healthcare workers who meet and can support them      Bilingualism in International Schools Maurice Carder, 2007-01-10

International Schools have developed since their inception from a largely native English speaking student body to schools such as the author's the Vienna International School VIS where there are students of 90 nationalities with 65 mother tongues Maurice Carder proposes a three programme model for addressing the language and curricula needs of these students a content based second language programme a programme of cultural and linguistic training for all staff and a mother tongue programme for minority students The model is based on research findings and practice at the VIS every year approximately 1/3 of the graduating students gain an IB Diploma International Baccalaureate because they are able to take their mother tongue other than English or German as Language A1 The book contains insightful chapters not only for school leaders programme designers and teachers but also for parents Inserted boxes of student responses give an authentic voice to the needs of second language learners and many useful resources and websites are given      **Children's Rights in Practice** Phil Jones, Gary Walker, 2011-04-19

Considering the rights of the child is now central to all fields involving children and to good multi agency working This book offers an explanation of the theoretical issues and the key policy developments that are crucial to all professions and helps the reader to understand children's rights in relation to their role in working with children and young people Looking at education health social care and welfare it bridges the gap between policy and practice for children from Birth to 19 years Chapters cover the child's right to play youth justice and children's rights the voice of the child ethical dilemmas in different contexts involvement participation and decision making safeguarding and child protection social justice and exclusion This book helps the reader understand what constitutes good practice whilst considering the advantages and tensions involved in working across disciplines to implement children's rights against a complex legislative and social policy backdrop Essential reading for undergraduate and graduate students on Early Years Early Childhood Studies Childhood and Youth Education Law Social Work Play and Psychology courses it is relevant to professionals working across education health and social work      **Language Strategies for Bilingual Families** Suzanne Barron-Hauwaert, 2004-05-27

Lots of new parents these days have the opportunity to bring up their child with two or more languages because of increasing job mobility and the global community The benefits of bilingualism and biculturalism such as higher cognitive skills an awareness of language and sensitivity to other cultures are being increasingly recognised However many parents don't know how to start what methods to use or where to seek help when facing problems Now Suzanne Barron Hauwaert a mother of three trilingual children teacher and linguist who has lived and worked all over the world has written a book which provides an inspiring approach to passing on two or more languages to your children In Language Strategies for Bilingual Families she considers several methods of bilingualism and focuses on the one person one language approach in which each parent speaks his or her native language and is responsible for passing on his or her culture Suzanne questioned over a hundred bilingual families about their experiences and she interviewed thirty families in

depth The results of her study are linked to current academic research but the book is both readable and relevant to non academics and provides fascinating insights into being a multilingual family It will prove an exciting and stimulating read for potential and current mixed language families *Bilingual Siblings* Suzanne Barron-Hauwaert,2011-01-13 How do bilingual brothers and sisters talk to each other Sibling language use is an uncharted area in studies of bilingualism From a perspective of independent researcher and parent of three bilingual children Suzanne Barron Hauwaert discusses the issues of a growing bilingual or multilingual family What happens when there are two or more children at different stages of language development Do all the siblings speak the same languages Which language s do the siblings prefer to speak together Could one child refuse to speak one language while another child is fluently bilingual How do the factors of birth order personality or family size interact in language production With data from over 100 international families this book investigates the reality of family life with two or more children and languages Resources in Education ,2001-10

**Cultural Heritage in Migration** Lina Gergova,Tanya Matanova,Yana Gergova,2018-04-01 *The Primary English Encyclopedia* Margaret Mallett,2017-02-24 This newly updated user friendly Primary English Encyclopedia addresses all aspects of the primary English curriculum and is an invaluable reference for all training and practising teachers Now in its fifth edition entries have been revised to take account of new research and thinking The approach is supportive of the reflective practitioner in meeting National Curriculum requirements in England and developing sound subject knowledge and good classroom practice While the book is scholarly the author writes in a conversational style and includes reproductions of covers of recommended children s books and examples of children s writing and drawing to add interest The encyclopedia includes over 600 entries many expanded and entirely new for this edition including entries on apps blogging and computing short definitions of key concepts input on the initial teaching of reading including the teaching of phonics and the other cue systems extended entries on major topics such as speaking and listening reading writing drama poetry non fiction bilingualism and children s literature information on new literacies and new kinds of texts for children discussion of current issues and input on the history of English teaching in the primary years extended entries on gender and literacy important references for each topic advice on further reading and accounts of recent research findings and a Who s Who of Primary English and lists of essential texts updated for this new edition This encyclopedia will be ideal for student teachers on BA and PGCE courses preparing for work in primary schools and primary school teachers Anyone concerned with bringing about the informed and imaginative teaching of primary school English will find this book helpful and interesting Language Disabilities in Cultural and Linguistic Diversity Deirdre Martin,2009 *Language Disabilities in Cultural and Linguistic Diversity* offers a new approach to understanding the familiar dilemma of disentangling difficulties in communication for learners developing the language of schooling The author takes a socio cultural Vygotskian approach to reinterpret international research in language disabilities namely specific language impairment communication difficulties dyslexia and

