mystical experience      New Age Religion and Western Culture Wouter J. Hanegraaff, 2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement      **Willing to Change** Mark Thurston, 2005 From this practical and inspirational book for people in life s transition readers are taught how to use the momentum of change to bring more meaning and purpose into their lives for an emergence of a new self      Alterquest. the Alternative Quest for Answers Karen Fiala, 2006-08-01 It s the 21st century and what have we got to show for it Does humanity really want to continue its downward spiral or are we ready to create a different reality The purpose of this book is many fold 1 It shows you ways in which our civilization can progress 2 It challenges all the old methods of doing things 3 It offers workable methods which have been tried and proven by individuals and communities all over the globe with the sole purpose of making life better 4 It is interactive It offers its readers an invitation to join the AlterQuest Organization and be part of a practical Global Network for the advancement of our world AlterQuest is the most exciting inspirational book you will ever read Its topics will give you unlimited hope for the present and the future You ll find yourself grasping at every wonderful idea with a renewed sense of enthusiasm Here at last we have the answers we ve all been searching for      **GIZA LEGACY** Rico Paganini, 2021-08-11 Will humans overcome their technical material worldview and find their way back to the freedom of the spiritual world This can only succeed if we can realign with the lost legacies of ancient times and can decipher that wisdom Scientists and spiritual explorers alike are striving to penetrate the hidden worlds of Giza The discoveries they have made are nothing short of breathtaking Some may suspect it while others already know Here both in and below the pyramids lies the key to a liberating truth for all those who seek it the GIZA LEGACY In this groundbreaking book Rico Paganini provides a fascinating overview of developments and discoveries involving the pyramids and the Sphinx Modern technology combined with spiritual sensing abilities enabled him to penetrate spheres that have been blocked until now In the course of two excursions to Egypt over a period of seven years a world shattering realization came to him The real secret of the pyramids has never yet even been recognized It has little to do with how they were built and their incomprehensible size and geometry but instead it has to do with their metaphysical significance and their function as a guidepost to the subterranean world beneath them In this book the author takes us along on some of his expeditions He meticulously documented all that he experienced in photographs and

sketches The book features hundreds of photographs as well as maps and 3D graphics which give us an impression of the structures found both aboveground and belowground in Giza and of newly discovered chambers and even the legendary Hall of Records Giza Legacy paints a picture of a fascinating world in which the meaning of Giza is placed in a greater context that goes far beyond the borders of Egypt It is nothing less than a new or rediscovered human history traced far back to the lost continents of Atlantis and Lemuria The clues are there for all to see wherever the ancient megalithic structures remain And the clues extend far beyond the distant past into the cosmos and the far off constellations of Orion Sirius and the Pleiades Rico Paganini reveals the correlations that have until now been taboo In a fascinating and methodical manner he opens our eyes to the spiritual world behind the mundane material one showing us how through archeological discoveries we can gain access to an entirely new worldview However a shadow has been cast upon the historical remains of the three ancient cultures For years and with increasing tempo a far reaching wall is being built around the pyramids and Sphinx The impressively documents the dimensions and significance of this dramatic development For if they are here both inside and beneath the structures the answers to great questions of humanity lying hidden then should scientific and spiritual researchers remain excluded from their discovery Who or what lies behind the ridiculously extensive Giza Wall Where do we come from Where are we going This book will affect those who ask themselves such questions It is not just an extremely thorough report on the world wonders in Egypt but a report about the spiritual hope of humankind **Edgar Cayce in**
