Grumpy Old Liberala Political Rant:

Grumpy Old Liberal! Terence Maher, Terry Maher Staff, 2005 The Closing of the Liberal Mind Kim R. Holmes, 2016-04-12 A former U S Assistant Secretary of State and currently a Distinguished Fellow at the Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today s liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties *International Who's Who of Authors and Writers 2008* Europa Publications, 2007-08-23 An invaluable source of information on the personalities and organizations of the literary world **Barack Obama, the Political Phenomenon** Didier Mumbata Ndongala, The aim of this book is to bring into focus the most exciting and complex presidential campaign which for the first time revealed to the world Barack Hussein Obama as an extraordinary politician This is not a biography of the man who became the 44th President of the United States of America On the contrary this book is the absolutely true story of the most remarkable leader of the electoral campaign a man whose intellectual and political gifts prevailed and set him apart as a political genius Barack Obama won the presidency even though unfavorable circumstances made him less likely to be president of the United States of America being an African American the son of a non American from Kenya Having a strange name for an American being married to a woman of slave ancestry having served only four years as a United States Senator Imagine that before his speech at the 2004 Democratic convention more than half of all Americans either didn t know him or had never heard of him This book explains explicitly how this African American survived and convinced all the peoples of the world that he was the one they were waiting for and why the American people chose him as President of the United States of America at a crucial moment of the financial crisis despite all the

disadvantages that weighed on him Barack Obama has truly shaken up the world With this achievement he has definitely proved that anyone not just rich boys from the upper classes can become president Besides the book *The Political Phenomenon* is the most nuanced account of the most exciting presidential campaign in American history including not only the highlights but also how the campaign became truly dramatic with all the problems conflicts and achievements In general the rest of the world doesn't pay too much attention to the primaries until the two main candidates have emerged But this time it was different From Paris to Kinshasa from Copenhagen to Melbourne people stayed up late already in the beginning of 2008 waiting for the results of the American presidential primary season And finally this book captures the essence of one of the most extraordinary leaders of our time and the process by which he became without any doubt a political phenomenon

Social Media Land John Faithful Hamer, 2020-04-19 The promise of Social Media Land was always to some extent an imperialistic dream The geeks who created this online world were all to a man urban liberals who hoped the Internet would bring the light of civilization to Sameville a mythological small town where everybody's white and wrong The enlightened minds of the multicultural metropolis were going to bring the true gospel of diversity and tolerance and freedom to the benighted citizens of Sameville If these guys had a theme song it would be a cover of Walter Donaldson's Jazz Era classic *How Ya Gonna Keep em Down on the Farm After They've Seen Paree* 1919 entitled *How Ya Gonna Keep em Down in Stupidlandia After They've Seen Portlandia* The dream came true Well sort of When I was a kid there were still people in my working class neighborhood who believed that if you scared a pregnant woman her baby would be born with a tail Ignorance like this of shockingly medieval proportions was everywhere to be found Few of my friends had a working twentieth century knowledge of human anatomy much less the natural world But I'm happy to report that the Internet and especially Wikipedia has cleared up much of this ignorance My children have access to far more accurate knowledge about things like how a woman gets pregnant than most of my friends did at their age What's more to the best of my knowledge none of their friends believe in babies with tails To some extent then the Internet has indeed been a force of enlightenment in our world But its enlightenment has been limited in scope in part because the geeks who dreamed of conquering small town ignorance failed to anticipate how much online communities would in fact empower ignorance of all kinds These days any simpleminded partisan with a political ax to grind can find an online community of like minded whack jobs who'll happily Facebook like every stupid thing he says Communities of this kind aren't just safe spaces for stupid they're boot camps for bullshit that provide budding ideologues with plenty of rhetorical ammunition e.g. bogus stats pre-fab arguments etc Before long what was once a more or less harmless single issue troll has morphed into something far more monstrous and formidable a veritable Swiss army knife of bullshit a perfect storm of bad ideas a walking Wikipedia of stupid There are those who see this as a kind of progress as a perfect example of the democratization of knowledge in the Information Age But I think it's more like giving nuclear weapons to a failed state run by coked up child soldiers

Lloyd Kaufman Mathew Klickstein, 2025-02-17 After nearly fifty years of disrupting media gleefully Rabelaisian uberindie filmmaker Lloyd Kaufman b 1945 has been maligned mocked and worst of all ignored throughout the general course of his wildly eclectic and impactful filmography As the equally hucksterish and self denigrating cofounder and president of Troma Entertainment responsible for the likes of such schlocky midnight movie fare as *The Toxic Avenger* *Sgt Kabukiman N Y P D* *Surf Nazis Must Die* *Class of Nuke Em High* *Tromeo Juliet* and most recently *Shakespeares Shitstorm* Kaufman has indisputably left his slimily viscous fingerprints on moviemaking throughout the past half century *Lloyd Kaufman Interviews* gathers together no holds barred commentaries op eds Q As arguments and retorts from the prodigious filmmaker Considering the typical Troma film is known if at all for the brand's signature egregious gore unabashedly scandalous sexual fetishism sophomoric scatology and provocative contrarianism it's easy to understand why Kaufman and his still metastasizing oeuvre go without much notice in the mainstream trades or classroom discussions Like a modern day P T Barnum if there's one way that Kaufman finds a pragmatic hold on the cultural zeitgeist it's through his tsunamic deluge of often vivacious often vulgar often vicious and often most dangerous of all presciently insightful speaking engagements and interviews provided at an almost manic pace across the globe Complete with an exclusive interview conducted by volume editor Mathew Klickstein *Lloyd Kaufman Interviews* is an extensive deep dive omnibus from one of cinema's most indefatigably ardent auteurs who may make us all uproariously laugh but refuses to not be taken deadly seriously

