Reading Uncensored Palladio in Light of Australian Vernacular Architecture Antonia Clarkeson,2024-12-20 In this book Clarkeson reads Palladio s drawings as being carefully crafted having integrity in their own right with their own story to tell and meant to be measured Claiming Palladio s rightful place in the history of metrology Clarkeson represents Palladio s work as part of the Italian contribution to the debate about the desired features of a universal metric measure

Clarkeson turns architecture on its head to focus on feet as units of vibrant metre capturing insights from the architectural interests of Isaac Newton and Francis Howard Greenway to architectural practice in the antipodes and taking movement of and within 3 dimensional bulk spaces as the fundamental stuff of an architecture that is assertively local in its unique co ordinate cosmetic The book offers a fresh interpretation of Palladio s orders and of such classic designs as villa Cornaro palazzo villa Almerico la Rotonda and villa Antonini teatro olimpico that dispels myths and explains the bits that don t fit in the usual interpretations of Palladio s work **Let's Get Physical** Elle Fiore,2014-12-09 When Linda Hunter said for better or worse twenty years ago she d meant it Unfortunately her husband didn t share the sentiment After she learns of his wandering eye and libido he levels her with his reason for straying over the years Her weight gain Armed with a willpower made of steel Linda decides to hire a personal trainer so she can try to reclaim herself if not her husband After settling in a new position in Maryland personal trainer Jack McAllister goes through his days cursing his strange twist of fate Accustomed to being just another attractive face at his last gym he isn t prepared for the deluge of propositions he s receiving from his female clientele Thrown together due to circumstance Jack and Linda aren t quite sure what to do with one another She expected her trainer to be a woman he expected his new client to be the latest vapid barracuda Neither of them got what they expected but both of them will learn that when it comes to physical attraction there is more than meets the eye

Sweet Spots Mattie-Martha Sempert, 2021-12-30 *Sweet Spots* thinks transversally across language and body and between text and tissue This assemblage of essays collectively proposes that words that is language that lands as written text are more than human material And these materials composed of forces and flows and tendencies are capable of generating text flesh that grows into a thinking in the making The practice of acupuncture and its relational thinking often makes its presence felt to twirl the text tissue of the bodying essays Ficto critical thinking is threaded

throughout to activate concepts from process philosophy and use the work of other thinkers William James Felix Guattari and Gilles Deleuze Baruch Spinoza and Virginia Woolf to name a few to forge imaginative connections Entangled in the text tissue are an assortment of entities such as bickering body parts quivering jellyfish heart pacemaker cells a narwhal tooth Taoist parables always with ubiquitous stretchy connective tissue from gooey interstitial fluid to thick planes of fascia ever present to ensure that the essaying bodies become what Alfred North Whitehead calls the one which includes the many includes the one The essaying bodies orient towards the sweetest sweet spot which is found not in the center but slightly askew felt in the reverbing more than that carries their potential Crucially this produces a shift in perspective away from self enclosed bodies and experts toward a care for the connective tissue of relation MAHA AVTAR Dr. Pratyush Dhage,2013-09 The story as it goes ahead takes its hints from the various religious mythological and doomsday cult themes It is not just about the Tenth Maha Avatar of Vishnu but also about the hidden fear in the minds of people about the end of the world Doomsday may or may not be a reality but the stories relating to it are definitely a stupendous read more so when it involves biological weapons deadly electronic devices a corporation headed by the demon and the final justice by the Almighty himself This story includes all this and also a small love story which runs all the way along who tell things as they encounter them in their lives
