

Small and Medium Enterprises (SME) Development and Economic Growth of Bangladesh: A Narrative of the Glorious 50 Years

Md. Masudur Rahman, PhD*
Mubina Khondkar, PhD*

Abstract

The father of the Nation, Bangabandhu Sheikh Mujibur Rahman took significant policy measures for the improvement of the rate of literacy, reduction of poverty, industrialization, and strategic action plans for SME development. With the passage of time, the economy of Bangladesh has gradually developed through several phases, adopting strategies that resulted in a significant economic boom in the last decade. The growth of the economy can be attributed to the positive shifts - from agricultural-based to industrial-based, from input-driven to productivity-driven, and from traditional to knowledge-based-technology-orientated economy. Small and medium enterprises (SMEs) have been playing an essential role in the development of the economy of Bangladesh, and it can be claimed that it is the backbone of industrial development in the country. This paper attempts to discuss the extent to which the economy has benefited from the expansion of the SME sector and identifies the contribution of the SME Foundation in the process of uplifting and flourishing SMEs. The SME Foundation has been doing a remarkable job in this regard with continuous endeavors to facilitate innovation of new products, the introduction of new production technologies, marketing of goods and services, skills development training, advocacy, policy formulation, and linkage with national and international organizations. The study reveals that the development of the SME sector played a major role in contributing to the economic growth through providing support to the existing SMEs, creating non-traditional opportunities, generating employment, making the labor force more skilled and effective through training, enhancing labor productivity, and improving product and services quality. SMEs are accounting for 25% of the GDP of Bangladesh and 80% of total industrial jobs; and therefore, significantly has been contributing to 6% to 8% of the economic growth rate in the last decade.

Keywords: Bangladesh, Bangabandhu, economic growth, Small and Medium Enterprises (SME), SME development, SME Foundation

1. Prelude

In 1956, when the Father of the Nation, Bangabandhu Sheikh Mujibur Rahman was the Minister of the *Industries, commerce, labour, anti-corruption, and village administration*, established the East Pakistan Small Industry Corporation (EPSIC) to promote SMEs in the then East Pakistan, i.e., present Bangladesh. He realized the crucial importance of the role of the SME sector in the national economic development and identified the

Otsuka,2010-11-09 This book examines how to promote industrial development in low income countries It considers the role of traders in the evolution of a cluster the role of managerial human capital the effect of the China shock and the role of industrial policies focused on international knowledge transfer in supporting the upgrading of clusters

Bangladesh's Quest for Inclusive Development Mustafa K. Mujeri,Neaz Mujeri,2022-09-30 The book provides a comprehensive conceptual understanding covering major challenges and pathways to progressively promote inclusive development in Bangladesh Since independence in 1971 Bangladesh has achieved significant economic growth and social progress but the benefits have not been shared equitably across all groups in society and there is the demand that inclusive development should be at the core of the country s development agenda Analysing inclusive development in Bangladesh the authors present it as synonymous with improving the well being of all individuals in a comprehensive manner along with upholding the principles of equity and justice The book shows that the multidimensionality of inclusive development facilitates the participation of all in society in development through enhancing capabilities and ensuring equal opportunities The analysis highlights social investments in specific concerns of the marginalised and disadvantaged groups and unequal structural forces that compel the state to remain biased towards the rich and consequent elite capture of the state in Bangladesh Arguing that Bangladesh has moved closer towards applying the inclusive development tenets in policy making the book s findings show that the challenge is the absence of any generic formula to ensure that the country is moving towards a more inclusive development path A valuable contribution to the study of Bangladesh s changing dynamics of political economic and social configurations and development economics the book will be of interest to researchers in the fields of economics Asian studies and development studies *Social Science Review* ,2003 **Handbook of Research on**

Acceleration Programs for SMEs Lisboa, Inês, Teixeira, Nuno, Segura, Liliane, Krulický, Tomáš, Machová, Veronika, 2022-12-19 The international financial crisis of 2007 and 2008 and the situation caused by the COVID 19 pandemic have had a great impact on many firms financial needs Simultaneously several emerging countries have bet on boosting private initiatives as a way to diversify their economies and create jobs and wealth for their populations New forms of financing have appeared that have impacted the firm s capital structure cost of capital and access to finance by underprivileged communities that are normally outside the formal economy The Handbook of Research on Acceleration Programs for SMEs provides and shares knowledge on the financial mix alternative forms of finance capital structure and more It calls attention to relevant challenges financial institutions and governments to guarantee funds and economic and social development with new competencies innovations new ways of investing entrepreneurship and business models with new public policies Covering topics such as earnings management capital structure and foreign exchange this major reference work is an essential resource for government officials business leaders and executives economists sociologists students and faculty of higher education librarians researchers and academicians

The Rise and Fall of Global Microcredit Milford Bateman, Stephanie Blankenburg, Richard Kozul-Wright, 2018-10-09 In the mid 1980s the international development community helped launch what was to quickly become one of the most popular poverty reduction and local economic development policies of all time Microcredit the system of disbursing tiny micro loans to the poor to help them to establish their own income generating activities was initially highly praised and some were even led to believe that it would end poverty as we know it But in recent years the microcredit model has been subject to growing scrutiny and often intense criticism The Rise and Fall of Global Microcredit shines a light on many of the fundamental problems surrounding microcredit in particular the short and long term impacts of dramatically rising levels of microdebt Developed in collaboration with UNCTAD this book covers the general policy implications of adverse microcredit impacts as well as gathering together country specific case studies from around the world to illustrate the real dynamics incentives and end results Lively and provocative The Rise and Fall of Global

Microcredit is an accessible guide for students academics policymakers and development professionals alike

Bureaucratic Rivalry in Mangrove Forest Policy and Management Md. Faisal Abedin Khan, 2021-10-18 Since the Earth Summit of 1992 the concept of sustainable development has gained rapid interest in global policy debate which incurs effective policy solutions in any forest management Mangroves are coastal forests commonly found in the tropics and subtropics where they fulfil many necessary functions from the productive protective and social points of view A large number of multidisciplinary actors ranging from international to local level are actively engaged with perceived issues concentrated on mangrove forest policies irrespective of any geographical location Nonetheless given their financial technical and expertise related means the active actors are expected to have a considerable degree of conflicts and competition showing formal and informal influences over policy issues Moreover by allocating financial means and sub delegating authoritative power actors at multiple jurisdictions may gain power and serve interests in mangrove governance Hence the study attempts to describe and explain the bureaucratic rivalry among the actors in mangrove forest policy and management at the meta level In doing so the author employed the Sundarbans of Bangladesh the world s largest contiguous tract of mangrove forest as an illustrative case in policy formulation and implementation

Research Handbook on Small Business Social Responsibility Laura J. Spence, Jędrzej George Frynas, Judy N. Muthuri, Jyoti Navare, 2018-01-26 The vast majority of businesses globally are small If business is to be socially responsible we need to go beyond the westernised concept of Corporate Social Responsibility to develop Small Business Social Responsibility This agenda setting Research Handbook on Small Business Social Responsibility includes leading research from around the world including developed and developing country contexts It provides a foundation for the further development of small business social responsibility as a scholarly subject and crucially important practice and policy field
