Growing People Through Small Groups:

Growing People Through Small Groups David Stark, Betty Veldman Wieland, 2004-07-01 This fresh look at small groups starts with people and principles rather than program and structure Stark and Wieland examine why many small group ministries fall short of their goals and they offer strategies that start with God's leading and people's needs Straightforward informative and practical this new organic system works for smaller churches as well as larger ones Useful for lay leaders small group members and pastors who want people to thrive and develop their spiritual gifts **Planning Small Groups with Purpose** Steve Gladen, 2018-07-03 Small groups are a great way to promote the spiritual formation of church attendees But leading them well can be hard work especially if you don't have a plan This practical resource helps pastors and small group point people develop and implement a 12 to 18 month strategic plan for their ministries in order to keep it healthy and growing Developed at Saddleback Church this completely customizable plan works for any church size and any denomination Readers answer 22 questions that help them understand their vision the purpose of their ministry and how to connect members grow numerically and spiritually measure progress develop leaders create opportunities to serve and much more By the time they're done readers will have developed their own personalized planner for the next year to 18 months so that they can feel prepared confident and purposeful about their small group ministry *The Big Book on Small Groups* Jeffrey Arnold, 2010-01-04 In this revised edition of his small group guidebook Jeffrey Arnold discusses the basic components and dynamics of small groups and offers training and resources to help you get started in effective small group ministry Planting Missional Churches Ed Stetzer, Daniel Im, 2016-05-01 In this second edition of Planting Missional Churches not only will you find a completely redesigned book with new content in every single chapter but you will also find several new chapters on topics such as church multiplication residencies multi ethnic ministry multisite denominations and networks and spiritual leadership **LifeKeys** Jane A. G. Kise, David Stark, Sandra Krebs Hirsh, 2005-08 Updated and revised this powerful tool has been employed by churches and individuals to discover who they are and where they fit **Small Groups with Purpose** Steve Gladen, 2011-06-01 Over the past fifteen years small groups have become a vital way to build community in large churches Nowhere has this been more apparent than at Saddleback Church Now Steve Gladen pastor of small groups at Saddleback shares the secrets of that ministry's incredible success in creating small groups with purpose This practical book walks church leaders through the questions they need to answer to develop their own intentional small group strategy Built around the most commonly asked questions Small Groups with Purpose outlines the step by step process of creating a successful small group ministry Because it is built upon principles and not methods this plan can be implemented in any size church Each chapter ends with a list of questions for readers to answer to help them assess their current situation and their desires for the future Personal stories Scripture and examples ground the discussion and show the system in action Pastors and small group leaders will find this book instrumental in making small groups work in their

churches *Christ-Based Leadership* David Stark,2007-05-01 Presents a portrait of Christian leadership within a biblical framework while comparing and contrasting it to today's hottest leadership models **Go BIG with Small Groups** Bill Easum,John Atkinson,2010-09-01 Most churches that begin small groups find that within a couple of years two things happen the number of small groups has dwindled in size and few if any of them have birthed other small groups So the only way most churches keep small groups going is by reinventing them over and over usually with the same people The authors of this book know God has much more in store for these churches Bill Easum and John Atkinson have both led congregations in which small group ministry proved crucial to the church's growth Both know the pitfalls that endanger all attempts to center a congregation's life around small groups More importantly they understand how to make small groups growing self-reproducing centers of Christian discipleship **Networks for Faith Formation** Steve Emery-Wright,Ed Mackenzie,2017-05-19 The spiritual formation of young people can often focus on encouraging their personal spiritual practices and perhaps linking them to a local youth group While both are important Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow The aim of Networks for Faith Formation is to describe and commend eight key networks relational bonds that nurture and nourish faith The eight networks are bedroom practices personal faith church family friends mentors small groups events and gatherings and mission and service The description of each network draws on biblical studies practical theology and the social sciences and practical ideas for helping young people engage with such networks are included throughout the book In a context where some overlook the complexity of spiritual formation Networks for Faith Formation is an important resource for church leaders youth ministers and parents seeking to help young people grow in faith Since relational bonds are key for people of any age it can also help all within the church understand the need for relationships in spiritual growth Growing God'S Forever Family Seth Nathan Polk,2018-07-26 Jesus calls us to come and follow Him When you are confronted with the claims of Jesus it creates a crisis of belief Will you trust in him and become a child of God Or will you continue on your own path True freedom is found only in following Jesus As a disciple your relationship with Jesus should be the top priority in your life Walking with him should inform and direct every aspect of your life In his earthly life Jesus modeled communion with God the Father He walked in intimacy and fellowship with his Father The primary focus of his life on earth was to accomplish the will of God and this should be our desire as well There are no shortcuts to a close relationship with God Time must be devoted to building the relationship growing in the Word and living in obedience Growing Gods Forever Family focuses on how to live this practically **Growing to Be Like Christ** Brett Eastman,Dee Eastman,Todd Wendorff,Denise Wendorff,Karen Lee-Thorp,2002 Small groups are proving to be a key component not a sideline feature of growing churches The six discussion guides of the Doing Life Together series provide small group members with basic training on how to live healthy balanced purpose driven lives August Small Groups, Big Impact Jim Egli,Dwight Marable,2014-03-12 Why do some small groups thrive and grow while

Myers,2011-01-04 A practical guide for those struggling to build a community of believers in a culture that wants to experience belonging over believing Who is my neighbor Who belongs to me To whom do I belong These are timeless questions that guide the church to its fundamental calling Today terms like neighbor family and congregation are being redefined People are searching to belong in new places and experiences The church needs to adapt its interpretations definitions and language to make sense in the changing culture This book equips congregations and church leaders with tools to Discern the key ingredients people look for in community Understand the use of space as a key element for experiencing belonging and community Develop the chemical compound that produces an environment for community to spontaneously emerge Discover how language promotes specific spatial belonging and then use this knowledge to build an effective vocabulary for community development Create an assessment tool for evaluating organizational and personal community health *Way To Grow* Ronald J. Lavin,1996 Nothing is more important for ministry today than small groups George Gallop Jr a Christian who conducts polls on political and religious matters quoted in chapter 1 of this book Lavin is quick to point out that this book is not merely about numerical growth It is about nurturing spiritual growth which in itself is a dynamic that leads to growth in numbers Use this publication as a workbook The chapters each end with fascinating questions for consideration and group discussion Dr Lavin offers five different kinds of group structures for discipleship development Each is fully explored offering the reader or study participant the opportunity to determine which style best fits their group He also lists five essentials that must be present for any group to function effectively Lavin has had over 35 years of experience in the ministry during which time he has refined the methods that are most successful in leading people to commitment and discipleship This book is filled with fascinating anecdotes and stories that have grown out of his experience with congregations where impressive growth has taken place Dr Ronald J Lavin is Senior Pastor of King of Glory Lutheran Church Fountain Valley California He previously served congregations in Indiana Iowa and Arizona In each church where he served as pastor the membership doubled He graduated cum laude from Carthage College Northwestern Theological School of Theology and engaged in graduate studies at the
