Looking for Wind in the Fields Tim Dayman, 2024-05-24 Looking for Wind in the Fields unfolds an epic tale of resilience and the stark injustice of war tracing the harrowing journey from the besieged city of Leningrad through the unforgiving expanses of Siberia to the serene yet foreign landscapes of Tasmania Amidst the backdrop of the siege of Leningrad two young children orphaned and vulnerable find their fates intertwined with a valiant friend whose boundless courage and sacrifice guide them through the darkest chapters of human cruelty Their odyssey of survival takes them from the brutal labour camps of Siberia across the devastated post war Eastern Europe and finally as displaced refugees to an unexpected sanctuary on the other side of the world This narrative is not only a testament to the indomitable spirit of those who face the unimaginable but also a profound reflection on the themes of loss displacement and the quest for renewal Summary of Anna Reid's Leningrad Everest Media, 2022-05-18T22:59:00Z Please note This is a companion version not the original book
Sample Book Insights 1 On the morning of 22 June 1941 Dmitri Likhachev a scholar of medieval Russian literature was sunbathing with his wife and daughters on the sand martin busy banks of the River Oredezh They overheard snatches of a terrifying conversation about Kronshtadt being bombed 2 The Leningraders were better prepared for the Second World War than other Soviet citizens because they had seen its prequel in 1939 The Soviet Union had occupied not only eastern Poland but also the Baltic states to Leningrad's west and the lake fretted southern marches of Finland directly to its north 3 The war with Finland in particular provided a foretaste of the difficulties that lay ahead for the Soviet Union The Russians expected the war to be very short but it ended up being a humiliation 4 The first twenty two months of the Second World War seemed distant to Leningraders as they were caught up in the street corner loudspeakers the notice board wall newspapers and the agitators at the endless workplace meetings that told them that the capitalists were tearing each other apart **Leningrad** Anna Reid, 2011-09-06 On September 8 1941 eleven weeks after Hitler launched Operation Barbarossa his brutal surprise attack on the Soviet Union Leningrad was surrounded The siege was not lifted for two and a half years by which time some

three quarters of a million Leningraders had died of starvation Anna Reid's *Leningrad* is a gripping authoritative narrative history of this dramatic moment in the twentieth century interwoven with indelible personal accounts of daily siege life drawn from diarists on both sides They reveal the Nazis deliberate decision to starve Leningrad into surrender and Hitler's messianic miscalculation the incompetence and cruelty of the Soviet war leadership the horrors experienced by soldiers on the front lines and above all the terrible details of life in the blockaded city the relentless search for food and water the withering of emotions and family ties looting murder and cannibalism and at the same time extraordinary bravery and self sacrifice Stripping away decades of Soviet propaganda and drawing on newly available diaries and government records *Leningrad* also tackles a raft of unanswered questions Was the size of the death toll as much the fault of Stalin as of Hitler Why didn't the Germans capture the city Why didn't it collapse into anarchy What decided who lived and who died Impressive in its originality and literary style *Leningrad* gives voice to the dead and will rival Anthony Beevor's classic *Stalingrad* in its impact

Leningrad: Siege and Symphony Brian Moynahan, 2014-10-14 The gripping story of a Nazi blockade a Russian composer and a ragtag band of musicians who fought to keep up a besieged city's morale The New York Times Book Review For 872 days during World War II the German Army encircled the city of Leningrad modern day St Petersburg in a military operation that would cripple the former capital and major Soviet industrial center Palaces were looted and destroyed Schools and hospitals were bombarded Famine raged and millions died soldiers and innocent civilians alike Against the backdrop of this catastrophe historian Brian Moynahan tells the story of Dmitri Shostakovich whose Seventh Symphony was first performed during the siege and became a symbol of defiance in the face of fascist brutality Titled *Leningrad* in honor of the city and its people the work premiered on August 9 1942 with musicians scrounged from frontline units and military bands because only twenty of the orchestra's hundred members had survived With this compelling human story of art and culture surviving amid chaos and violence *Leningrad: Siege and Symphony* brings new depth and drama to a key historical moment Booklist starred review in a narrative that is by turns painful poignant and inspiring Minneapolis Star Tribune He reaches into the guts of the city to extract some humanity from the blood and darkness and at its best *Leningrad* captures the heartbreak agony and small salvations in both death and survival Moynahan's descriptions of the battlefield which also draw from the diaries of the cold lice ridden hungry combatants are haunting The Washington Post
