The Book of Romance Various

Various, 2016-08-05 It is to be supposed that children do not read Prefaces these are Bluebeard's rooms which they are not curious to unlock A few words may therefore be said about the Romances contained in this book In the editor's opinion romances are only fairy tales grown up The whole mass of the plot and incident of romance was invented by nobody knows who nobody knows when nobody knows where Almost every people has the Cinderella story with all sorts of variations a boy hero in place of a girl heroine a beast in place of a fairy godmother and so on The Zu is an agricultural tribe of New Mexico have a version in which the moral turns out to be against poor Cinderella who comes to an ill end The Red Indians have the tale of Orpheus and Eurydice told in a very touching shape but without the music On the other hand the negroes in the States have the Orpheus tale adapted to plantation life in a form which is certainly borrowed from Europeans This version was sent to me some years ago by Mr Barnet Phillips Brooklyn New York and I give it here for its curiosity If the proper names Jim Orpus and Dicey had not been given we might not feel absolutely certain that the story was borrowed It is a good example of adaptation from the heroic age of Greece to the servile age of Africans All the romances are written by Mrs Lang except the story of Grettir the Strong done by Mr H S C Everard from the saga translated by Mr William Morris The Drawing of the Sword The Questing Beast The Sword Excalibur The Story of Sir Balin How the Round Table began The Passing of Merlin How Morgan Le Fay tried to kill King Arthur What Beaumains asked of the King The Quest of the Holy Graal The Fight for the Queen The Fair Maid of Astolat Lancelot and Guenevere The End of it All The Battle of Roncevalles The Pursuit of Diarmid Some Adventures of William Short Nose Wayland the Smith The Story of Robin Hood The Story of Grettir the Strong

Tales of King Arthur and the Round Table Andrew Lang, 2016-08-25 The tales of King Arthur and his Knights are of Celtic origin The Celts were the people who occupied Britain at the time when the history of the country opens and a few words are necessary to explain why the characters in the stories act and speak as though they belonged to a later age It is believed that King Arthur lived in the sixth century just after the Romans withdrew from Britain and when the Britons left to defend themselves against the attacks of the marauding Saxons rose and defeated them at Mount Badon securing to themselves peace for many years It was probably about this time that King Arthur and his company of Knights performed the deeds which were to become the themes of stories and lays for generations afterwards In olden times it was the custom of minstrels and story tellers to travel through the land from court to court telling of tales of chivalry and heroism and for many

centuries the tales of King Arthur formed the stock from which the story teller drew In this way the stories came to be handed down from father to son in Brittany whose people are of the same family as the Welsh as well as in Wales and England and by this means alone were they prevented from being lost But in the reigns of Henry II and Richard I they were set down on paper and so became literature Before this however a British writer had written out some of the tales and from him as well as from the lips of the bards and story tellers of their own generation the writers in the time of Henry II were able to collect their information vi Now it will be remembered that the second and third crusades were being carried on during the reigns of Henry II and Richard I and many English and French Knights were therefore fighting in the fields of Palestine The story teller whose living depended on the welcome his stories met with instead of telling them according to tradition altered them to suit the tastes of his hearers

The Book of Romance Andrew Lang, 2021-06-08 Comprised of nineteen tales The Book of Romance by Andrew and Leonora Lang is an adventurous 19th century collection of ancient lore After the death of their king the lands of Britian were left without a ruler but received a prophecy from the great wizard Merlin He told the kingdom that their new king would emerge after proving themselves worthy of Excalibur a might sword stuck in a stone As the nation waited Arthur a meek unexpecting boy attempted to retrieve the sword not for himself but on behalf of another However as the young boy pulled Excalibur out of its sheath of stone he proved himself noble and deserving of the throne thus beginning a new era Featuring the adventures of popular members of King Arthur s court such as Sir Lancelot Sir Percival Merlin Sir Bors and Guinevere The Book of Romance depicts familiar stories in an original and charming way With dragons quests magic knights and adventures this captivating collection allows readers to divulge into the medieval culture of King Arthur s reign This edition of The Book of Romance by Andrew and Leonora Lang now features an eye catching new cover design and is printed in a font that is both modern and readable With these accommodations this edition of The Book of Romance creates an accessible and pleasant reading experience for modern audiences while restoring the original imagination and mastery of Andrew and Leonora Lang s work
