

# ELECTRONIC MATERIALS SCIENCE

The background of the cover features a faint, light green diagram of a semiconductor band structure. It shows a central band of states (likely the conduction band) with several discrete energy levels represented by dots. Labels 'CB' (conduction band) and 'VB' (valence band) are visible on the left and right sides respectively. A central label 'Energy' is positioned above the band. The diagram is overlaid with a grid of thin, light green lines.
