Education and Society in Late Imperial China, 1600-1900 Benjamin A. Elman, Alexander Woodside, 2023-11-15 This comprehensive volume integrates the history of late imperial China with the history of education over three centuries revealing the significance of education in Chinese social political and intellectual life A collaboration between social and intellectual historians these fifteen essays provide the most wide ranging study in English on China s education in the centuries before the modern revolution This comprehensive

volume integrates the history of late imperial China with the history of education over three centuries revealing the significance of education in Chinese social political and intellectual life A collaboration between social and int *War and Society in Early Modern Europe* Frank Tallett,2016-02-08 *War and Society in Early Modern Europe* takes a fresh approach to military history Rather than looking at tactics and strategy it aims to set warfare in social and institutional contexts Focusing on the early modern period in western Europe Frank Tallett gives an insight into the armies and shows how warfare had an impact on different social groups as well as on the economy and on patterns of settlement *Mobility, Elites and Education in French Society of the Second Empire* Patrick J. Harrigan,2006-01-01 Based on a unique historical source this book examines the social origins career expectations and first jobs of 28 000 students in the elitist French secondary schools of the 1860s Using sophisticated statistical analysis as well as conventional historical sources the work concludes that schooling reached a wider audience than has been so far believed and that substantial social mobility occurred within the school system but that family background rather than educational factors directed students career aspirations and achievements It also argues that although education expanded in urban industrialized areas mobility did not increase in these areas A final chapter reconsiders nineteenth century thought concerning education in the light of findings about the social effects of schools **The Cambridge Handbook of Literacy** David R. Olson,Nancy Torrance,2009-02-16 This volume demonstrates how literacy is more than learning to read and write Literacy creates communities organizes personal and social lives makes possible civil society and the rule of law and underwrites the commitment of both modern and developing societies to universal education and ever higher levels of literate competence Everything that is involved in being and becoming literate is the concern of this interdisciplinary group of distinguished scholars **Toward a Social History of Knowledge** Fritz K. Ringer,2000 One of the foremost historians of intellectual life and education in Germany Fritz Ringer has brought together in this volume several of his articles most of which are not easily available are published here in English for the first time They focus on a whole range of contemporary and historical debates about the relationship between ideas and their context the role of education and middle class consciousness the social role of academics and intellectuals and competing ideals of learning science and history *Religious Education in Pre-Modern Europe* Ilinca Tanaseanu-Döbler,Marvin Döbler,2012-09-28 Although religious education is a crucial topic in present day History of Religions its study focuses on contemporary phenomena and is still undertheorised The present volume proposes a comprehensive theoretical framework based on interdisciplinary case studies of religious education in pre modern Europe **Schooling in Western Europe** Mary Jo Maynes,1985-01-01 Mary Jo Maynes looks to school reform in early modern Europe to show the relevance of early ideas about schooling for understanding contemporary society She presents the competing perspectives on issues such as the identity and motivations of school reformers the broad societal changes that made educational reform seem imperative toward the end of the eighteenth century all over the West the connections between educational change and economic

development the role of schools in the evolution of class relations the impact of reform on family strategies in the context of early industrialization The work concludes by assessing historical data on the social impact of school reform and addressing the social meaning of schooling in the past and in the present *Education, Religion and Society* Dennis Bates, Gloria Durka, Friedrich Schweitzer, 2006 This volume brings together international scholars to honour the contributions of Professor John Hull to the field of religious education and practical theology exploring and discussing the debates and issues of a variety of important themes Law and the Formation of Modern Europe Mikael Rask Madsen, Chris Thornhill, 2014-07-10 Presents a series of distinct sociological inquiries into the formation of contemporary European law and society Elite Women and Polite Society in Eighteenth-century Scotland Katharine Glover, 2011 Women are shown to have played an important and very visible role in society at the time Fashionable polite society of this period emphasised mixed gender sociability and encouraged the visible participation of elite women in a series of urban often public settings Using a variety of sources both men s and women s correspondence accounts bills memoirs and other family papers this book investigates the ways in which polite social practices and expectations influenced the experience of elite femininity in Scotland in the eighteenth century It explores women s education and upbringing their reading practices the meanings of the social spaces and activities in which they engaged and how this fed over into the realm of politics and the fashion for tourism at home and abroad It also asks how elite women used polite social spaces and practices to extend their mental horizons and to form a sense of belonging to a public at a time when Scotland was among the most intellectually vibrant societies in Europe
