## **Education Employment And Migration:**

*Education, Employment, and Migration* Paul Ritterband, 1978-01-27 This 1978 study of the international migration of high level manpower popularly referred to as the brain drain considers the relationship between education and occupational success

**Migration, Education and Employment** Marianne Teräs, Ali Osman, Eva Eliasson, 2023-10-13 This is an open access book which focuses on different aspects of education employment and successful integration of migrants in three countries Norway Sweden and Switzerland The chapters in this book reflect on these issues from micro meso and macro perspectives some are based on interviews with migrants and people who work with them others on documents and literature about migration There are different pathways for skilled migrants to vocations Some start working in their previous vocations after arriving in the new environment Some re enter their professions but on a lower level Some can re train themselves in a new vocation and some will go to further education as studies in different chapters of this book suggest Common for successful integration seems to be several intertwined factors the target language competence strong motivation and agency supporting networks and supporting persons as well as structural opportunities of the new environment The book's editorial board takes an eclectic view hoping to start an academic debate about what successful integration means While discussions about the integration of migrants tend to focus on integration failures there are millions of migrants in different countries who have successfully integrated into their new societies

**Student Mobility Since the Expansion of Higher Education in China** Liping Ma, 2023-09-01 Using a nationally representative data set this book examines the characteristics of Chinese college students mobility since the expansion of higher education It analyses college graduates mobility in both horizontal and vertical dimensions The horizontal dimension shows college students migration directions and location changes including migration for college migration for employment migration for grassroots positions migration away from the capital and migration back to their hometown The vertical dimension includes students intergenerational occupational mobility and intergenerational regional mobility Drawing on theories in education and economics the book provides a solid framework for empirically analysing the characteristics causes and economic and non economic benefits of different forms of mobility This book not only offers insights into China's higher education policies and their impact on the regional and intergenerational mobility decisions of college graduates over the past two decades but also has important implications for other countries at similar stages of social and economic development This book is an excellent read for students and scholars of education economics and East Asian studies It can also help policymakers understand the characteristics of students mobility and the underlying reasons for their choices so that they can propose effective policies in the future

*OECD Reviews of Vocational Education and Training Unlocking the Potential of Migrants Cross-country Analysis* Jeon

Shinyoung, 2019-09-26 Among the millions of asylum seekers who recently arrived in OECD countries the majority are young people who may be able to take advantage of vocational education and training VET opportunities to help them enter skilled

employment This report provides advice to governments and other stakeholders who are seeking to use VET to promote integration in particular for young humanitarian migrants While the study draws particularly on policy and practice observed in Germany Italy Sweden and Switzerland it also highlights other international practices     Marginality, Migration and Education Winniefridah Matsa,2020-12-21 This book provides a missing link between marginality migration and education in Zimbabwe focusing on the educational experiences of migrants children in an effort to influence government policies concerning migrant parents and their left behind children While there is a large body of knowledge on the education of children of immigrants in destination countries this book aims to fill in the gap by addressing the children who do not migrate with their parents Through this unique approach the book examines the education statuses of these left behind children offering insights into their educational challenges rights and inequities to better inform policy decisions to meet the 2030 education agenda for action established by the United Nations in 2015 The book will of interest and use to governments NGOs teachers and local communities in Africa as a resource to better understand the situation of migrants left behind children as a category of vulnerable children in difficult circumstances     Education, Immigration and Migration Khalid Arar,Jeffrey S. Brooks,Ira Bogotch,2019-07-10 This edited volume investigates how the role of leadership in education in various countries from around the world have been designed and implemented through educational policies and national cultures to meet the needs of new displaced and mobile groups of migrants and refugees     *Migration and Development in Africa* Steve Tonah,Mary Boatemaa Setrana,John A. Arthur,2017-08-28 There are only a few studies that analyze the complex relationship between Migration and development in Africa The book presents the main trends in African migration since the last two decades It analyzes the major migration trends the various migration hubs across the continent and the underlying factors explaining the changing nature of migration across the continent A few of the chapters in the book examine the phenomenon of migration from a national perspective by focusing on migration trends in countries such as Ghana Cameroon Kenya and Nigeria Two chapters examine the migration links between Africa and Europe with one of them focusing on the political links between Ghana and the Netherlands while the other focuses on economic exchanges between the Cameroonian diaspora in Germany and selected groups and organizations in Cameroon The uniqueness of this book lies in the varied disciplinary viewpoints used by the authors in explaining the phenomenon of migration and development in Africa The authors are specialists in the fields of sociology anthropology geography history philosophy and migration studies Examining migration from so many different perspectives enriches the analysis and brings in new insights that would otherwise have been missing with the use of a single disciplinary perspective The book recommends the need for policy coordination by national governments of both origin and destination countries to manage the size and composition of migrants Most migrant receiving countries prefer to receive professionals and persons with the required skills and training while keeping out the bulk of untrained and lowly skilled persons The result of this is that most migrants leave their countries and enter their

destination countries illegally swelling the numbers of undocumented immigrants      **Combating Child Labour A Review of Policies** OECD,2003-09-07 This important book seeks to answer fundamental questions about child labour s economic causes the working conditions children endure implications of their labour for the economic outlook of the countries concerned and actions and policies to combat it      Migration and Development in the South Pacific John Connell,1990
