

GROWING UP WORKING CLASSES

Continuity and Change Among
Viennese Youth, 1890–1938

J. Robert Wegs

Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938

Shulamith Behr, Marian Malet

Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938:

Growing Up Working Class Robert Wegs, 2010-11 This study of working class culture youth behavior and the response of youths to conditions in a European setting acknowledges that poverty existed among much of the working class but questions the implicit arguments that these conditions necessarily brought about destructive responses Until recently various simplistic paradigms have dominated studies of European workers These have stressed the misery of urban laborers in a capitalistic society the functional importance of the isolated nuclear family in an industrial society or the violent authoritarian and intolerant nature of working class society as a result of cultural deprivation The approach here in contrast is allied with the current trend in social history to allow for elements of diversity and individual initiative within the labor population Numerous oral interviews are used to enrich other data and to provide evidence on family life that is missing in traditional sources In examining the way life was actually lived this book deals primarily with the children of manual laborers but includes the children of other socially disadvantaged groups in the working class districts It analyses the social dimensions among laborers and those immediately above them such as small scale shopkeepers With the view that there is not just one working class culture but many it explains the diversity of the working class experience rather than concentrating only on the most impoverished stratum within it Wegs argues that much of the working class had a fuller and richer life than is depicted in existing literature The length of the period covered makes it possible also to draw comparisons and identify long term trends Separate chapters are devoted to topics such as everyday life schooling work and sex and marriage By showing how working class youth were isolated within primarily working class areas but still tied to the dominant culture through the schools social workers and the Social Democratic subculture the book adds an important dimension to the study of the working class It provides a fuller dimension to the study of the working class youth by dealing with young women as well as men and with major arguments concerning sexual divisions at work in the family and in society It examines the subordinate position of women in working class culture but also notes their significant role in the family and in society Wegs's study will be of interest to students of European history and social history particularly those interested in the working class issues of adolescence and the family

Growing Up Working Class J. Robert Wegs, 1989 This study of working class culture youth behavior and the response of youths to conditions in a European setting acknowledges that poverty existed among much of the working class but questions the implicit arguments that these conditions necessarily brought about destructive responses Until recently various simplistic paradigms have dominated studies of European workers These have stressed the misery of urban laborers in a capitalistic society the functional importance of the isolated nuclear family in an industrial society or the violent authoritarian and intolerant nature of working class society as a result of cultural deprivation The approach here in contrast is allied with the current trend in social history to allow for elements of diversity and individual initiative within the labor population Numerous oral interviews are used to enrich other data and to provide evidence on family life that is

missing in traditional sources In examining the way life was actually lived this book deals primarily with the children of manual laborers but includes the children of other socially disadvantaged groups in the working class districts It analyses the social dimensions among laborers and those immediately above them such as small scale shopkeepers With the view that there is not just one working class culture but many it explains the diversity of the working class experience rather than concentrating only on the most impoverished stratum within it Wegs argues that much of the working class had a fuller and richer life than is depicted in existing literature The length of the period covered makes it possible also to draw comparisons and identify long term trends Separate chapters are devoted to topics such as everyday life schooling work and sex and marriage By showing how working class youth were isolated within primarily working class areas but still tied to the dominant culture through the schools social workers and the Social Democratic subculture the book adds an important dimension to the study of the working class It provides a fuller dimension to the study of the working class youth by dealing with young women as well as men and with major arguments concerning sexual divisions at work in the family and in society It examines the subordinate position of women in working class culture but also notes their significant role in the family and in society Wegs s study will be of interest to students of European history and social history particularly those interested in the working class issues of adolescence and the family

