Women and Other Monsters Jess Zimmerman, 2021-03-09 A fresh cultural analysis of female monsters from Greek mythology and an invitation for all women to reclaim these stories as inspiration for a more wild more monstrous version of feminism The folklore that has shaped our dominant culture teems with frightening female creatures In our language in our stories many written by men we underline the idea that women who step out of bounds who are angry or greedy or ambitious who are overtly sexual or not sexy enough aren't just outside the

norm They're unnatural Monstrous But maybe the traits we've been told make us dangerous and undesirable are actually our greatest strengths Through fresh analysis of 11 female monsters including Medusa the Harpies the Furies and the Sphinx Jess Zimmerman takes us on an illuminating feminist journey through mythology She guides women and others to reexamine their relationships with traits like hunger anger ugliness and ambition teaching readers to embrace a new image of the female hero one that looks a lot like a monster with the agency and power to match Often women try to avoid the feeling of monstrosity of being grotesquely alien by tamping down those qualities that we're told fall outside the bounds of natural femininity But monsters also get to do what other female characters damsels love interests and even most heroines do not Monsters get to be complete unrestrained and larger than life Today women are becoming increasingly aware of the ways rules and socially constructed expectations have diminished us After seeing where compliance gets us harassed shut out and ruled by predators women have never been more ready to become repellent fearsome and ravenous **Ocean Currents**

that a sociopath was in our midst examines his dishonorable behaviors long summary Note from the author You have met a predator He has crossed your path and you didn't even know Why did he pass you by Why did he look at someone else Most likely he sought someone who could better satisfy his cravings You were lucky This predator this hunter on the prowl is the human equivalent of a Great White Shark He is a sociopath as strictly defined in psychiatric literature He is a menace without conscience and like the shark in the ocean he will eat you alive before you sense the danger You need only cross his path I had the great misfortune to know intimately a sociopath for eighteen years It took too many of those years to recognize the problem For the rest of those years my professional training in observation and analysis were put to the ultimate test My hope for this book is to give you the tools to recognize the sociopath and his behavior Only by this recognition can you see the sociopath for what he really is and by seeing what he really is protect yourself and others from the pain of his intrusion Expect the unexpected think the unthinkable but recognize what is happening It took a terrible eighteen year journey with a sociopath by my side to first understand then withstand the sociopath's power My desire is to share this understanding with you to have you use this book as a guide to recognizing these dark souls I hope it contains the tools and armor that will protect you and help you avoid being victimized by a sociopath beside you This is a true story it contains real events events that caused great emotional pain to real people Names have been changed and the predator's relationships with his victims including this author are intentionally vague to protect the confidentiality of those involved On the victim's behalf some of the proceeds from the sale of this book will be donated toward efforts in locating and bringing to justice their perpetrator *RIP TYDE - DIE MONSTER VON LONG ISLAND* H.E.
