## **Feudal Society Volume 2 Social Classes And Political Organization:**

**Feudal Society** Marc Lőpold Benjamin Bloch,2002-11 Feudal Society discusses the social and economic conditions in which feudalism developed providing a deep understanding of the processes at work in medieval Europe **Feudal Society. Volume 2. Social Classes and Political Organization** Marc Bloch,1962 *Feudal Society, Volume 1* Marc Bloch,1961 Describes social political and economic conditions that contributed to the development of and characterized European feudal society Bibliogs **Feudal Society: The growth of ties of dependence** Marc Bloch,1974 **The Social Structure of Right and Wrong** Donald Black,2014-05-10 The Social Structure of Right and Wrong focuses on formulations that predict and explain the nature of social control throughout the world and across history The publication first offers information on social control as a dependent variable crime as a social control and compensation and the social structure of misfortune Discussions focus on the theory of compensation traditional self help concept of social control varieties of normative behavior models of social control and quantity of normative variation The text then elaborates on social control of the self and elementary forms of conflict management The manuscript takes a look at the theory of third party and on taking sides including legal latent and slow partisanship social gravitation models of partisanship settlement roles partisanship in tribal societies and typology of third parties The text then examines the factors involved in making enemies as well as social repulsion moral evolution and third party and unilateral moralism The publication is a dependable source of data for sociologists and researchers interested in the social structure of right and wrong **State Formation, Regime Change, and Economic Development** Jørgen Møller,2016-12-19 Failed or weak states miscarried democratizations and economic underdevelopment characterize a large part of the world we live in Much work has been done on these subjects over the latest decades but most of this research ignores the deep historical processes that produced the modern state modern democracy and the modern market economy in the first place This book elucidates the roots of these developments The book discusses why China was surpassed by Europeans in spite of its early development of advanced economic markets and a meritocratic state It also hones in on the relationship between geopolitical pressure and state formation and on the European conditions that from the Middle Ages onwards facilitated the development of the modern state modern democracy and the modern market economy Finally the book discusses why some countries have been able to follow the European lead in the latest generations whereas other countries have not State Formation Regime Change and Economic Development will be of key interest to students and researchers within political science and history as well as to Comparative Politics Political Economy and the Politics of Developing Areas *Bandits and Bureaucrats* Karen Barkey,2018-10-18 Why did the main challenge to the Ottoman state come not in peasant or elite rebellions but in endemic banditry Karen Barkey shows how Turkish strategies of incorporating peasants and rotating elites kept both groups dependent on the state unable and unwilling to rebel Bandits formerly mercenary soldiers were not interested in rebellion but concentrated on trying to gain

state resources more as rogue clients than as primitive rebels The state's ability to control and manipulate bandits through deals, bargains and patronage suggests imperial strength rather than weakness she maintains Bandits and Bureaucrats details in a rich archivally based analysis state society relations in the Ottoman empire during the sixteenth and seventeenth centuries Exploring current eurocentric theories of state building the author illuminates a period often mischaracterized as one in which the state declined in power Outlining the processes of imperial rule Barkey relates the state political and military institutions to their social foundations She compares the Ottoman route with state centralization in the Chinese and Russian empires and contrasts experiences of rebellion in France during the same period Bandits and Bureaucrats thus develops a theoretical interpretation of imperial state centralization through incorporation and bargaining with social groups and at the same time enriches our understanding of the dynamics of Ottoman history

**The Executive Way** Calvin Morrill, 1996-10 What causes conflict among high level American corporate executives How do executives manage their conflicts Based on remarkably candid interviews with over two hundred executives and their support personnel Calvin Morrill provides an intimate portrait of these men and women as they cope with problems usually hidden from those outside their exclusive ranks Personal and corporate scandals compensation battles budget worries interdepartmental rivalries personal enmities and general rancor are among everyday challenges faced by executives Morrill shows that what most influences the way managers handle routine conflicts are the cultures created by their company's organizational structure whether there is a strong hierarchy a weak hierarchy or an absence of any strong central authority The issues most likely to cause conflict within corporations Morrill identifies as managerial style competition between departments and performance evaluations promotions and compensation Unprecedented in its direct access to top managers this ambitious and sophisticated portrayal of daily life and conflict management among corporate elites will be vital reading for professionals scholars and practitioners in organizational culture and behavior managerial decision making dispute social control law and society and organizational ethnography

**Star Trek and History** Nancy R. Reagin, 2013-03-05 A guide to the history that informs the world of Star Trek just in time for the next JJ Abrams Star Trek movie For a series set in our future Star Trek revisits the past constantly Kirk and Spock battle Nazis Roman gladiators and witness the Great Depression When they're not doubling back on their own earlier timelines the crew uses the holodeck to spend time in the American Old West or Victorian England Alien races have their own complex and fascinating histories too The Star Trek universe is a sci fi imagining of a future world that is rooted in our own human history Gene Roddenberry created a television show with a new world and new rules in order to comment on social and political issues of the 1960s from the Vietnam War and race relations to the war on terror and women's rights Later Star Trek series and films also grapple with the issues of their own decades HIV ecological threats the collapse of the

