Edgehill 1642 The First Battle Of The English Civil War:

Edgehill 1642 John Tincey, Keith Roberts, 2005 This book tells how on 23 October 1642 the Royalist and Parliamentary Armies met at Edgehill for their first major engagement The battle did not prove decisive and the stage was set for a prolonged and bloody civil war

The English Civil War Peter Gaunt, 2014-05-09 Sir God hath taken away your eldest son by a cannon shot It brake his leg We were necessitated to have it cut off whereof he died In one of the most famous and moving letters of the Civil War Oliver Cromwell told his brother in law that on 2 July 1644 Parliament had won an emphatic victory over a Royalist army commanded by King Charles I's nephew Prince Rupert on rolling moorland west of York But that battle Marston Moor had also slain his own nephew the recipient's firstborn In this vividly narrated history of the deadly conflict that engulfed the nation during the 1640s Peter Gaunt shows that with the exception of World War I the death rate was higher than any other contest in which Britain has participated Numerous towns and villages were garrisoned attacked damaged or wrecked The landscape was profoundly altered Yet amidst all the blood and killing the fighting was also a catalyst for profound social change and innovation Charting major battles raids and engagements the author uses rich contemporary accounts to explore the life changing experience of war for those involved whether musketeers at Cheriton dragoons at Edgehill or Cromwell's disciplined Ironsides at Naseby 1645

The English Civil War Nick Lipscombe, 2020-09-17 The English Civil War is a joy to behold a thing of beauty this will be the civil war atlas against which all others will be judged and the battle maps in particular will quickly become the benchmark for all future civil war maps Professor Martyn Bennett Department of History Languages and Global Studies Nottingham Trent University The English Civil Wars 1638-51 comprised the deadliest conflict ever fought on British soil in which brother took up arms against brother father fought against son and towns cities and villages fortified themselves in the cause of Royalists or Parliamentarians Although much historical attention has focused on the events in England and the key battles of Edgehill Marston Moor and Naseby this was a conflict that engulfed the entirety of the Three Kingdoms and led to a trial and execution that profoundly shaped the British monarchy and Parliament This beautifully presented atlas tells the whole story of Britain's revolutionary civil war from the earliest skirmishes of the Bishops Wars in 1639-40 through to 1651 when Charles II's defeat at Worcester crushed the Royalist cause leading to a decade of Stuart exile Each map is supported by a detailed text providing a complete explanation of the complex and fluctuating conflict that ultimately meant that the Crown would always be answerable to Parliament

Edgehill From the keyhole Edwin Alfred Walford, 2014-07-21 The Battle of Edgehill of 22 October 1642 was the first great engagement of the English Civil War It was fought in the open fields between the villages of Radway and Kineton in Warwickshire At the end of the day although neither side at Edgehill could claim a decisive victory the result was that Charles won in so far as the road to London was now open to him However Charles did not take advantage of his opportunity His natural caution asserted itself and by the time his troops reached Reading Essex had regained London and a

consolidate their position prior to a final advance on London in August the Royalists laid siege to Gloucester However an anticipated easy success met with stern resistance until the garrison was eventually relieved by Parliament's principal remaining field army under the Earl of Essex But Essex now deep in hostile territory faced the difficult task of getting back safely to London A race with the king's forces ensued culminating in Essex's road being barred at Newbury Cut off from his base Essex had to stand and fight in a battle whose loss would mean the destruction of his army and in all probability total defeat for the Parliamentary cause On September 20 1643 some 30 000 men met outside Newbury in one of the largest battles of the English Civil War John Barratt's history the first detailed study of the battle of Newbury for over a century reveals a new interpretation of the battle and discovers the real reason why the Royalists lost
