Ei voi olla totta Lyrics

Mistäs ne pojat tykkää, kun en kehtaa laulaa?

Mistäs ne pojat tykkää, kun en kehtaa laulaa?

Viina ja ideat ne pannaan samaan soppeen.

Viina ja ideat ne pannaan samaan soppeen.

Kuulkaa te nuoret pojat hiukan vanhaa virttä.

Kuulkaa te nuoret pojat hiukan vanhaa virttä.

Laulut ja sanoitukset eivät anna rauhaa.

Mysterious Minds Elise Nykänen, 2017-11-22 This study examines the narrative tools techniques and structures that Marja Liisa Vartio a classic of Finnish post war modernism used in presenting fictional minds in her narrative prose The study contributes to the academic discussion on formal and thematic conventions of modernism by addressing the ways in which fictional minds work in interaction and in relation to the enfolding fictional world The epistemic problem of how accurately the world the self and the other can be known is approached by analyzing two co operating ways of portraying fictional minds both from external and internal perspectives The external perspective relies on detachment and emotional restraint dominating in Vartio's early novels *Se on sitten kevät* and *Mies kuin mies tyttö kuin tyttö* The internal perspective pertains to the mental processes of self reflection speculation and excessive imagining that gain more importance in her later novels *Kaikki naiset n. kevät* *unien tunteet* and *Hän on ollut linnut* In the theoretical chapter of this study fictional minds are discussed in the context of the acclaimed inward turn of modernist fiction by suggesting alternative methods for reading modernist minds as embodied emotional and social entities In respect to fictional minds interaction this study elaborates on the ideas of mind reading intersubjectivity and the social mind established within post classical cognitive narratology Furthermore it employs possible world poetics when addressing the complexity incompleteness and inaccessibility of Vartio's epistemic worlds including the characters private worlds of knowledge beliefs emotions hallucinations and dreams In regards to the emotional emplotment of fictional worlds this study also benefits from affective narratology as well as the plot

theory being influenced by possible world semantics narrative dynamics and cognitive narratology As the five analysis chapters of this study show fictional minds in Vartio s fiction are not only introspective solipsist and streaming but also embodied and social entities In the readings of the primary texts the concept of embodiedness is used to examine the situated presence of an experiencing mind within the time and space of the storyworld Fictional minds inter actions are also demonstrated as evolving from local experientiality to long term calculations that turn emotional incidents into episodes and episodes into stories In Vartio s novels the emotional story structure of certain conventional story patterns such as the narratives of female development and the romance plot the sentimental novel and epistolary fiction are modified and causally altered in the portrayal of the embodied interactions between the self the other and the world The trajectories of female self discovery in Vartio s novels are analyzed through the emotional responses of characters their experiences of randomness their ways of counterfactualizing their traumatic past their procrastinatory or akratic reactions or indecisiveness The gradual move away from the percepts of the external world to the excessive imaginings and mis readings of other minds triggered by the interaction of worlds and minds challenges the contemporary and more recent accounts of modernism both in Finnish and international contexts

dry season set in at the beginning of the second week of October This is the first spring month in the Southern zone The winter in this nineteenth degree of latitude between the Equator and the tropic of Capricorn had not been very severe The inhabitants of New Switzerland would soon be able to resume their wonted labours After eleven years spent upon this land it was none too soon to attempt to ascertain whether it was a part of one of the continents laved by the Indian Ocean or whether it must be included by geographers among the islands of those seas Since the rescue by Fritz of the young English girl upon Burning Rock M Zermatt and his wife his four sons and Jenny Montrose had been happy on the whole Of course they had at times fears of the future and of the great improbability of deliverance reaching them from outside and they had too memories of home and a longing to get into touch again with mankind To day then at a very early hour M Zermatt passed through the orchard of Rock Castle and walked along the bank of Jackal River Fritz and Jack were there before him equipped with their fishing tackle As for Ernest always bad at getting up yearning for five minutes longer between the sheets he had not yet left his bed Mme Zermatt and Jenny were busy within doors Papa said Jack it is going to be a fine day I think it is my boy M Zermatt replied And I hope that it will be followed by many more as fine since we are at the beginning of spring What are you going to do to day Frank asked We are going fishing Fritz answered showing his net and lines In the bay M Zermatt enquired No Fritz answered if we go up Jackal River as far as the dam we shall catch more fish than we shall require for breakfast And then said Jack addressing his father Then my boy M Zermatt replied we shall not be at a loss for a job In the afternoon for example I am thinking of going to Falconhurst to see if our summer dwelling requires any repairs Besides we shall take advantage of the first fine days to visit our other farms Wood Grange Sugar cane Grove the hermitage at Eberfurt and the villa at Prospect Hill And then there will be the animals to attend to and the plantations to get into order
