Teaching in the Global Business Classroom Carol Dalglish,Peter Evans,2010-01-01 This book is an excellent resource for university lecturers facing the challenges of working in multicultural classrooms as it examines all aspects raised from the different perspectives of the stakeholders This book adds both research and practical examples to an already established approach to learning both in schools and universities Whilst aimed at university business lecturers secondary teachers and trainee teachers would also gain from the reflection of the impact of international students in relation to teaching and learning Carole Marshall Professional Development in Education The text is succinct easy to follow and broken up with helpful subtitles this book is recommended for all new higher education teachers and demonstrators and as a resource for both lecturer training and for continuing professional development purposes Barbara Chandler Studies in Higher Education One of the great challenges for teachers in many tertiary institutions is to effectively understand the complex multicultural classroom both as a consequence of increasing international student mobility and as a result of the raised cultural diversity of domestic populations Even more important is the need to devise practical and effective strategies that aid learning in growing international contexts Carol Dalglish and Peter Evans in Teaching in the Global Business Classroom provide both and have written an excellent and invaluable guide that will help to avoid the mono culturalism and

Anglo Americanism of many current approaches which act as barriers both to more effective learning and enhanced performance in the global business environment Roger King Open University and formerly of University of Lincoln UK Dalglish and Evans text Teaching in the Global Business Classroom draws our attention to the possibilities of enriching the experience of the global business classroom for all parties The contributors to the volume achieve this ambitious aim by delivering a highly accessible text which offers a useful guide for teachers of global business classrooms I certainly would like to have read this book in my early years of teaching as the volume provides a much needed injection of accessibility and evidence based recommendations and practical suggestions to a literature which has so far remained anaemic in these regards Mustafa Zbilgin University of East Anglia UK The rise in international student numbers means that teachers face unique challenges arising from language and cultural differences in understanding Teaching in the Global Business Classroom presents an educational framework for effective teaching and learning in the global classroom It provides practical tools for teachers through suggestions for innovative curriculum design lecture techniques group work and participation activities as well as the use of case studies and assessment methods This book is an essential resource for teachers and lecturers looking to provide the best possible teaching experience for their students but who may be unsure how to address the issues raised by the rise in ethnic diversity It will also be of great interest to student teachers at both undergraduate and postgraduate levels

American Business Education, 1961 **Rethinking Undergraduate Business Education** Anne Colby, Thomas Ehrlich, William M. Sullivan, Jonathan R. Dolle, 2011-04-20 Business is the largest undergraduate major in the United States and still growing This reality along with the immense power of the business sector and its significance for national and global well being makes quality education critical not only for the students themselves but also for the public good The Carnegie Foundation for the Advancement of Teaching's national study of undergraduate business education found that most undergraduate programs are too narrow failing to challenge students to question assumptions think creatively or understand the place of business in larger institutional contexts Rethinking Undergraduate Business Education examines these limitations and describes the efforts of a diverse set of institutions to address them by integrating the best elements of liberal arts learning with business curriculum to help students develop wise ethically grounded professional judgment
