#### **Urban Family Medicine** Richard B.

Birrer, 2012-12-06 Now more than ever Family Medicine is alive and well in the United States The base of this medical specialty has traditionally been in the smaller cities suburban communities and rural areas of this country Over the past decade however there has been a resurgence of interest in primary care in our major metropolitan areas as a solution to the high tech subspecialty pace of the tertiary care environment A rebirth of urban family medicine has accompanied these pioneering efforts To date the accomplishments are substantial and the prospects are bright There is still a long way to go and there are a significant number of hurdles to cross Although diseases are generally the same wherever you are their effects as illness on the individual and the family are strongly influenced by the environment and social milieu Urban families have distinctive and diverse problems cultural economic and ethnic Training programs situated in the large cities must recognize these issues and include special emphasis on the situations that the family physician is likely to encounter during and after his training There is very little research literature on the background and nature of special urban problems and these areas are the subject of several chapters of this long overdue volume devoted specifically to urban family medicine Dr Birrer has persuaded true experts to share their knowledge with the reader

**Getting to Green: Saving Nature: A Bipartisan Solution** Frederic C. Rich, 2016-04-18 Regardless of your place on the political spectrum there is much to admire in this book which reminds us that the stewardship of nature is an obligation shared by all Americans U S Senator Angus S King Jr The Green movement in America has lost its way Pew polling reveals that the environment is one of the two things about which Republicans and Democrats disagree most Congress has not passed a landmark piece of environmental legislation for a quarter century As atmospheric CO2 continues its relentless climb even environmental insiders have pronounced the death of environmentalism In *Getting to Green* Frederic C Rich argues that meaningful progress on urgent environmental issues can be made only on a bipartisan basis Rich reminds us of American conservation s conservative roots and of the bipartisan political consensus that had Republican congressmen voting for and Richard Nixon signing the most important environmental legislation of the 1970s He argues that faithfulness to conservative principles requires the GOP to support environmental protection while at the same time he criticizes the Green movement for having drifted too far to the left and too often appearing hostile to business and economic growth With a clear eyed understanding of past failures and a realistic view of the future *Getting to Green* argues that progress on environmental issues is within reach The key is encouraging Greens and conservatives to work together in the space where their values overlap what the book calls Center Green Center Green takes as its model the hugely successful national land trust movement which has retained vigorous bipartisan support Rich s program is pragmatic and non ideological It is rooted in the way America is not in a utopian vision of what it could become It measures policy not by whether it is the optimum solution but by the two part test of whether it would make a meaningful contribution to an environmental problem and whether it is achievable politically Application of the Center Green approach moves us away from some of the harmful orthodoxies of mainstream environmentalism and results in practical and actionable positions on climate change energy policy and other crucial issues This is how we get to Green Curves, Edges and Perfect Imperfections H. Adrian Sexton, 2020-12-30 A sexy witty love story A woman s curves excites a man The sharp edges of her mind intrigues a man And no matter how perfect their love may seem Their imperfections can tear them apart Once again H Adrian Sexton offers a tantalizing novel centered on disparately single neighbors leading lives as polarly opposite as the sides of their duplex A single Man Tries to Find Love Strait laced

Navy Commander Anton MAJAC Charles has good looks good friends and a successful Naval career By most standards he has it all All that is except a woman to share it with Despite having loved and lost before he continues to search for the kind of joy he covets of his best friend s relationship the happily married fairytale complete with the perfect wife and beautiful children A widower copes with losing love When the untimely loss of his wife leaves him terrified at the very thought of emotional intimacy recently widowed Doctor Solomon Alexandre dives headlong into his work and all but forgets about the opposite sex At every turn women see him but he only sees his deceased wife That is until a sensual beautifully spirited woman sets her sights on rekindling the sexy spirit buried deep inside the repressed Dark Knight A bold and beautifully written exploration into the bonds of friendship where friends and lovers lean into the Curves Edges and Perfect Imperfections that guide them through the intriguing and sometimes frustrating journey of entanglements that make love matter The Parental Experience in Midlife Carol D. Ryff,Marsha Mailick Seltzer,1996 Most adults experience parenthood But the longest period of the parental experience when children grow into adolescence and young adulthood and parents themselves are not yet elderly is the least understood In this groundbreaking volume distinguished scholars from anthropology demography economics psychology social work and sociology explore the uncharted years of midlife parenthood The authors employ a rich array of theory and methods to address how the parental experience affects the health well being and development of individuals Collectively they look at the time when parents watch offspring grow into adulthood and begin to establish adult to adult relationships with their children With a strong emphasis on the diversity of midlife parenting including sociodemographic variations and specific parent or child characteristics such as single parenting or raising a child with a disability this volume presents for the first time the complex factors that influence the quality of the midlife parenting experience **Finding Contentment in a Disappointing World** Kathy Collard Miller,1988 *Lifespan Development* Michele Hoffnung,Robert J. Hoffnung,Kelvin L. Seifert,Alison Hine,Lynn Ward,Cat Pause,Karen Swabey,Karen Yates,Rosanne Burton Smith,2015-09-28 Lifespan Development Third Australasian edition explores human physical cognitive and social development within an Australian and New Zealand context Building on the successful first and second editions the resource s comprehensive theory coverage includes the latest local and international research in this ever evolving field and is perfectly complemented by numerous physical and mental health applications within local psychological allied health and educational settings This edition includes enhanced coverage of developmental theories and increased integrated coverage of cross cultural and Indigenous issues unique to the multicultural societies of Australia and New Zealand It is an ideal resource offering for undergraduate students in both countries in order to enhance understanding of human development from conception through to the end of life **Radiant Beams** Susan Williams,2016-03-29 The third verse of Silent Night describes God s interaction with us as being like radiant beams from Thy holy face He s constantly giving us amazing little touches that make a big difference in our lives I call those radiant beams and put them into story form Hope you like When