Growing Up Working Class Robert Wegs, 2008-01 This study of working class culture youth behavior and the response of youths to conditions in a European setting acknowledges that poverty existed among much of the working class but questions the implicit arguments that these conditions necessarily brought about destructive responses Until recently various simplistic paradigms have dominated studies of European workers These have stressed the misery of urban laborers in a capitalistic society the functional importance of the isolated nuclear family in an industrial society or the violent authoritarian and intolerant nature of working class society as a result of cultural deprivation The approach here in contrast is allied with the current trend in social history to allow for elements of diversity and individual initiative within the labor population Numerous oral interviews are used to enrich other data and to provide evidence on family life that is missing in traditional sources In examining the way life was actually lived this book deals primarily with the children of manual laborers but includes the children of other socially disadvantaged groups in the working class districts It analyses the social dimensions among laborers and those immediately above them such as small scale shopkeepers With the view that there is not just one working class culture but many it explains the diversity of the working class experience rather than concentrating only on the most impoverished stratum within it Wegs argues that much of the working class had a fuller and richer life than is depicted in existing literature The length of the period covered makes it possible also to draw comparisons and identify long term trends Separate chapters are devoted to topics such as everyday life schooling work and sex and marriage By showing how working class youth were isolated within primarily working class areas but still tied to the dominant culture through the schools social workers and the Social Democratic subculture the book

adds an important dimension to the study of the working class. It provides a fuller dimension to the study of the working class youth by dealing with young women as well as men and with major arguments concerning sexual divisions at work in the family and in society. It examines the subordinate position of women in working class culture but also notes their significant role in the family and in society. Wegs's study will be of interest to students of European history and social history particularly those interested in the working class issues of adolescence and the family.

Childhood in Modern Europe Colin Heywood, 2018-09-06 This invaluable introduction to the history of childhood in both Western and Eastern Europe between c 1700 and 2000 seeks to give a voice to children as well as adults wherever possible. The work is divided into three parts covering in turn childhood in rural village societies during the eighteenth and nineteenth centuries in the towns during the Industrial Revolution period c 1750-1870 and in society generally during the late nineteenth and twentieth centuries. Each part has a succinct introduction to a number of key topics such as conceptions of childhood, infant and child mortality, the material conditions of children, their cultural life, the welfare facilities available to them from charities and the state, and the balance of work and schooling. Combining a chronological with a thematic approach, this book will be of particular interest to students and academics in a number of disciplines including history, sociology, anthropology, geography, literature, and education.

Childhood in World History Peter N. Stearns, 2016-07-01 Taking a global look at what the category of childhood has meant from agricultural societies to the present day, *Childhood in World History* offers a vital overview of this topical field. Through comparative analysis, Peter Stearns facilitates a cross-cultural and transnational understanding of attitudes towards the role of children in society and how models of childhood have developed throughout history. Engaging with issues around children's role in the family and the involvement of communal, national, educational, and global infrastructures, Stearns unpacks the experience of childhood in the West, Asia, Latin America, and Africa. This expanded and updated third edition includes updated bibliographies and suggested readings, expanded discussions of religion and children's rights, a new chapter on families in developing economies in the early twentieth century, broadened discussions of childhood in Japan and in communist countries, and expanded further reading lists. Stearns's accessible text not only provides an overview of its field but also offers a research guide for more specialized study. Concisely presented but broad in scope, Stearns's accessible text guides readers through the transformations of the concept of childhood.

Orphans and Abandoned Children in European History Nicoleta Roman, 2017-11-08 In a world dominated by poverty, a central characteristic has been the plight of orphans and abandoned children. Over the centuries, State, Church, and individuals have all attempted to tackle the issue, but can we trace any change over the course of time when it comes to the welfare system intended for these disadvantaged children and acts of philanthropy? What kind of social policies did States follow, and what were the main differences between countries and regions? Drawing on historical evidence across several centuries and a range of European countries, the contributors to this volume provide a transnational overview.

