denotes the degree of importance of some thing or action with the aim of determining what actions are best to do or what way is best to live or to describe the significance of different actions It may be described as treating actions themselves as abstract objects putting value to them It deals with right conduct and living a good life in the sense that a highly or at least relatively highly valuable action may be regarded as ethically good and an action of low in value or somewhat relatively low in value may be regarded as bad What makes an action valuable may in turn depend on the ethic values of the objects it increases decreases or alters An object with ethic value may be termed an ethic or philosophic good Values can be defined as broad preferences concerning appropriate courses of action or outcomes As such values reflect a person s sense of right and wrong or what ought to be Equal rights for all Excellence deserves admiration and People should be treated with respect and dignity are representative of values Values tend to influence attitudes and behavior Types of values include ethical moral values doctrinal ideological values social values and aesthetic values It is debated whether some values that are not clearly physiologically determined such as altruism are intrinsic and whether some such as acquisitiveness should be classified as vices or virtues Environmental education EE refers to organized efforts to teach how natural environments function and particularly how human beings can manage behavior and ecosystems to live sustainably It is a multi disciplinary field integrating disciplines such as biology chemistry physics ecology earth science atmospheric science mathematics and geography *Value-Creating Global Citizenship Education* Namrata Sharma, 2018-03-27 This book fills an existing gap

within the practice of global citizenship education by offering Asian perspectives In this book Soka or value creating education developed by the Japanese educators Tsunesaburo Makiguchi 1871 1944 and Daisaku Ikeda b 1928 is compared to the ideas of the Indian political leader Mahatma Gandhi 1869 1948 This study of their respective thoughts and movements has a significant bearing on the three domains of learning within the global citizenship education conceptual dimensions of UNESCO the cognitive socio emotional and behavioral This book deftly combines theoretical discussions with themes and suggestions for practice and future research *Value Education And NEP 2020* Dr. Anjali Shah , 2023-02-14 The NEP 2020 places a special focus on the individual s ability to develop their creative potential It is founded on the premise that education must develop not just cognitive skills but also social ethical including emotional capacities they provide a person s character both purpose and resilience One may readily introspect and evaluate the inculcation of values via behaviors since values are

openly expressed in behaviors There are many different values and they can be categorized depending on their level of significance In this world of confusion and chaos which is further enhanced by injustice values are the only thing that have the ability to channelize in the appropriate direction

ADJUSTMENT ABILITY : VALUE-ORIENTED EDUCATION AND INTELLIGENCES Dr. C. Arundhathi Bai and Dr. Prem Shankar Srivastava, 2023-12-01 Throughout human life there is a continuity of running behind different needs which may or may not be satisfied At the same time due to rapid and unexpected changes in the society and environment human personality and the behavior are being affected Living in a society to lead a healthy and successful life there is a need to compromise and build a harmonious relationship with the society and environment And this compromise between the needs of the individual and the demands of the community in which one lives is termed as Adjustment by many psychologists The concept of Adjustment was first given by Darwin who used it as an adaptation to survive in the physical world Adjustment is an essential factor in the life of human which is a continuous process and ends with life

Value Education And NEP 2022 Dr. Ranjit Kaur, Dr. Lavudya Thirupathi, Dr. Bhawna Sangeet, Prof. Vijay Kumar Sharma, Value education is the process through which individuals and communities instill moral values in one another There are many different values and they can be categorized depending on their level of significance In this world of confusion and chaos which is further enhanced by injustice values are the only thing that have the ability to channelize in the appropriate direction An education in values is thus an antidote for a mind that is confused The values that a person upholds are analogous to the rails that hold a train in place and allow it to go smoothly rapidly and in the desired direction Individuals are driven to have a high regard for themselves and their characteristics by the values that lie deep inside them The purpose of this book is to provide a concise introduction to the education system in India with particular attention paid to the new education policy and value education The Ministry of Human Resource Development MHRD has presented the National Educational policy for the year 2000 also known as NEP 2000 to the people of the contemporary country The NEP 2000 initiative has resulted in increased value for libraries of all types and levels including public and academic libraries The new strategy placed an emphasis on the library system's infrastructure its services and its operations The new strategy also incorporates Information and Communication Technology ICT digital online and other forms of facilities and services that are one of a kind and available to all different kinds of readers throughout the country
