voiced arguments for and against abortion with the aim of assessing them from a position that is as unbiased as possible

**Abortion and Social Responsibility** Laurie Shrage, 2003 Shrage argues that Roe v Wade's regulatory scheme of a six month time span for abortion on demand polarized the public and obscured alternatives with potentially broader support She explores the origins of that scheme then defends an alternate one with a time span shorter than 6 months for non therapeutic abortions that could win broad support needed to make legal abortion services available to all women *Frankly Feminist* Carol Hanisch, 1997 Fanaticism and the History of Philosophy Paul Katsafanas, 2023-11-07 Voltaire called fanaticism the monster that pretends to be the child of religion Philosophers politicians and cultural critics have decried fanaticism and attempted to define the distinctive qualities of the fanatic whom Winston Churchill described as someone who can't change his mind and won't change the subject Yet despite fanaticism's role in the long history of social discord human conflict and political violence it remains a relatively neglected topic in the history of philosophy In this outstanding inquiry into the philosophical history of fanaticism a team of international contributors examine the topic from antiquity to the present day Organized into four sections topics covered include Fanaticism in ancient Greek Indian and Chinese philosophy Fanaticism and superstition from Hobbes to Hume including chapters on Locke and Montesquieu Shaftesbury and Hutcheson Kant Germaine de Staël Hegel Nietzsche William James and Jorge Portilla on fanaticism Fanaticism and terrorism and extremism and gender including the philosophy and morality of the manosphere Closed mindedness and political and epistemological fanaticism Spanning themes from superstition enthusiasm and misanthropy to the emotions purity and the need for certainty Fanaticism and the History of Philosophy is a landmark volume for anyone researching and teaching the history of philosophy particularly ethics and moral philosophy It is also a valuable resource for those studying fanaticism in related fields such as religion the history of political thought sociology and the history of ideas Social Problems in a Free Society Myles J. Kelleher, 2004-09-02 The future of the sociologist's profession is jeopardized by an ongoing trend toward the politicization of sociology and the radicalization of social problems This book calls for the rethinking of the culture of social political and economic liberty to create a resurgence of a sociological agenda Social Problems in a Free Society offers an original perspective on social problems such as violations of the principles of individual rights and the free market This book is a vision for reinvigorating the discipline in a fashion undreamt of within the wearisome strains of today's radical social problems theory Wrapping and Unwrapping Material Culture Susanna Harris, Laurence Douny, 2016-06-16 This innovative volume challenges contemporary views on material culture by exploring the relationship between wrapping materials and practices and the objects bodies and places that define them Using examples as diverse as baby swaddling Egyptian mummies Celtic tombs lace underwear textile clothing and contemporary African silk the dozen archaeologist and anthropologist contributors show how acts of wrapping and unwrapping are embedded in beliefs and thoughts of a particular time and place Employing methods of artifact analysis microscopy and participant observation the contributors provide a new

lens on material culture and its relationship to cultural meaning      Abortion in the Age of Unreason Warren M. When they do it together that is the definition of conspiracy. This story of true crime includes bogus research, bribes, compromised experts, paid conspirators, destruction of evidence, and massive publicity campaigns to discredit people and truths that don't fit official wishes.