deafness      **Bilingual Couples Talk** Ingrid Piller, 2002-01-01 This sociolinguistic study of the linguistic practices of bilingual couples describes the conditions processes and results of private language contact It is based on a unique corpus of more than 20 hours of private conversations between partners in bilingual marriages Adding to its breadth of coverage these private conversations are supplemented with larger public discourses about international couplehood The volume thus offers a corpus driven investigation of the ways in which ideologies of gender nationality and immigration mediate linguistic performances in private cross cultural communication The author embraces social constructionist feminist and postmodern approaches to second language learning multilingualism and cross cultural communication In contrast to other titles in the field which have focused almost exclusively on the socialization of bilingual children this book explores what it means to one s sense of self to become socialized into a second language and culture as a late bilingual      **Language Matters** Timothy Reagan, 2009-04-01 This book addresses a timely and very important topic language in education Language apparently is a very tricky business On the one hand everyone uses language and virtually everyone has strong views about language In the educational domain this seems to be especially true Language is not merely an intrinsic component of the educational process as the medium of instruction in the classroom but also serves as the mediator of social reality for students and teachers alike It plays a central role in articulating and conveying not only social cultural and empirical ideas but ideological concepts as well It is also used to make judgments about the speaker not to mention its role in maintaining differential power relations And yet in spite of this the role of language is not sufficiently recognized in classroom practice much of the time Nor is language except in fairly narrow ways really an especially central part of the curriculum in spite of its incredible importance To be sure we do spend a great deal of time and money attempting to teach students to read and write that is to provide them with basic literacy skills and we provide nominal support for foreign language education programs We also provide limited support for children coming to school who do not speak English What we do not do though is to recognize the absolute centrality of language knowledge and language use for the educated person This book seeks to address these issues from the broad perspective of critical pedagogy      **Introducing Multilingualism** Jean-Jacques Weber, Kristine Horner, 2013-03 Introducing Multilingualism is a brand new comprehensive and user friendly introduction to the dynamic field of multilingualism Adopting a compelling social and critical approach Jean Jacques Weber and Kristine Horner guide readers through the established theories about multilingualism The book covers language as a social construct language contact and variation language and identity and the differences between individual and societal multilingualism The authors also provide an alternative approach to studying multilingualism introducing innovative concepts such as flexible multilingualism and literacy bridge in order to encourage students to critically question dominant discourses on topics such as integration heritage and language testing This highly practical textbook incorporates a wide range of engaging activities and encourages students to think critically about important social and educational issues Throughout the theoretical content

is explored through a wide range of case studies from around the world Clearly argued and widely applicable this book is essential reading for undergraduate students and postgraduate students new to studying multilingualism

**Social Networks in Language Learning and Language Teaching** Avari Carhill-Poza, Naomi Kurata, 2020-12-10 Sociocultural research has long recognized the necessity of sustained interpersonal interaction for language development However less is known about the underlying relationships that promote language acquisition and their relevance for language classrooms Presenting cutting edge research on social networks and their applications in language teaching this book explores the relationships that mediate language learning in and out of classrooms Highlighting the complexity of language in multilingual contexts chapters engage social network analysis to understand the role of instructional practices socialization motivation language status online communications technology and language policies in the development of social resources for language learning Discussing popular language teaching frameworks such as translanguaging *Social Networks in Language Learning and Language Teaching* provides a nuanced account of the influences of social context on language learning exploring classroom applications and pointing the way to a robust research agenda

**Multilingualism across the Lifespan** Unn Rønne, Robert Blackwood, 2021-10-17 This innovative collection examines key questions on language diversity and multilingualism running through contemporary debates in psycholinguistics and sociolinguistics Reinforcing interdisciplinary conversations on these themes each chapter is co authored by two different researchers often those who have not written together before The combined effect is a volume showcasing unique and dynamic perspectives on such topics as multilingualism across the lifespan bilingual acquisition family language policy language and ageing language shift language and identity and multilingualism and language impairment The book builds on Elizabeth Lanza's pioneering work on multilingualism across the lifespan bringing together cutting edge research exploring multilingualism as an evolving phenomenon at landmarks in individuals families and communities lives Taken together the book offers a rich portrait of the different facets of multilingualism as a lived reality for individuals families and communities This ground breaking volume will be of particular interest to students and scholars in multilingualism applied linguistics sociolinguistics and psycholinguistics
