Edgar Cayce On Atlantis:

Edgar Cayce on Atlantis Edgar Evans Cayce, Edgar Cayce, 1968 Drawing on his readings and placed within the context of reincarnation Edgar Cayce offers evidence of the civilisation of Atlantis showing how its achievements and failures directly relate to the conflict and confusion of today **Edgar Cayce's Atlantis** Gregory L. Little, Lora Little, John Van

Auken, 2006-02 From the ancient Akashic Records renowned psychic Edgar Cayce gives an amazingly detailed and fascinating vision into the legendary world of Atlantis and its extraordinary people The section on the people and places of Atlantis is exclusive to Cayce's visions into this celebrated paradise Cayce's readings describe the powerful crystal the flying machines that could soar through the air under water and out into space the energy generators that harnessed the sun's rays and channeled them into building a magnificent country of luxury wealth and peace Cayce's discourses describe how the Atlanteans rejuvenated their bodies regularly allowing them to live hundreds of years longer than we do today But he also tells of how this great culture fell from grace and power destroying itself and its continent in the process In a strangely prophetic discourse Cayce says that many ancient Atlanteans are reincarnating in the world today bringing with them both the good and evil of that ancient land Drs Gregory and Lora Little and John Van Auken present this story in an absorbing narrative of the legends of Atlantis and the latest discoveries in the ongoing search for remnants of the lost continent The book contains over a hundred illustrations some never published before Included in the story of Atlantis are vignettes of the forgotten lands of Mu and Lemuria the legend of Lilith and Amilius Plato's history and strange creatures of Atlantean lore This book includes a complete description of and update on the three Atlantean record caches that Edgar Cayce identified and the modern day explorations seeking to find these lost halls of the ancient records Back cover **Atlantis** Edgar

Cayce, 2010-03 Edgar Cayce has been called the Sleeping Prophet the father of Holistic medicine and the most documented psychic of all time During Cayce's lifetime he gave more than 14 000 psychic readings on an amazing 10 000 different topics Some of the most fascinating readings were given on Atlantis According to the readings not only did Atlantis exist but the breadth of technology at that time surpassed our own In fact it was that civilization's unique use of a type of crystal energy that eventually led to the downfall of Atlantis over a period of several thousand years as it broke apart and into the ocean After a number of individuals who were given life readings by Cayce were told that they had been incarnated during a time in Atlantis a group of people working with Cayce decided to get a series of readings devoted solely to understanding Atlantis These readings were not given for individuals but for this group seeking information on this ancient and legendary land

Edgar Cayce on Atlantis Edgar Evans Cayce, 1962 *Edgar Cayce on Atlantis* Edgar Evans Cayce, 1978-06-01 **Edgar Cayce on the Lost City of Atlantis** Vincent Ortegón, 2024-02 This book delves into the histories of the lost continent of Atlantis as given from the words of Edgar Cayce the world's most documented clairvoyant During his time in Virginia Beach the Sleeping Prophet provided past life readings for nearly 1 600 individuals Roughly half the people he spoke to supposedly

experienced a past life in Atlantis He also claimed that the people who once inhabited Atlantis are again being reincarnated in the modern world at a rapid rate As Cayce explained during one of his trances As has been said much data has been received from time to time through psychic forces as respecting this continent s existence That the continent existed is being proven as a fact The POSITION of the continent and the like MUST be of interest to peoples in the present day for individuals are being born into the earth plane BY the spirits of those who inhabited such a continent 364 3 The Atlanteans of the past are bringing their skills and knowledge into the present age The engineers mathematicians and scientists of contemporary society likely developed their intellectual insights from their previous sojourns in the vanished land Cayce describes Atlantis as a thriving culture a place of high technological status The Atlanteans harnessed the powers of nature to bring about a high functioning society There were modes of transportation trains aircrafts seacrafts and levitating carriers The powers of crystals were used to magnify all aspects of human and geographical development Cayce says that the technologies of the Atlanteans are something that modern man has not been able to recreate reinvent or even reconsider It wasn t only the knowledge of science that the Atlanteans possessed but also the knowledge of the occult or psychic sciences that brought about such a grand world The entities that populated Atlantis possessed an array of supernatural mental abilities which they used to bring about one of the most supreme civilizations ever to grace the earth As time progressed error crept into existence Entities started becoming selfish seeking pleasure in all its forms Jealousy and anger ensued and hardships arose The entire region soon met its downfall due to the ignorance of its inhabitants The God given powers the Atlanteans inherited were being misused contributing to the land s destruction The fall of Atlantis didn t occur over the course of a day as Plato wrote Instead it was gradual happening over the course of months years decades or centuries Just like Atlantis the nations of the modern world have built up a degree of technology that has proven to be quite remarkable By using radio waves sonar technologies and gas and electric powered vehicles today s world can meet and exceed all the needs and desires of contemporary man Society is advancing at an exponential rate and systems are developing in ways that ancient man could never have created before the Industrial Revolution A technological transformation has once again come upon the earth and history seems to be repeating itself Human ingenuity is becoming more sophisticated more personalized more resourceful and more powerful than ever The forces of nature are again being used to bring prosperity to all countries However if the current world is not careful it could meet the same fate as its deceased ancestor nation Many questions arise about the departed territory of Atlantis and its peoples what were they like How did they live What was their lifestyle What did they know What troubles did they face and where did they go wrong How could such an advanced knowledgeable culture meet such a dire disastrous fate There are endless circumstances one can only envision Only by studying the myths and prophecies of the lost land can we begin to approach such questions and discover such answers Edgar Cayce's Atlantis and Lemuria Frank Joseph, 2001 Twenty four centuries after Plato left us his intriguing remarks about Atlantis Edgar Cayce began to talk

in an altered psychic state about a lost civilization on Lemuria Atlantis Pacific precursor Frank Joseph now takes a look via archeology and other fields at how modern discoveries are bolstering the idea that Atlantis and Lemuria really existed the disturbing parallels between those civilizations and our own and what those parallels may be telling us **Edgar Cayce's Origin and Destiny of Man** Lytle Webb Robinson,2008-02 Where did we come from Why are we here on Earth What is our purpose Lytle Robinson gives us a comprehensive interpretation of the fascinating story of our history and future here on earth as given by the Edgar Cayce readings The Edgar Cayce readings address the many questions whose answers have eluded us all in our quest for the truth about where we come from and where we are going What is the story of our creation Who were the sons of gods and the daughters of men How does mythology fit in with our history What is our purpose and destiny in the earth This is a captivating account you will not be able to put down or soon forget **Edgar Cayce on Atlantis. Under the Editorship of Hugh Lynn Cayce. (1. Publ. in Great Britain.)** Edgar Evans Cayce,1969

Mysteries of Atlantis Revisited Edgar E. Cayce,Gail Cayce Schwartzter,Douglas G. for the legend of Shangri La It might be categorized as a new age or philosophy book like the Celestine Prophecy since it focuses on his spiritual training and their teachings in a novel like format Hard to believe but interestingly the sub tropical region amongst the Himalayas that he describes finding was later documented by explorers from National Geographic then covered up there is still evidence of this Also interesting is that the author was apparently mentioned in the Edgar Cayce readings the famous American psychic whose books have sold millions of copies as someone who would one day bring an important message to the world
