BANGSO PARSONS (MADS.), Mads Bangsø, 2024-10-08 Half Century Baby marks the 50th anniversary of the first two Grumman F 14A fleet squadrons VF 1 and VF 2 receiving their first Tomcats during the summer of 1973 This lavishly illustrated volume tells the story of the aircraft from the beginning to its sunset of service with the US Navy in 2006 the longest operational career of any Naval Fighter to date Preeminent Tomcat historian and former Tomcat RIO Dave Parsons explains the history of the F 14 decade by decade through the words of the aircrew who flew it Artist Mads Bangs brings his superlative illustration talents to the forefront with more than 120 F 14 profiles as well as highly accurate fully rendered recreations historical events featuring the Tomcat highlighting the interesting markings of the

aircraft including helmets as well as other aircraft associated with the Tomcat Community The book features pertinent colour photography throughout interwoven with the illustrations to complement the text Grumman F-14 Tomcat Dave Parsons George Hall Robert L. Lawson,1982 For thirty five years of active naval service the Grumman F 14 Tomcat has served as the foremost air superiority fighter of the cold war with continuing service as a fighter bomber in the Gulf Wars It is this service and the two hundred thousand sailors both pilots and ground crew who served in F 14 squadrons with the Tomcat over the years This book is a grand remembrance of this great aircraft by those who flew it Hundred of pilots have included their favorite stories of the missions and plane that brought them home Two hundred exceptional color photographs show the F 14 on the deck in the air and over the sea California Warbird Survivors 2002 Harold A. Skaarup,2002-07-18 During the twentieth century civil and military aviation has played a prominent role in the history and development of California Commercial operators have exploited the advantages offered by aircraft to overcome its unique challenges of geography and climate By virtue of Californias comparative size and strategic importance on the West Coast of the continental USA a wide variety of military aircraft have been based there through the years The list of military aircraft types that made up the tapestry of California aviation is as extensive as the list of legendary figures who have contributed to its amazing history While most of the military aircraft types no longer grace the airspace over California many can be viewed in their former splendor as they stand as gate guards or museum exhibits This booklet provides a comprehensive guide to where these restored aircraft can be found Complementing the details concerning aircraft specifications and roles the author has included many facts Finally the descriptions of the recovery restoration and preservation efforts stand as a tribute to the many volunteers who have devoted time energy and financial support to ensure this rich heritage is preserved **F-14 Tomcat in Detail & Scale** Haagen Klaus,2024-12-20 The Grumman F 14 Tomcat is an iconic aircraft Its historical significance celebrity distinctive appearance and combat record set the Tomcat apart from many of its contemporaries The U S Navy operated the F 14 for thirty six years and when it was retired in 2006 the Tomcat had never been more capable relevant or effective F 14 Tomcat in Detail Scale is an all new book about one of the most well known and popular military aircraft of all time This profusely illustrated book is written by Haagen Klaus who previously co authored F A 18E F Super Hornet in Detail Scale The author put together a team of expert contributors who worked with him to make this the most accurate and in depth book possible on the Tomcat Among these are people who flew and maintained the F 14 and others who worked at Grumman during the time when the Tomcat was designed and built In addition to these experts many aviation photographers have contributed scores of general and detail photographs that provide extensive coverage Detail Scale published two earlier books on the F 14 in 1979 and 1982 It has since published three comprehensive works on the colors and markings of the Tomcat and this new book completes the coverage of the F 14 with all the hallmarks of the Detail Scale Series of books The book begins with two chapters that look at the Tomcat s history The first covers the developmental history while the second looks at the

operational history including the Tomcat's extensive use in combat. The third chapter provides an in-depth coverage of the specific variants of the F-14 that were produced as well as a detailed look at the various systems and how they evolved during the operational life of the Tomcat. Numerous photographs supplement an informative text in each of these chapters. The focus of the books in the Detail Scale Series is on the details of the aircraft. Almost all of the 295 photographs are in color and 234 detail photographs show every detail of the Tomcat inside and out. For example, there are 34 cockpit photos showing all of the details and differences in the F-14A, F-14B, and F-14D cockpits, and they are accompanied by detailed captions that explain and point out the features and how the cockpit displays and controls changed from one variant to the next. Details of the fuselage, wings, landing gear, tail, engines, air-to-air and air-to-surface weapons, and even the flight gear worn by pilots and RIOs are illustrated with photographs, many of which were taken specifically for this publication. A comprehensive text explains all of the many upgrades made to the Tomcat over the years it was in service in amazing detail, and all of the physical changes are illustrated with photographs which are supplemented with artwork that points out exactly what the changes were and when they were made. For scale modelers, the Modelers Section at the back of the book, one of the hallmarks of the Detail Scale Series, covers the Tomcat kits that are available from the major manufacturers, and a text reviews the kits, pointing out the pluses and minuses of each.

Half Century, Baby! David Parsons, Mads

Bangsø, 2023-10-30. Half Century Baby marks the 50th anniversary of the first two Grumman F-14A fleet squadrons, VF-1 and VF-2, receiving their first Tomcats during the summer of 1973. This lavishly illustrated volume tells the story of the aircraft from the beginning to its sunset of service with the US Navy in 2006, the longest operational career of any Naval Fighter to date. Preeminent Tomcat historian and former Tomcat RIO, Dave Parsons, explains the history of the F-14 decade by decade through the words of the aircrew who flew it. Artist Mads Bangs brings his superlative illustration talents to the forefront with more than 120 F-14 profiles as well as highly accurate, fully rendered recreations of historical events featuring the Tomcat, highlighting the interesting markings of the aircraft, including helmets, as well as other aircraft associated with the Tomcat Community.