Soviet Union and terrorism How did Uhura spur real life gender and racial change in the 1960s Is Kirk inextricably linked with the mythical Old West What history do the Klingons share with the Soviet Union Can Nazi Germany shed light on the history and culture of the Cardassians Star Trek and History explains how the holodeck is as much a source for entertainment as it is a historical teaching tool how much of the technology we enjoy today had its conceptual roots in Star Trek and how by looking at Norse mythology we can find our very own Q Features an exclusive interview with Nichelle Nichols the actress behind the original Lt Uhura conducted at the National Air and Space Museum Explains the historical inspiration behind many of the show's alien races and storylines Covers topics ranging from how stellar cartography dates back to Ancient Rome Greece and Babylonia to how our Great Books of western literature continue to be an important influence to Star Trek's characters of the future Includes a timeline comparing the stardates of Star Trek's timeline to our own real world history Filled with fascinating historical comparisons Star Trek and History is an essential companion for every Star Trek fan

**The Catholic Church and European State Formation, AD 1000-1500** Jørgen Møller, Jonathan Stavnskær Doucette, 2022 The Catholic Church and European State Formation AD 1000 1500 inserts the Catholic Church as the main engine of the persistent international and domestic power pluralism which has moulded European state formation for almost a millennium

*Two Paths to Prosperity* Avner Greif, Joel Mokyr, Guido Tabellini, 2025-11-04 How the social organization of Europe and China shaped their divergent economic and political trajectories over the past millennium In the eleventh century when Europe was still backward and poor China was a rich and sophisticated civilization Yet Europe became the birthplace of democracy and the Industrial Revolution driving the Great Enrichment while China stagnated until the end of the twentieth century and was always ruled by autocracies Two Paths to Prosperity traces the emergence of two very different social organizations in premodern China and Europe the clan and the corporation showing how they were key factors in the economic and political divergence of these two great civilizations In this landmark book three leading economists offer a bold new account of why Europe and China evolved along such different trajectories In the early Middle Ages public goods like risk sharing religious worship education and conflict resolution were provided by nonstate organizations in both societies China increasingly relied on kin based cooperation within clans while weaker kinship ties in Europe gave rise to corporations such as guilds universities and self governing towns Despite performing similar functions clans and corporations were built on very different principles with lasting consequences until today Providing a novel answer to a fundamental question in economic and political history Two Paths to Prosperity shows

how extended kinship in Chinese society facilitated the consolidation of autocracy and hindered innovation and economic development and how corporations in Europe influenced emerging state institutions and set the stage for the Industrial Revolution

**The Ancestry of Regional Spatial Planning** Louis C. Wassenhoven, 2018-09-20 This book is not a historical or archaeological treatise but rather a study in which the author looks at the past not as a historian but as a planner who has the ambition to unravel the early manifestations of his discipline a discipline which did not exist as such in remote periods but the ingredients of which were nevertheless present The author has observed the past equipped with knowledge and understanding of what regional planning was in the second half of the twentieth century and still is He stands in the period of the first decades after the Second World War which were the formative years of regional planning and looks back at bygone ages He discusses ideas and literature from the immediate post war period in order to examine the ancestry of regional planning through their lens The book will attract a broad range of readers because of its approach and its wide coverage of historical periods and world regions Although Europe is the main focus the book contains material on all continents and all periods the ancient world the medieval age and the modern era The history of Urban Planning is taught and researched widely but the history or pre history before the twentieth century of Regional Spatial Planning is not This book will fill that vacuum

*A History of Western Public Law* Bruno Aguilera-Barchet, 2014-12-31 The book outlines the historical development of Public Law and the state from ancient times to the modern day offering an account of relevant events in parallel with a general historical background establishing and explaining the relationships between political religious and economic events

**Power in Business and the State** Frank Bealey, 2002-11 It is commonplace that political power is becoming more centralized and remote This ground breaking book argues that this happened through a slow development which began before globalisation

**The Broadview Anthology of Social and Political Thought**, *Rural Protest on Prince Edward Island* Rusty Bittermann, 2006-01-01 In *Rural Protest on Prince Edward Island* Rusty Bittermann examines this conflict and the dynamic of rural protest on the Island from its establishment as a British colony in the 1760s to the early 1840s The focus of Bittermann's study is the remarkable mass movement known as the Escheat movement which emerged in the 1830s in the context of growing popular challenges elsewhere in the Atlantic World The Escheat movement aimed at resolving the land question in favour of tenants by having the state resume escheat the large grants of land that created landlordism on the Island Although it ultimately gained control of the assembly in the late 1830s the Escheat movement did not produce the land policies that tenants and their allies advocated
