Nebinger,2012-10-01 The author was inspired to write these memoirs of the years he spent growing up in the Pennsylvania steel town of Bethlehem before the Second World War by the realization that they were a pivotal time in American history While Americans were struggling with the economic hardships of the Great Depression they never gave up and instead made the best of what they had Out of their triumph over hardship grew the generation that fought and won the Second World War The society and culture exemplified by the Pennsylvania steel towns has now vanished but it is hard not to think that while we have gained much as a society we have also lost far too many things worthy of preservation One of these was the great Bethlehem Steel plant itself the ruins of which stretch for miles along the Lehigh River Dominating the ruins are the ghostly remains of the five great blast furnaces preserved to remind people of the greatness that was once Bethlehem Steel and the community that lived in its shadows      [Rick Steves England](#) Rick Steves,2018-04-10 Hike the wild moors of Dartmoor
