**Education—America's Civil Religion** Carl L. Bankston, Stephen J. Caldas, 2015-04-18 In this volume the authors argue that public education is a central part of American civil religion and thus gives us an unquestioning faith in the capacity of education to solve all of our social economic and political problems The book traces the development of America's faith in public education from before the Civil War up to the present exploring recent educational developments such as the No Child Left Behind legislation The authors discuss how this faith in education often makes it difficult for Americans to think realistically about the capacities and limitations of public schooling Bringing together history politics religion sociology and educational theory this in depth examination raises fundamental questions about what education can accomplish for the citizens of the United States points out that many supposedly opposing viewpoints on public education actually arise from the same root assumptions exposes the gaps between our pursuit of equity in schools and what we really accomplish with students looks at ways in which education can be organized to serve a diverse population *Family Economics and Public Policy, 1800s-Present* Megan McDonald Way, 2018-08-29 This book explores family economic decision making in the United States from the nineteenth century through present day specifically looking at the relationship between family resource allocation decisions and government policy It examines how families have responded to incentives and constraints established by diverse federal and state policies and laws including the regulation of marriage and of female labor force participation child labor and education policies including segregation social welfare programs and more The goal of this book is to present family economic decisions throughout US history in a way that contextualizes where the US economy and the families that drive it have been It goes on to discuss the role public policies have played in that journey where we need to go from here and how public policies can help us get there At a time when American families are more complex than ever before this volume will educate readers on the often unrecognized role that government policies have on our family lives and the uncelebrated role that family economic decision making has on the future of the US economy The Oxford Handbook of the History of Education John L. Rury, Eileen Tamura, 2019 This handbook offers a global perspective on the historical development of educational institutions systems of schooling educational ideas and educational experiences Its 36 chapters consider the field's changing scholarship while examining particular national and regional themes and offering a comparative perspective Each also provides suggestions for further research and analysis A Christian America Restored Robert Glenn Slater, 2019-08-13 Protestant evangelical Christian schools are the fastest growing segment of American private school education Despite their notable individual autonomy these schools have retained a consistent belief system and mission over several decades Private religious schools can be traced to our nation's earliest origins Why is it that these unique educational institutions arose in twentieth century America and have continued to thrive A Christian America Restored seeks to delve into the beginnings of private Christian schools and discovers that while they are relatively new on the educational landscape of America their roots are actually quite deep connecting with the ongoing dreams of our nation's conservative evangelicals
