## **Growth By Accident Death By Planning How Not To Kill A Growing Congregation:**

**Growth by Accident, Death by Planning** Bob Whitesel, 2010-10-01 It is a familiar experience A congregation that had been growing in numbers and spiritual vitality reaches a plateau and then begins to decline Most of the time the plateau occurs long before the church arrives at the optimum number of members it hoped to attract What has happened here Why does growth slow down stop and then decline The real question to ask says Bob Whitesel is why the church grew in the first place Most of the time young growing churches make a series of decisions based not upon careful planning and analysis but rather upon necessity and intuition Thus these decisions are not planned strategies but strategies that often occur by accident owing their genesis to circumstance These unplanned strategic decisions are driven not by knowledge but often simply by the church's environment When that growth slows these same churches begin to engage in more careful planning The problem is that this planning so often ignores the considerations and decisions that led to the church's growth to begin with The result is stagnation and eventual decline In the plain direct style that is his hallmark Whitesel lays out where churches go wrong in their planning for growth and how they can correct themselves He does so by looking at three related phenomena first the factors that cause initial growth second the erroneous decisions that lead to getting stuck on the plateau and finally corrective steps that churches can take to regain growth and vitality Transformational Leadership: The Senior Pastor's Impact on Church Effectiveness David Rumley, 2011-09-29 Struggling with church health and growth Struggling with growing in your personal leadership abilities and impact This book provides a greater understanding of leadership church growth and church effectiveness It engages the audience to learn transformational leadership and how the pastor can be more effective in how they lead Learn from recent research the impact a senior pastor makes on churches effectiveness and why transformational leadership style will impact the health and growth of a church **Biblical Pastors Were Not and Are Not Ceos.** James D. Martin, 2020-06-02 The emergence of the pastor Chief Executive Officer CEO position in churches today has become widely acceptable in Mega and Meta churches Recent studies have not explored this issue David Fisher acknowledges that in the 21st century being a pastor presents major challenges because it leads to professional and personal identity crisis resulting from secular and ecclesial challenges Studies have supported the idea that there is the need for church leaders to adopt the secular models of leadership and several noted authors have shown that churches today have become like other organizations that have to market their products This is a problematic interpretation because leadership in modern churches has gone beyond the biblical and theological definitions of becoming shepherds of their flock and servants of God In the search for an effective pastoral leadership role this paper will explore the contemporary definition of pastoral leadership and compare it with what the scriptures say concerning the elders and servants of God assigned the duty of being shepherds of their flock *Inside the Organic Church* Bob Whitesel, 2006 An inside look at twelve emerging churches Building an Outreach Ministry to Your Community Tyrone Barnette, 2023-09 The Church Is the Only Hope for Renewing

and Redeeming Your Community Your church is meant to be a conduit of hope and healing redemption and renewal for your neighborhood Is your church equipped and ready for this important work In Building an Outreach Ministry to Your Community Pastor Tyrone Barnette uses the miracle of the feeding of the five thousand to explore how Jesus himself ministered to people Then Barnette shows how he applied those principles to outreach ministry in his own church Filled with interviews with other ministry leaders who are tackling the challenges of reaching their communities this book is packed with practical advice on how to establish ministry outreach initiatives in your church identify needs in your community encourage a whatever it takes mindset equip young people to serve serve with limited resources and much more This book is your blueprint to grow your church by helping your members turn outward God intends for the church to be his open hand extended to the people in your community

*An Introduction to Ministry* Ian S. Markham, Oran E. Warder, 2016-01-19 An Introduction to Ministry is a comprehensive and ecumenical introduction to the craft of ministry for ministers pastors and priests that make up the mainline denominations in the United States Ecumenically focused It offers a grounded account of ministry covering areas such as vocation congregational leadership and cultivation of skills for an effective ministry Covers the key components of the M Div curriculum offering a map and guide to the central skills and issues in training Explores the areas of vocation skills for ministry and issues around congregational leadership Each topic ends with an annotated bibliography providing an indispensable gateway to further study Helps students understand both the distinctive approach of their denomination and the relationship of that approach to other mainline denominations Advocates and defends a generous understanding of the Christian tradition in its openness and commitment to broad conversation

**Utilizing Forensic Technologies for Unidentified Human Remains** George W. Adams, 2015-11-23 In missing and unidentified investigations an abyss of dissonance seems to exist between law enforcement and the community they serve that all too often creates grating wounds that may never heal Utilizing Forensic Technologies for Unidentified Human Remains Death Investigation Resources Strategies and Disconnects bridges this abyss This is the

