Affordable Care Act fueled expressions of hatred and condemnation. Finally, the book includes perspectives from both the right and the left on the legitimacy of these attacks and the victims' defenses, as well as their impact on American politics and policy.

[The Presidents and the Constitution, Volume One](#) Ken Gormley, 2020-03-24 Shines a light on the constitutional issues that confronted and shaped each presidency from George Washington to the Progressive Era. Drawing from the monumental *The Presidents and the Constitution: A Living History* published in 2016, the nation's foremost experts in the American presidency and the US Constitution join together to tell the intertwined stories of how the first twenty-seven distinctive American presidents have confronted and shaped the Constitution and thus defined the most powerful office in human history. From George Washington to William Howard Taft, *The Presidents and the Constitution, Volume 1* illuminates the evolving American presidency in a unique way through the lens of the Constitution itself. Arranged chronologically by president, the book examines the constitutional issues confronting each president in the context of the personalities driving historical events. The contributors illustrate the extensive powers of the American presidency in domestic and foreign affairs, showing how they have been used by the men who were granted them, and brings to light the overarching constitutional themes that span this country's history and tie each presidency to the other branches of government.

[The American Economy](#) Cynthia Clark, 2011-03-11 A compelling compilation of short entries, longer topical essays, and primary source documents that chronicles the historical development of the United States from an economic perspective. Based on a work originally published in 2003, *The American Economy: A Historical Encyclopedia* has been thoroughly updated with information on the accounting scandals of the early 2000s and the recession of 2008, including the government stimulus and bailout programs and the recession's impact on key markets. With more than 600 short entries, 31 longer essays, and 32 primary source documents, the encyclopedia spans American history from colonial times to the present. Researchers will discover detailed information on people, events, and government actions that have shaped our economy, with entries on such seminal issues as slavery, migration patterns, the welfare state, the rise of the city, and the development of financial institutions. Throughout, special attention is paid to the interdependence of economics with political, social, and cultural forces. Covering everything from the national debt to monetary policy, law, unemployment, inflation, and government-business relations, this work is the ideal go-to resource for quick answers, in-depth analysis, or direction for further research.

[Life After Power](#) Jared Cohen, 2024-02-13 From the Founding to today, this book tells the stories of seven former presidents who each changed history and offered lessons about how to decide what to do in the next chapter of life as they handled human problems of ego, finances, and questions about their legacy and mortality.

American Presidents Robert P. Watson, Richard Yon, 2006 Presents the life of each American president, discussing the historical background of their time period, the accomplishments of their administration, and its impact on subsequent historical events.

Encyclopedia of American Political Parties and Elections Larry Sabato, Howard R. Ernst, 2014-05-14 Presents a complete reference guide to American political parties and elections including an A Z listing of presidential elections with terms people and events involved in the process

A Companion to the Gilded Age and Progressive Era Christopher McKnight Nichols, Nancy C. Unger, 2022-06-15 A Companion to the Gilded Age and Progressive Era presents a collection of new historiographic essays covering the years between 1877 and 1920 a period which saw the U S emerge from the ashes of Reconstruction to become a world power The single definitive resource for the latest state of knowledge relating to the history and historiography of the Gilded Age and Progressive Era Features contributions by leading scholars in a wide range of relevant specialties Coverage of the period includes geographic social cultural economic political diplomatic ethnic racial gendered religious global and ecological themes and approaches In today s era often referred to as a second Gilded Age this book offers relevant historical analysis of the factors that helped create contemporary society Fills an important chronological gap in period based American history collections
