## Elements Of Sufism:

The Elements of Sufism Fadhlalla Haeri,1990      **Elements of Sufism** Shaykh Fadhlalla Haeri,2019-10-19 Sufism and Islam cannot be separated in the same way that higher consciousness or awakening cannot be separated from Islam Islam is not a historical phenomenon that began 1 400 years ago It is the timeless art of awakening by means of submission Sufism is the heart of Islam It is as ancient as the rise of human consciousness From the Introduction by Shaykh Fadhlalla Haeri Many have heard about Sufism but beyond the current popularity of Rumi s poetry few really know what Sufism stands for This useful and easy to read introduction to Sufism describes its historical origins essential concepts principles and practices and how it grew to spread throughout the world in the form of different orders or tariqahs Shaykh Fadhlalla Haeri adeptly explains this development showing the relationship between Islam and Sufism what it means to be a Sufi and the relevance of Sufism in modern life The reader also benefits from brief biographies of the most famous Sufi figures      *Elements of Sufism* Haerifadhlalla,1996-12-12      *Elements of Sufism in Na Mangi's Poetry, Especially in His Use of Metaphor and Images* Umar Abdurrahman,1985      *The Essence of Sufism* John Baldock,2005-03-01 Insight into Life is the real religion which alone can help man to understand Life Hazrat Inayat Khan The Sufis have been using carefully constructed stories for teaching purposes for thousands of years Though on the surface these often appear to be little more than fairy or folk tales the Sufis hold that they enshrine in their characters plots and imagery patterns and relationships that nurture a part of the mind not reachable in more conventional ways thus increasing our understanding flexibility and breadth of vision Familiarization with this body of material can eventually provide answers to questions about our origins and our destiny In this book John Baldock explores the rich body of literature the Sufis have produced to guide spiritual travellers While explaining the significant teachings and emphasizing their significance for us he sheds a timely light on the Sufis fascinating perception of life revealing it to be a process of the heart and not of the head and offers intriguing pathways to further study and reflection

Sufism in America Julianne Hazen,2016-12-13 Sufism in America sheds light on spiritual mystical Islam in America The Sufi path focuses on developing a personal relationship with God doing what is beautiful in the sight of God and struggling against the lower self to reach loving submission Up to this point very little has been written about the Sufi orders in America and those who participate in them This study focuses on the Alami Tariqa in Waterport New York which was started in the 1970s by a shaykh from the Balkans The Alami Tariqa strives to uphold sharia while adapting to the Western setting Its membership is diverse consisting mostly of American born participants from Christian and Jewish backgrounds in addition to a few Muslim immigrants from South Asia This study explores how this order has acculturated to the American setting why individuals choose to join the tariqa and what it means to pursue spiritual goals in a modern Western society Conclusions are drawn from interviews a survey and observations of teachings plus the author s experience working with this community for over ten years The book interweaves personal stories and insider views with academic insight to provide a compelling and

detailed picture of Sufism as a living and dynamic tradition in America      Visualizing Sufism ,2023-01-16 Visualizing Sufism approaches the question of the presence of graphic materials in Islamic mystical literature from a broad and comprehensive perspective To this goal an international group of specialists in the field worked on largely manuscript and unpublished sources with the aim of analyzing the use of visual elements in the works of some key figures of Islamic mysticism Ibn al Arab A mad al B n Sa d al D n am yeh al Sha r n and in intellectual networks ur fiyya and Bektashiyya Sh r n Maghrib and his connections The result is the most extensive collection of specimens of Sufi graphic materials ever brought together and discussed in a single volume By virtue of the object of study investigated in the chapters of this book in addition to the history of Sufism questions are raised that touch upon numerous areas in the field of Islamic Studies including intellectual history codicology and art history Contributors Elizabeth R Alexandrin Noah Gardiner Ali Karjoo Ravary Evyn Kropf Giovanni Maria Martini Orkhan Mir Kasimov and Sophie Tyser      **Sufism** Gholamali Haddad Adel,Mohammad Jafar Elmi,Hassan Taromi-Rad,2012-08-30 Sufism is one of the most ancient and widespread Islamic movements A broad term it is used to refer to a mystical and inward approach to faith However some Sufi groups have also had a significant impact on political or social developments in the Islamic world This book discusses Sufism in virtually all regions of the Islamic world Notable Sufi orders throughout history are described with a focus on their history leaders and distinguishing features The relationship between Sufism and pre Islamic traditions as well as other religions is also explored This book is part of a series of translations from the Encyclopaedia of the World of Islam EWI which was originally compiled in Persian Other entries from this encyclopaedia which are available in English include Hadith Hawza yi Ilmiyya History and Historiography Muslim Organisations Political Parties Qur anic Exegeses and Education in the Islamic Civilisation      *Elements of Sufism in the Poetry of Rumi and Whitman* Gn Memon,Dr Mahdieh Boostani,2021-08-24 This research work is a comparative study of the Persian poet Jalal ad Din Rumi and the American poet Walt Whitman The first question which arises here is how far it is feasible to study these two poets remote not only in time and space but also in culture tradition language and nationality The key phrase in this topic is Comparative Study Comparative Literary Study can be defined as an academic field dealing with the study of literature and cultural expressions across linguistic national and disciplinary boundaries It performs a role similar to that of the study of international relations but work with languages and artistic traditions to understand cultures from the inside In short Comparative Literature is literature without borders The present comparative study tries to investigate the common Sufi and transcendental elements in Rumi and Whitman and also the former s influence on the latter Despite geographical linguistic and historical differences certain common ideas seem to exist between the two poets and this makes this research on comparative study an interesting one To compare and examine the Sufi notions Rumi s Mathnavi Manavi and Divan Shams and Whitman s Leaves of Grass have been considered in this research work A glance at the previous studies of Rumi and Whitman reveals that the elements of Sufism have been ignored in the poetry of Whitman In the present study the following