Organix Bob Whitesel, 2011-11-01 Does your leadership style fit new ways of doing church leadership that is organic and elastic and that finds ways to seize God given opportunities Looking back and drawing on the ancient Christian tradition Bob Whitesel describes seven traits for successful leadership which he characterizes by seven symbols O the Greek symbol theta the first letter of the Greek word theos stresses that God is the source of the burden for others and provides the power to help them Rx the medical prescription symbol an emphasis on addressing the spiritual and physical health of leaders G a stylized G for graffiti the edgy colorful and artful collages that help define contemporary organizations A inspired by the recycle symbol the idea of recycling places experiences and people rather than discarding them N emerging networks that connect people more quickly efficiently precisely and continuously I an emphasis on incarnation a going in the flesh to serve others rather than sending surrogates X the Jerusalem cross with a number in each quadrant four types of measurement observed in Jerusalem Acts 2 42 47 which at their core point

to Christ's work on the cross. Taken together these symbols spell out the word organix and represent a fundamentally new way to think about your church and how you can best lead. **re:MIX** Mark DeYmaz, Bob Whitesel, 2016-06-07 re MIX

**Transitioning Your Church to Living Color** is a practical guide for pastors, denominational leaders and lay leaders who are seeking to transition their monoethnic congregations into healthy multiethnic churches of Christ-centered faith. The book is theologically sound, cross-culturally relevant and based on field research. It provides transferrable lessons and practices that are applicable in a variety of local church and denominational contexts. Authors Mark DeYmaz and Bob Whitesel demonstrate that such transitions are not just timely or optional. Indeed, these biblically grounded transitions are necessary for churches pursuing growth and health in an increasingly diverse society. By becoming a church of living color, existing or declining churches present a more credible witness of God's love for all people and can achieve renewed significance and sustainability. re MIX is full of instructive, immediately useful information in a clear and easy-to-use format and includes sidebar stories from church leaders in a variety of denominations who have transitioned their congregations to living color. Wow! This is the practical tool for the church that I have been waiting for. Pentecost didn't occur until the diversity of every nation under heaven was present. This book will become recommended reading for all of my seminary students. Mike Slaughter, pastor, author, speaker and activist.

**The Complete Ministry Audit** William M. Easum, Robert Brydia, 2006. The essential tool for gauging your congregation's health and potential for growth. Bill Easum's The Complete Ministry Audit has long enabled congregations to understand what their particular character is, diagnose their problems and opportunities and plot strategies to remedy problems and extend their mission into the community. Essentially a condensed version of the instrument Easum himself employs in a consultation, it uses congregational surveys and questionnaires to give church leaders the best tools they can get for plotting their congregation's course. This revised edition makes The Complete Ministry Audit even more user-friendly with updated questionnaires, new guides to interpreting the data and more comprehensive electronic tools on the enclosed CD-ROM. The survey section contains the surveys that you will use to prepare the audit. The surveys are as follows: Worship Survey, Staff Survey, Staff Readiness Survey, Staff Permission Giving Survey, Official Body Survey, Official Body Readiness Survey and the Official Body Permission Giving Survey.

**The Empowered Leader** Calvin Miller, 1997-04-01. God blessed King David as a leader only after David submitted himself to God's strength. In The Empowered Leader, Dr. Calvin Miller shows how following David's example can turn you into the leader you can be. The leader God wants you to be.

**Assaulting the Gates** Rev. Paul D. Borden, 2011-12-01. Learn the Big Picture approach that will aim your congregation at the mission field in your back yard or around the world. Many churches want to make the transition from an inward to an outward focus from catering to the needs of members to reaching out into the world to make disciples of Jesus Christ. Too often they try to accomplish this radical change by taking half steps and partial measures, initiating a new program here or adding a new staff member there. Yet this kind of change requires more. To succeed in changing its core focus this way a

congregation must learn strategic thinking it must commit itself to seeing the big picture and to taking the steps necessary to paint that picture afresh Everyone including pastors lay leaders key teams and groups and the congregation as a whole must be involved in a process of transformation Paul D Borden author of Hit the Bullseye and Direct Hit knows that this transformation will not be easy But if the target is bringing more people into saving relationship with Jesus Christ what could be more worthwhile Othello: A Critical Reader Robert C. Evans,2015-08-27 Othello has long been and remains one of Shakespeare s most popular works It is a favourite work of scholars students and general readers alike Perhaps more than any other of Shakespeare s tragedies this one seems to speak most clearly to contemporary readers and audiences partly because it deals with such pressing modern issues as race gender multiculturalism and the ways love jealousy and misunderstanding can affect relations between romantic partners The play also features Iago one of Shakespeare s most mesmerizing and puzzling villains This guide offers students and scholars an introduction to the play s critical and performance history including notable stage productions and film versions It includes a keynote chapter outlining major areas of current research on the play and four new critical essays Finally a guide to critical web based and production related resources and an annotated bibliography provide a basis for further research Herald of Gospel Liberty Elias Smith,1910