Bibliography of European

Economic and Social History Derek Howard Aldcroft, Richard Rodger, 1993 This bibliographical guide contains 10 000 references to the economic and social history of 30 European countries during the period 1700 1939 More than 3000 periodicals have been consulted to obtain references as well as books edited collections and conference proceedings The information is listed in categories such as industry agriculture finance migration labour conditions urban communities and organizations Full publication details are included so that references may be located easily *An Age to Work* Miranda Sachs, 2023 *An Age to Work* reveals how the French welfare state produced class and gender based hierarchies within childhood It weaves together the histories of child labor and juvenile delinquency to trace how the state used age based regulations to ensure the productivity of working class youths ***Culture and Political Crisis in Vienna*** John W. Boyer, 1995 In this sequel to *Political Radicalism in Late Imperial Vienna* John Boyer picks up the history of the Christian Social movement after founder Karl Lueger's rise to power in Vienna in 1897 and traces its evolution from a group of disparate ward politicians through its maturation into the largest single party in the Austrian parliament by 1907 to its major role in Imperial politics during the First World War Boyer argues that understanding the unprecedented success that this dissident bourgeois political group had in transforming the basic tenets of political life is crucial to understanding the history of the Central European state and the ways in which it was slowly undermined by popular electoral politics The movement's efforts to save the Austrian Empire by trying to create an economically integrated but ethnically pluralistic state are particularly enlightening today in the shadow of ethnic violence in Sarajevo where began the end of the Austrian Empire in 1914 The most comprehensive account of any mass political movement in late nineteenth century Central Europe this two volume work is crucial reading for anyone interested in Hapsburg history German history or the history of social democracy

Youth in the Fatherless Land Andrew Donson, 2010-04 The first comprehensive history of German youth in the First World War this book investigates the dawn of the great era of mobilizing teenagers and schoolchildren for experiments in state building and extreme political movements like fascism and communism It investigates how German teachers could be legendary for their sarcasm and harsh methods but support the world's most vigorous school reform movement and most extensive network of youth clubs As a result of the war mobilization teachers club leaders and authors of youth literature instilled militarism and nationalism more deeply into young people than before 1914 but in a way that paradoxically relaxed discipline In *Youth in the Fatherless Land* Andrew Donson details how Germany had far more military youth companies than other nations as well as the world's largest Socialist youth organization which illegally agitated for peace and a proletarian revolution Mass conscription also empowered female youth particularly in Germany's middle class youth movement the only one anywhere that fundamentally pitted itself against adults Donson addresses discourses as well as practices and covers a breadth of topics including crime work sexuality gender family politics recreation novels and magazines social class and everyday life ***A Modern History of European Cities*** Rosemary Wakeman, 2020-01-23 Rosemary Wakeman's original

survey text comprehensively explores modern European urban history from 1815 to the present day It provides a journey to cities and towns across the continent in search of the patterns of development that have shaped the urban landscape as indelibly European The focus is on the built environment the social and cultural transformations that mark the patterns of continuity and change and the transition to modern urban society Including over 60 images that serve to illuminate the analysis the book examines whether there is a European city and if so what are its characteristics Wakeman offers an interdisciplinary approach that incorporates concepts from cultural and postcolonial studies as well as urban geography and provides full coverage of urban society not only in western Europe but also in eastern and southern Europe using various cities and city types to inform the discussion The book provides detailed coverage of the often neglected urbanization post 1945 which allows us to more clearly understand the modernizing arc Europe has followed over the last two centuries

Embodied Histories Katya Motyl, 2024-04-29 Explores the emergence of a new womanhood in turn of the century Vienna In *Embodied Histories* historian Katya Motyl explores the everyday acts of defiance that formed the basis for new unconventional forms of womanhood in early twentieth century Vienna The figures Motyl brings back to life defied gender conformity dressed in new ways behaved brashly and expressed themselves freely overturning assumptions about what it meant to exist as a woman Motyl delves into how these women inhabited and reshaped the urban landscape of Vienna an increasingly modern cosmopolitan city Specifically she focuses on the ways that easily overlooked quotidian practices such as loitering outside cafés and wandering through city streets helped create novel conceptions of gender Exploring the emergence of a new womanhood *Embodied Histories* presents a new account of how gender the body and the city merge with and transform each other showing how our modes of being are radically intertwined with the spaces we inhabit

Historical Dictionary of Austria Paula Sutter Fichtner, 2009-06-11 Austrians today often seem to believe that they have two histories One is their republican present the other the centuries that their forebears spent as part of the multi ethnic Habsburg Empire Contemporary Austria is a fixture among Europe's democracies Yet it did not achieve this state easily World War I the unification with Germany in 1938 and World War II were catastrophes for Austria In 1995 it became part of the European Union and its government culture and egalitarian economy are far cries from the monarchical and highly stratified society of the old Empire The second edition of the *Historical Dictionary of Austria* has been thoroughly updated and greatly expanded Through its chronology introductory essay appendix bibliography and hundreds of cross referenced dictionary entries greater attention has been given to foreign affairs economic institutions and policies social issues religion and politics

