One Golden Summer Carley Fortune, 2025-05-06 1 NATIONAL BESTSELLER A radiant new escape to the lake from 1 New York Times bestselling author Carley Fortune I never anticipated Charlie Florek Good things happen at the lake That's what Alice's grandmother says and it's true Alice spent just one summer there at a cottage with Nan when she was seventeen it's where she took that photo the one of three grinning teenagers in a yellow speedboat the image that changed her life Now Alice lives behind a lens As a photographer she's most comfortable on the sidelines letting other people shine Lately though she's been itching for something more and when Nan falls and breaks her hip Alice comes up with a plan for them both another summer in that magical place Barry's Bay But as soon as they settle in their peace is disrupted by the roar of a familiar yellow boat and the man driving it Charlie Florek was nineteen when Alice took his photo from afar Now he's all grown up a shameless flirt who manages to make Nan laugh and Alice long to be seventeen again when life was simpler when taking pictures was just for fun Sun slanted days and warm nights out on the lake with Charlie are a balm for Alice's soul but when she looks up and sees his piercing green gaze directly on her she begins to worry for her heart Because Alice sees people that's why she is so good at what she does but she's never met someone who looks and sees her right back

Digilect Ágnes Veszelszki, 2017-06-26 The high degree of internet penetration and its social and linguistic effects evidently influence how people and especially the highly susceptible younger generations use language The primary aim of the book is not only to identify the characteristic features of the digital language variety this has already been done by several works but to examine how digital communication affects the language of other mediums of communication orality handwritten texts digitally created but not digitally perceived that is printed texts including in particular advertisements which quickly respond to linguistic change Naturally the book presents the characteristics of the digital language variety and coins the term digilect but only to give a framework to the impact analysis It is important to document changes in progress and thus direct attention to potential outcomes The current linguistic change is different from previous ones primarily in its speed and form of spreading and it not only brings innovative grammatical forms and writing spelling solutions but may also have far reaching cultural and educational consequences in the long run

This Is Not Forgiveness Celia Rees, 2012-10-16 Everyone says that Caro is bad but Jamie can't help himself Gorgeous impulsive and unconventional Caro is totally different

from all the other girls and Jamie can't believe that she wants to be his girlfriend. But Jamie soon realizes there is more to Caro. Much more. Consider how she often disappears for days at a time or the small scars on her wrists or her talk about revolution and taking action, not to mention the rumors about the other guys. Jamie's also worried about Rob, his older brother, back from Afghanistan and traumatized from an injury there. Rob seems to be living in a world of his own and is increasingly difficult to reach. Which is why it's so strange that Rob and Caro seem to know one another. And why it feels so dangerous that they're being awfully secretive.

Black Tooth Grin Zac Crain, 2010-06-29 Black Tooth Grin is the first biography of Dimebag Darrell Abbott, the Texas-bred guitarist of the heavy metal band Pantera, who was murdered onstage in 2004 by a deranged fan 24 years to the day after John Lennon met a similar fate. Darrell Abbott began as a Kiss-inspired teenage prodigy who won dozens of local talent contests. With his brother drummer Vinnie Abbott, he formed Pantera, becoming one of the most popular bands of the 90s and selling millions of albums to an intensely devoted fan base. While the band's music was aggressive, Dime was outgoing, gregarious, and adored by everyone who knew him. From Pantera's heyday to their implosion following singer Phil Anselmo's heroin addiction to Darrell's tragic end, Black Tooth Grin is a moving portrait of a great artist.

Email, SMS, MMS Carmen Frehner, 2008 Are email and SMS forms of writing or speech? This question cannot be answered easily because their registers are hybrid; they make use of both orality and literacy. This book offers an accurate placement of emails and text messages along the written-spoken continuum. Emails and text messages are also compared to letters and phone calls, while a closer comparison of SMS and telegrams shows how far text messaging can be regarded as a renaissance of telegrams. Attention is further paid to multimedia messaging and questions concerning the proportion of image to text, picture categories, as well as MMS dialogues.

are approached The book finally comments on linguistic changes and deals with the German language community's concern with regard to the increasing use of Anglicisms
