The Private Journals of Edvard Munch

Edvard Munch, 2005-07-13 Scandinavia's most famous painter the Norwegian Edvard Munch 1863 1944 is probably best known for his painting The Scream a universally recognized icon of terror and despair A version was stolen from the Munch Museum in Oslo Norway in August 2004 and has not yet been recovered But Munch considered himself a writer as well as a painter Munch began painting as a teenager and in his young adulthood studied and worked in Paris and Berlin where he evolved a highly personal style in paintings and works on paper And in diaries that he kept for decades he also experimented with reminiscence fiction prose portraits philosophical speculations and surrealism Known as an artist who captured both the ecstasies and the hellish depths of the human condition Munch conveys these emotions in his diaries but

also reveals other facets of his personality in remarks and stories that are alternately droll compassionate romantic and cerebral This English translation of Edvard Munch's private diaries the most extensive edition to appear in any language captures the eloquent lyricism of the original Norwegian text The journal entries in this volume span the period from the 1880s when Munch was in his twenties until the 1930s reflecting the changes in his life and his work The book is illustrated with fifteen of Munch's drawings many of them rarely seen before While these diaries have been excerpted before no translation has captured the real passion and poetry of Munch's voice This is a translation that lets Munch speak for himself and evokes the primal passion of his diaries J Gill Holland's exceptional work adds a whole new level to our understanding of the artist and the depth of his scream