A Political History of the International Union of Socialist Youth 1907-1917 Patrizia Dogliani, 2023-04-08 This book represents a valuable contribution to the history of the Socialist Second International and more generally of European socialism between the Great Depression of the 1880s and WWI It comes to fill a gap in the scholarship insofar as it investigates the history of the Socialist Youth International During the first phase of the making of

socialist parties this organization was in charge of the political and cultural education of the proletarian youth Capitalizing on an approach based on social quantitative and political history and on an analysis of mentalities and languages the book reconstructs the many sidedness of the school of recruits of the social democratic and revolutionary movements The working conditions of youth in Europe its unionization and economic struggles the fight against militarism the pedagogical work the internationalism and the commitment to maintain peace and the attitude of young militants towards Bolshevik revolution are some of the themes investigated in the book It also clarifies the role and the engagement with the issue of the new generation shown by prominent figures of Marxism such as Karl Liebknecht Jean Jaur s Henri De Man Willi M nzenberg Henriette Roland Holst and Robert Danneberg Finally the book constitutes also a page of European social and political history reconstructed through the history of the various youth socialisms and their relationship with the Marxist tradition

Gender and Poverty in Nineteenth-Century Europe Rachel G. Fuchs,Rachel Ginnis Fuchs,2005-11-10 This is a major new history of the dramatic and enduring changes in the daily lives of poor European women and men in the nineteenth century Rachel G Fuchs conveys the extraordinary difficulties facing the destitute from England to Russia paying particular attention to the texture of women s everyday lives She shows their strength as they attempted to structure a life and set of relationships within a social order culture community and the law Within a climate of calamities the poor relied on their own resourcefulness and community connections where the boundaries between the private and public were indistinguishable and on a system of exchange and reciprocity to help them fashion their culture of expediciencies This accessible synthesis introduces readers to conflicting interpretations of major historic developments and evaluates those interpretations It will be essential reading for students of women s and gender studies urban history and social and family history **A Companion to Europe, 1900 - 1945** Gordon Martel,2011-03-21 This volume brings together a distinguished group of international scholars to discuss the major debates in the study of early twentieth century Europe Brings together contributions from a distinguished group of international scholars Provides an overview of current thinking on the period Traces the great political social and economic upheavals of the time Illuminates perennial themes as well as new areas of enquiry Takes a pan European approach highlighting similarities and differences across nations and regions Handbook of Child Psychology and Developmental Science, Ecological Settings and Processes ,2015-04-06 The essential reference for human development theory updated and reconceptualized The Handbook of Child Psychology and Developmental Science a four volume reference is the field defining work to which all others are compared First published in 1946 and now in its Seventh Edition the Handbook has long been considered the definitive guide to the field of developmental science Volume 4 Ecological Settings and Processes in Developmental Systems is centrally concerned with the people conditions and events outside individuals that affect children and their development To understand children s development it is both necessary and desirable to embrace all of these social and physical contexts Guided by the relational developmental systems metatheory the chapters in

the volume are ordered them in a manner that begins with the near proximal contexts in which children find themselves and moving through to distal contexts that influence children in equally compelling if less immediately manifest ways The volume emphasizes that the child s environment is complex multi dimensional and structurally organized into interlinked contexts children actively contribute to their development the child and the environment are inextricably linked and contributions of both child and environment are essential to explain or understand development Understand the role of parents other family members peers and other adults teachers coaches mentors in a child s development Discover the key neighborhood community and institutional settings of human development Examine the role of activities work and media in child and adolescent development Learn about the role of medicine law government war and disaster culture and history in contributing to the processes of human development The scholarship within this volume and as well across the four volumes of this edition illustrate that developmental science is in the midst of a very exciting period There is a paradigm shift that involves increasingly greater understanding of how to describe explain and optimize the course of human life for diverse individuals living within diverse contexts This Handbook is the definitive reference for educators policy makers researchers students and practitioners in human development psychology sociology anthropology and neuroscience **Austria**