questions have been enquired What is Sufism How did it arise What are its essential features What is classical Persian Sufi poetry Who are the masters of classical Persian Sufi poetry and how they have influenced Rumi How has Sufism influenced both Rumi and Whitman Has Rumi influenced Whitman What are the common Sufi elements in Rumi and Whitman All in all the mystical thoughts of both poets are so close and because Rumi's mystical thoughts are interpreted in the field of Islamic mysticism which is Sufism hence the strong affinity between the two poets has been investigated in terms of Sufi aspect Evidence represented that Whitman was familiar with Persian poetry and Islamic mysticism and he was inspired by the beauty of Sufi poetry Both poets considered self knowledge as the only way for salvation Rumi and Whitman emphasized the soul of man which is mixed with the Nature of immortality They believed human eternal love is widespread in all creations In their idea annihilation can be achieved by love which is the most important element of creation

### **Sufism as Lorna**

**Goodison's Alternative Poetic Path to Hope and Healing** Brenda Domínguez-Rosado, 2018-10-15 Jamaican Poet Laureate Lorna Goodison searches for answers for herself and other Caribbean based descendants of enslaved Africans by examining and presenting different spiritualities in her poetry in the hope of providing alternatives to the psyche in need of healing after the traumatic events of the infamous transatlantic Middle Passage The inclusion of Sufism in her poetry seems to have a dual purpose in that it offers a new creative angle and a sincere belief in its power to provide relief from personal anguish The fact that Sufism is similar to Jamaican based religions works in its favor Can Jamaicans who are Goodison's primary subject really relate to its message She does not underestimate her audience's capacity for change or their willingness to accept the ideas of Sufism Her role as facilitator is not a secret she is openly promoting her ideas and her belief that healing is possible This book is divided into three chapters In Chapter One a brief history of slavery in the Caribbean region with a focus on Jamaica is presented The second chapter explicitly focuses on Lorna Goodison and her use of the written word to reveal her feelings about her ancestors and her own traumatic past It also defines Sufism includes some examples of Sufi poems and shows what aspects of Sufism resonate with Jamaican Revivalism and Rastafarianism The final chapter first makes reference to how Sufi elements have been used by other writers such as Alfred Lord Tennyson Walt Whitman Thomas Merton and Doris Lessing and then illustrates how contrary to these others Goodison is the only one to apply Sufi ideals to a Caribbean context thus falling into her own creative category that of a new Caribbean literary canon

### **Global Sufism** Francesco Piraino, Mark

Sedgwick, 2019-11-01 Sufism is a growing and global phenomenon far from the declining relic it was once thought to be This book brings together the work of fourteen leading experts to explore systematically the key themes of Sufism's new global presence from Yemen to Senegal via Chicago and Sweden The contributors look at the global spread and stance of such major actors as the Ba Alawiyya the Afropolitan Tijaniyya and the G len Movement They map global Sufi culture from Rumi to rap and ask how global Sufism accommodates different and contradictory gender practices They examine the contested and shifting relationship between the Islamic and the universal is Sufism the timeless and universal essence of all religions the

key to tolerance and co existence between Muslims and non Muslims Or is it the purely Islamic heart of traditional and authentic practice and belief Finally the book turns to politics States and political actors in the West and in the Muslim world are using the mantle and language of Sufism to promote their objectives while Sufis are building alliances with them against common enemies This raises the difficult question of whether Sufis are defending Islam against extremism supporting despotism against democracy or perhaps doing both

Ibn 'Ata' Allah, Muslim Sufi Saint and Gift of Heaven Abu Bakr Sirajuddin Cook, 2017-06-23 The Shadhiliyya Sufi Order gave the Muslim world and those that are interested in Sufism the inside workings of the great masters Abu l Hassan al Shadhili and Abu l Abbas al Mursi Ibn Ata Allah also a master of the Shadhiliyya Order is the author of many volumes His works occupy a unique position within the history of Sufism and have been read consistently since their composition Yet despite their enduring popularity to date there has been no systematic and through analysis of his worldview This book is the first study to highlight the constant interconnections between Ibn Ata Allah s works It uses a scaffold approach to develop an understanding of Ibn Ata Allah s Sufism and his commitment to Islam building from his metaphysics of Oneness tawhid and covering domains such as ontology epistemology eschatology and ethics While the bulk of this work covers the worldview of Ibn Ata Allah it begins more generally with some comments on the need for reappraising approaches to Sufism and its relation to Islam Accessible for anyone interested in Sufism this work will appeal to scholars of religion in general and Islam in particular

*Sufism* Deepshikha Shahi, 2020-06-22 In an effort to attain a global character the contemporary academic discipline of International Relations IR increasingly seeks to surpass its Eurocentric limits thereby opening up pathways to incorporate non Eurocentric worldviews Lately many of the non Eurocentric worldviews have emerged which either engender a derivative discourse of the same Eurocentric IR theories or construct an exceptionalist discourse which is particularly

applicable to the narrow experiential realities of a native time space zone as such they fall short of the ambition to produce a genuinely non derivative and non exceptionalist Global IR theory Against this backdrop Sufism A Theoretical Intervention in Global International Relations performs a multidisciplinary research to explore how Sufism as an established non Western philosophy with a remarkable temporal spatial spread across the globe facilitates a creative intervention in the theoretical understanding of Global IR
