*Educational Psychology, Active Learning Edition, My Lab School Edition* Anita Woolfolk, Anita Woolfolk Hoy, 2004-12-01

The best selling Educational Psychology has been reformatted and chunked to give instructors greater course flexibility and to help students master the material easily. Derived from Anita Woolfolk's market leading Educational Psychology Ninth Edition, the most thorough, accessible, and authoritative text on the market, the Active Learning Edition breaks the material into manageable modules. To provide customers with an alternative version to the longer chapters of the standard 9th Edition, that version's 15 chapters now appear as 43 briefer modules which are easy to cover in shorter academic terms and will make learning easier for students. In addition to presenting comprehensive expert coverage of all topics teachers need to understand about how students learn and all the classroom applications for which the author is justly renowned, the modules are grouped into clusters that allow for deeper context and background for each topic. Further, each module is a self-contained learning unit with learning objectives and review questions. Check Yourself that provide immediate reinforcement of key concepts and build students' confidence in their grasp of the material.

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab Mastering products, you will also need a Course ID which your instructor will provide. Used books, rentals, and purchases made outside of Pearson. If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. This package includes the loose leaf version and MyEducationLab with Enhanced Pearson eText. A lucid, jargon-free writing style combines with a clear emphasis on educational psychology's practical relevance for teachers and students in classrooms to give this widely popular text a state-of-the-art presentation of the field of educational psychology. Exceptionally applied and replete with examples, lesson segments, case studies, and practical ideas from experienced teachers, *Educational Psychology* by Anita Woolfolk looks at teaching from the student's perspective and shows how students learn and retain information. The new edition continues its emphasis on the educational implications and applications of research on child development, cognitive science, learning, motivation, teaching, and assessment. It includes expanded coverage of the brain and neuroscience, models of quality teaching, student diversity, technology, and learning, and moral development, as well as an entire Cluster devoted to language development, language diversity, and immigrant education. Personalize learning with MyEducationLab. MyEducationLab is an online homework, tutorial, and assessment program designed to work with the text to engage students and improve results. Within its structured environment, students see key concepts demonstrated through real classroom video footage, practice what they learn, test their understanding, and receive feedback to guide their learning and ensure they master key learning outcomes. 0134240790 9780134240794