1867-1955 John W. Boyer, 2022-09-15 Austria 1867 1955 connects the political history of German speaking provinces of the Habsburg Empire before 1914 Vienna and the Alpine Lands with the history of the Austrian Republic that emerged in 1918 John W Boyer presents the case of modern Austria as a fascinating example of democratic nation building The construction of an Austrian political nation began in 1867 under Habsburg Imperial auspices with the German speaking bourgeois Liberals defining the concept of a political people Volk and giving that Volk a constitution and a liberal legal and parliamentary order to protect their rights against the Crown The decades that followed saw the administrative and judicial institutions of the Liberal state solidified but in the 1880s and 1890s the membership of the Volk exploded to include new social and economic strata from the lower bourgeoisie and the working classes Ethnic identity was not the final structuring principle of everyday politics as it was in the Czech lands Rather social class occupational culture and religion became more prominent variables in the sortition of civic interests exemplified by the emergence of two great ideological parties Christian Socialism and Social Democracy in Vienna in the 1890s The war crisis of 1914 1918 exploded the Empire with the Crown self destructing in the face of military defeat chronic domestic unrest and bitter national partisanship But this crisis also accelerated the emergence of new structures of democratic self governance in the German speaking Austrian lands enshrined in the republican Constitution of 1920 Initial attempts to make this new project of democratic nation building work failed in the 1920s and 1930s culminating in the catastrophe of the 1938 Nazi occupation After 1945 the surviving legates of the Revolution of 1918 reassembled under the four power Allied occupation which fashioned a shared political culture which proved sufficiently flexible to accommodate intense partisanship resulting by the 1970s in a successful republican system organized under the

aegis of elite democratic and corporatist negotiating structures in which the Catholics and Socialists learned to embrace the skills of collective but shared self governance *Arts in Exile in Britain 1933-1945* Shulamith Behr, Marian Malet, 2005 This volume focuses on the contribution of refugees from Nazism to the Arts in Britain The essays examine the much neglected theme of art in internment and address the spheres of photography political satire sculpture architecture artists organisations institutional models dealership and conservation These are considered under the broad headings Art as Politics Between the Public and the Domestic and Creating Frameworks Such categories assist in posing questions regarding the politics of identity and gender as well as providing an opportunity to explore the complex issues of cultural formation The volume will be of interest to scholars and students of twentieth century art history museum and conservation studies politics and cultural studies in addition to those involved in German Studies and in German and Austrian Exile Studies BOOK JACKET

The City in Central Europe Malcolm Gee, Tim Kirk, Jill Steward, 2019-01-04 First published in 1999 this volume explores how the cities of central Europe among them Berlin Budapest Hamburg Vienna and Prague went through a period of phenomenal growth during the nineteenth and early twentieth centuries Their rapid expansion and growing economic importance made citizens aware of the need to manage the fabric and culture of the urban environment while burgeoning nationalism and the development of local and international tourism constructed cities as showcases for national and regional identity Competing visions of how city and nation should represent themselves were advanced by different social groups by commercial interests and by local and national political authorities Among the developments examined in this collection of essays are the campaign for the architectural development of Hamburg international modernism and notions of the garden city in Czechoslovakia competition among German cities as art centres the role of Wawel Hill in Krakow as a vehicle for Polish nationalism tourism in Austria Hungary Jewish assimilation in Vienna social control and cultural policy in Vienna and the representation of Berlin on film The volume is introduced by Malcolm Gee Tim Kirk and Jill Steward who provide an historical overview which establishes a context for the exchange of ideas and competition between the cities of central Europe during this period

However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 books or magazines might include. Look for these in online stores or libraries. Remember that while Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 eBooks, including some popular titles.

FAQs About Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 Books

What is a Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file

instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 PDF?

Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a**

Growing Up Working Class Continuity And Change Among Viennese Youth 1890 1938 PDF to another file format?

There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Growing Up**

Working Class Continuity And Change Among Viennese Youth 1890 1938 PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs?

Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam:

Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I

compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill

out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
