Elemental Theology Emery Herbert Bancroft, 1973 **In Search of Radical Theology** John D. Caputo, 2020-10-06 These sparkling essays from a seasoned scholar are a great breath of fresh air in our claustrophobic and catastrophic time Cornel West Capturing a career's worth of thought and erudition this rich volume treats readers to creative thought careful argumentation and sophisticated analysis transmitted through the lucid accessible prose that has earned the author a wide readership of academics and non academics alike In tackling radical theology John D Caputo has in mind the deeper stream that courses its way through various historical and confessional theologies upon which these theologies draw even while it disturbs them from within They are well served by this disturbance because it keeps them on their toes When we read about professional theologians losing their jobs in confessional institutions the chances are that by earnestly digging into what is going on in their tradition they have hit upon radical theological rock Unlike modernist dismissals of religion radical theology

does not debunk but re-invents the theological tradition Radical theology Caputo says is a double deconstruction of supernatural theology on the one hand and of transcendental reason on the other and therefore of the settled distinctions between the religious and the secular Caputo also addresses the challenge for radical theology to earn a spot in the curriculum given that the radical makes it suspect among the confessional seminaries while the theology renders it suspect among university seminars Journeying from the academy to contemporary American culture *In Search of Radical Theology* includes a captivating presentation of radical political theology for the time of Trump This utterly unique volume not only brings readers on an enlightening tour of Caputo's thought but also invites us to accompany the author as he travels into intriguing new territories

That God May Be All in All Ryan L. Rippee, 2018-03-02 Christology and Pneumatology have long been major preoccupations for theologians and rightly so but the work of God the Father has been surprisingly neglected Through a biblical and exegetical study of the Father's person and work Paterology this book argues that among the persons of the Trinity the Father is the initiator of all divine activity Furthermore it is in the context of a loving eternal relationship with the Son and Spirit that the Father has planned and purposed all things creating through the Son and by the Spirit promising and accomplishing redemption through the sending of the Son and the Spirit and perfecting salvation by bringing about a new

heavens and new earth through his Son and Spirit The only proper response is a Trinitarian shaped life of worship that worships our Triune God **Down to Earth** Richard Floyd,2015-08-18 In the face of climate change and ecological diminishment how can we hope that creation itself good and beautiful marked by tragedy and chaos is taken up rather than left behind Can a Christian vision which has at times been drunk on eschatological dreams or nightmares that consign this world and most of its creatures to destruction foster an earthly hope Jurgen Moltmann and Sallie McFague offer two contemporary possibilities for an ecological eschatology Floyd critiques both of these theological visions and traces an alternative that is both humble grounded in the humus the dirt and hopeful grounded in divine creativity arguing that a down to earth hope is grounded finally in beauty the beauty of the other that draws out the self the beauty of the redeemed self coming out to meet the other and the beauty of God that lures forth ever new possibilities and gathers up all the beautiful and broken creatures into the deepest possible harmony **PAUL'S LETTER TO THE PHILIPPIANS** Edward D.

Andrews,Thomas F. Z. Phillips,Peter Winch,1989-06-18 According to Wittgenstein

philosophical puzzles are due to deep prejudices about language In this collection of essays in honour of Rush Rhees philosophers investigate the hold such prejudices have on us in a number of closely related areas of philosophical enquiry

A Call to Spiritual Reformation D. A. Carson,1992-06 Carson calls believers to revolt against superficiality and find again the deeper knowledge of God at Paul s school of prayer Strong expository study Praying with Paul D. A. Carson,2015-01-13 God doesn t demand hectic church programs and frenetic schedules he only wants his people to know him more intimately says top selling author D A Carson The apostle Paul found that spiritual closeness in his own fellowship with the Father By following Paul s example we can do the same This book calls believers to reject superficiality and revolutionize

their lives by embracing a God guided approach to prayer Previously published as A Call to Spiritual Reformation this book has now been updated to connect more effectively with contemporary readers A study guide DVD and leader s kit for the book are available through Lifeway and The Gospel Coalition Green Christianity Mark I Wallace,2010-09-10 The central message of this book is that religion has a special role to play in saving the planet Religion has the unique power to fire the imagination and empower the will to break the cycle of addiction to nonrenewable energy The environmental crisis is a crisis not of the head but of the heart The problem is not that we do not know how to stop climate change but rather that we lack the inner strength to redirect our culture and economy toward a sustainable future Only a bold and courageous faith can undergird a long term commitment to change This book is a call to hope not despair a survey of promising directions and a call for readers to discover meaning and purpose in their lives through a spiritually charged commitment to saving the Earth
