Donald Creighton Donald A. Wright,2015-09-15 A member of the same intellectual generation as Harold Innis Northrop Frye and George Grant Donald Creighton 1902 1979 was English Canada s first great historian The author of eleven books including The Commercial Empire of the St Lawrence and a two volume biography of John A Macdonald Creighton wrote history as if it had happened he said the day before yesterday And as a public intellectual he advised the prime minister of Canada the premier of Ontario and at least on one occasion the British government Yet he was as Donald Wright shows also profoundly out of step with his times As the nation was re imagined along bilingual and later multicultural lines in the 1960s and 1970s Creighton defended a British definition of Canada at the same time as he began to fear that he would be remembered only as a pessimist a bigot and a violent Tory partisan Through his virtuoso research into Creighton s own voluminous papers Wright paints a sensitive portrait of a brilliant but difficult man Ultimately Donald Creighton captures the twentieth century transformation of English Canada through the life and times of one of its leading intellectuals

God Is on Trial Alberta Parish,2020-06-29 God is on Trial takes a deep look at modern day belief systems that have given us ancient concepts of gods having also originated from astrotheology which is a belief system based on the observation of the stars and the Zodiac This book not only criticizes major world religions for the falsehoods and atrocities they ve perpetuated on the masses but it exposes the deeper meanings and truths in the Abrahamic belief traditions that were originally created to keep humanity from not only evolving as a species but to keep us under mind control and fear God is on Trial also examines the major biblical accounts like the Genesis Creation and Flood and the ancient myths from which they originate This book seeks to educate those who have not yet awakened from their religious mind control programming and is also a testament to my personal experiences as a former believer who broke the chain of religious mind control and fear in my own life I encourage anyone reading this book to keep an open mind because what we have learned in the Judeo Christian and Islamic traditions is a distortion of the truth And it is time for humanity to know the truth Hands within the Battle Minnie P. Stewart,2019-11-05 Hands within the Battle My Mississippi History By Minnie P Stewart After experiencing

Jerusalem and Belfast are cities that are shaped by political violence death and the injustices caused by segregated living But divided cities are becoming places within which policy makers and politicians project an image of normality despite the facts of social injustice victimhood and harm It is a commonly held view that the city of Belfast is emerging out of conflict and into a new era of tolerance and transformation This book challenges this viewpoint The authors pinpoint how international peace accords such as the Belfast Agreement are gradually eroded as conflict shifts into a stale and repetitive pattern of ethnically divided competition over resources This book is a vivid portrait of how segregation lived experience and fear are linked in a manner that undermines democratic accountability It argues that the control of place remains the most important weapon in the politicisation of communities and the reproduction of political violence Segregation provides the laboratory within which sectarianism continues to grow
