Editing Documents And Texts An Annotated Bibliography:

Editing Documents and Texts Beth Luey, Kathleen Gorman, 1990 Over the past twenty years the field of scholarly editing has expanded and altered immeasurably In *Editing Documents and Texts* Beth Luey has compiled for the first time 900 references from nearly 200 journals and books that explain how scholarly editors do their work and the theories behind their editing Bridging the traditional gap between historical and literary editing Luey surveys the relevant scholarship in all editorial fields and presents a thorough picture of the state of the discipline Anyone interested in the editing of documents and texts whether an undergraduate or graduate student instructor or a beginning or experienced editor will find *Editing Documents and Texts* an indispensable reference

Writings of Charles S. Peirce: A Chronological Edition, Volume 6

Charles S. Peirce, 2000-06-02 This series contains large sections of previously unpublished material in addition to selected published works Each volume includes a brief historical and biographical introduction extensive editorial and textual notes and a full chronological list of all of Peirce's writings published and unpublished during the period covered

Textuality and Knowledge Peter Shillingsburg, 2017-06-01 In literary investigation all evidence is textual dependent on preservation in material copies Copies however are vulnerable to inadvertent and purposeful change In this volume Peter Shillingsburg explores the implications of this central concept of textual scholarship Through thirteen essays Shillingsburg argues that literary study depends on documents the preservation of works and textual replication and he traces how this proposition affects understanding He explains the consequences of textual knowledge and ignorance in teaching reading and research and in the generous impulses behind the digitization of cultural documents He also examines the ways in which facile assumptions about a text can lead one astray discusses how differing international and cultural understandings of the importance of documents and their preservation shape both knowledge about and replication of works and assesses the dissemination of information in the context of ethics and social justice In bringing these wide ranging pieces together Shillingsburg reveals how and why meaning changes with each successive rendering of a work the value in viewing each subsequent copy of a text as an original entity and the relationship between textuality and knowledge Featuring case studies throughout this erudite collection distills decades of Shillingsburg's thought on literary history and criticism and appraises the place of textual studies and scholarly editing today

An Introduction to Bibliographical and Textual Studies Craig S. Abbott, William Proctor Williams, 2014-08-01 To a reader of Joyce's *Ulysses* it makes a difference whether one of Stephen Dedalus's first thoughts is *No mother* as in the printed version or *No mother* as in the manuscript The scholarship surrounding such textual differences and why this discipline should concern readers and literary scholars alike is the focus of William Proctor Williams and Craig S. Abbott's acclaimed handbook This updated fourth edition outlines the study of texts composition revision physical embodiments process of transmission and manner of reception describes how new technologies such as digital imaging and electronic tagging have changed the way we produce read preserve and research texts discusses

why these matters are central to a historical understanding of literature and shows how the insights methods and products of bibliographical and textual studies can be applied to other branches of scholarship *The Life of Reason or The Phases of Human Progress, critical edition, Volume 7* George Santayana, 2014-07-11 The third of five books in one of the greatest works in modern philosophical naturalism Santayana's *Life of Reason* published in five books from 1905 to 1906 ranks as one of the greatest works in modern philosophical naturalism Acknowledging the natural material bases of human life Santayana traces the development of the human capacity for appreciating and cultivating the ideal It is a capacity he exhibits as he articulates a continuity running through animal impulse practical intelligence and ideal harmony in reason society art religion and science The work is an exquisitely rendered vision of human life lived sanely In this third book Santayana offers a naturalistic interpretation of religion He believes that religion is ignoble if regarded as a truthful depiction of real beings and events but regarded as poetry it might be the greatest source of wisdom Santayana analyzes four characteristic religious concerns piety spirituality charity and immortality He is at his most profound in his discussion of immortality arguing for an ideal immortality that does not eradicate the fear of death but offers a way for mortal man to share in immortal things and live in a manner that will bestow on his successors the imprint of his soul This critical edition volume VII of *The Works of George Santayana* includes notes textual commentary lists of variants and emendations bibliography and other tools useful to Santayana scholars The other four books of the volume include *Reason in Common Sense* *Reason in Society* *Reason in Art* and *Reason in Science* **Three Philosophical Poets: Lucretius, Dante, and Goethe, critical edition, Volume 8**

George Santayana, 2024-04-09 Santayana's argument for the unity of philosophy and poetry This concise and compelling volume described by Santayana as a piece of literary criticism together with a first broad lesson in the history of philosophy introduces Santayana's thought in the rich context of a European poetic tradition that demonstrates his broad conception of philosophy Rejecting both the Platonic opposition of philosophy and poetry and more recent attempts to reduce philosophy to science Santayana argues that philosophy and poetry at their best are united in articulating a comprehensive vision of the world that permits honest contemplation of the universe He considers the ideal visions of three artists Lucretius's naturalism provides a total perspective on the physical world but renders experience monotonous Dante's supernaturalism provides a total perspective on experience but subordinates nature to morality Goethe's romanticism provides a dramatic perspective on nature and experience but lacks totality Santayana sees each as the best in his own way though none is best in all ways and he speculates that the ideal poet would integrate the gifts and insights of all three resulting in rational art of which philosophical poetry is a prime example This critical edition volume VIII of *The Works of George Santayana* includes notes textual commentary lists of variants and emendations an index and other tools useful to Santayana scholars *The Margins of the Text* David C. Greetham, 1997 These essays challenge the positivist patriarchal assumptions of earlier approaches to textual criticism Textual Scholarship David C. Greetham, 2015-10-28 First published in 1994 This fully revised and

updated edition of the bestselling *Textual Scholarship* covers all aspects of textual theory and scholarly editing for students and scholars As the definitive introduction to the skills of textual scholarship the new edition addresses the revolutionary shift from print to digital textuality and subsequent dramatic changes in the emphasis and direction of textual enquiry