UKIP Matthew Goodwin, Caitlin Milazzo, 2015-11-26 The UK Independence Party Ukip is the most significant new force in British politics for a generation Under the leadership of Nigel Farage the party has enjoyed a remarkable rise winning the 2014 European Parliament elections as well as two parliamentary by elections and attracting mainstream defectors to achieve major party status By the time of the 2015 general election Farage and Ukip stood on the threshold of becoming a major force at Westminster This account is a must read for anyone interested in the inside story of Ukip's quest to change British politics during one of the most unpredictable and dramatic elections in recent history Based on unprecedented access to the party and its key players the book pulls back the curtain on one of the most intriguing campaigns in living memory It includes behind the scenes observations from the campaign trail and more than one hundred interviews with leading Ukip insiders such as Nigel Farage Douglas Carswell and Mark Reckless as well as major donors strategists and figures from across the political landscape as they grappled with Ukip's rise Matthew Goodwin and Caitlin Milazzo reveal what really happened during the 2015 election campaign and in the by elections and defections which preceded it providing detailed accounts of the critical moments that shaped both the election itself and British politics more widely The book also makes extensive use of British Election Study data from over five decades to answer important questions about the rise of Ukip and what it signifies Who voted for Ukip and why How are political loyalties in Britain

changing over time What are the deeper currents that have made Ukip's rise possible and will continue to shape its future And what does the party's campaign for power reveal about the current evolution of British politics and society UKIP takes readers inside the campaign telling for the first time the exciting inside story of a new party attempting to redraw the map of British politics

The American People in World War II David M. Kennedy, 2003-11-20 Even as the New Deal was coping with the Depression a new menace was developing abroad Exploiting Germany's own economic burdens Hitler reached out to the disaffected turning their aimless discontent into loyal support for his Nazi Party In Asia Japan harbored imperial ambitions of its own The same generation of Americans who battled the Depression eventually had to shoulder arms in another conflict that wreaked worldwide destruction ushered in the nuclear age and forever changed their way of life and their country's relationship to the rest of the world *The American People in World War II* the second installment of Kennedy's Pulitzer Prize winning *Freedom from Fear* explains how the nation agonized over its role in the conflict how it fought the war why the United States emerged victorious and why the consequences of victory were sometimes sweet sometimes ironic In a compelling narrative Kennedy analyzes the determinants of American strategy the painful choices faced by commanders and statesmen and the agonies inflicted on the millions of ordinary Americans who were compelled to swallow their fears and face battle as best they could *The American People in World War II* is a gripping narrative and an invaluable analysis of the trials and victories through which modern America was formed

Comedy, Seriously D. Nikulin, 2014-05-14 *Comedy Seriously* provides a philosophical interpretation of comedy and argues that comedy displays a particular kind of rationality that reflects philosophical thinking In particular that comedy is defined not so much by laughter or jokes but rather the structure of its plot which is isomorphic with that of the philosophical argument Comedy allows for the resolution of a conflict and the achievement of well being and equality through action that follows the comic plot Moreover such action is propelled by the thinker on stage who as socially and politically oppressed contributes to the liberation of all and the achievement of the good life Comedy therefore establishes the universal pattern for justice and well being and allows us to rethink the notion of subjectivity not as the modern isolated subject but rather as integrated with others through shared action and dialogical involvement

Pelosi Molly Ball, 2020-05-05 NEW YORK TIMES BESTSELLER A riveting inside account of the unprecedented rise to power and unmatched political legacy of the first woman Speaker of the House by award winning journalist Molly Ball Nancy Pelosi's opposition to Donald Trump has made her an icon of the Resistance featured in viral memes clapping sardonically at the president or ripping up his State of the Union address But the real Nancy Pelosi is neither the shrill partisan featured in thousands of attack ads nor the cautious corporatist reviled by the far left She's the rare politician who still knows how to get big things done a master of legislative power whose policy accomplishments have touched millions of American lives from providing universal access to health care to reforming Wall Street to allowing gay people to serve openly in the military She's done it all at a time of

historic polarization and gridlock despite being routinely underestimated by allies and opponents alike Ball's nuanced page turning portrait takes readers inside Pelosi's life and times from her roots in urban Baltimore to her formative years as a party activist and fundraiser from the fractious politics of San Francisco to high stakes congressional negotiations with multiple presidents The result is a compelling portrait of a barrier breaking woman that sheds new light on American political history Based on exclusive interviews with the Speaker and deep background reporting Ball shows Pelosi through a thoroughly modern lens to explain how this extraordinary woman has met her moment *Esquire* ,2004
