

**Rebel
Liberator
or Dictator**

?

These are the
questions the
world is asking.
Here are the
penetrating
answers by the
outstanding
American
correspondent who
knows Castro best...

FIDEL CASTRO

JULES DUBOIS

Fidel Castro Rebel Liberator Or Dictator

Donna J. Baumbach, Linda L. Miller

Fidel Castro Rebel Liberator Or Dictator:

Fidel Castro Jules DuBois,1959 **Fidel Castro** Jules DuBois,2009-07 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

Fidel Castro: Rebel-Liberator Or Dictator? [With Plates, Including Portraits.] Jules DUBOIS (Journalist.),Fidel Castro,1959 **Women and the Cuban Insurrection** Lorraine Bayard de Volo,2018-02-01 Using gender analysis and focusing on previously unexamined testimonies of women rebels political scientist Lorraine Bayard de Volo shatters the prevailing masculine narrative of the Cuban Revolution Contrary to the Cuban War story s mythology of an insurrection single handedly won by bearded guerrillas Bayard de Volo shows that revolutions are not won and lost only by bullets and battlefield heroics Focusing on women s multiple forms of participation in the insurrection especially those that occurred off the battlefield such as smuggling messages hiding weapons and distributing propaganda Bayard de Volo explores how gender both masculinity and femininity were deployed as tactics in the important though largely unexamined battle for the hearts and minds of the Cuban people Drawing on extensive rarely examined archives including interviews and oral histories this author offers an entirely new interpretation of one of the Cold War s most significant events **C. Wright Mills and the Cuban Revolution** A. Javier Treviño,2017-04-05 In C Wright Mills and the Cuban Revolution A Javier Trevi o reconsiders the opinions perspectives and insights of the Cubans that Mills interviewed during his visit to the island in 1960 On returning to the United States the esteemed and controversial sociologist wrote a small paperback on much of what he had heard and seen which he published as Listen Yankee The Revolution in Cuba Those interviews now transcribed and translated are interwoven here with extensive annotations to explain and contextualize their content Readers will be able to hear Mills as an expert interviewer and ascertain how he used what he learned from his informants Trevi o also recounts the experiences of four central figures whose lives became inextricably intertwined during that fateful summer of 1960 C Wright Mills Fidel Castro Juan Arcocha and Jean Paul Sartre The singular event that compelled their biographies to intersect at a decisive moment in the history of Cold War geopolitics with its attendant animosities and intrigues was the Cuban Revolution **The Hovering Giant (Revised Edition)** Cole Blasier,1985-01-15 In the first edition of The Hovering Giant Cole Blasier analyzed U S response to revolutions in Latin America from Madero in Mexico to Allende in Chile He explained why U S leaders sponsored paramilitary units to overthrow revolutionary governments in Guatemala and Cuba and compromised their own differences with revolutionary governments in Mexico and Bolivia The protection of private U S interests was part of the explanation but Blasier gave greater emphasis to rivalry with Germany or the Soviet Union Now in this revised edition Blasier also examines the responses of the Carter and Reagan administrations to the Grenadian and Nicaraguan revolutions

and the revolt in El Salvador He also brings up to date the interpretation of U S Cuban relations Blasier stresses U S defense of its preeminent position in the Caribbean Basin as well as rivalry with the Soviet Union to explain these later U S responses Seemingly unaware of historical experience Washington followed patterns in Central America and Grenada similar to earlier patterns in Guatemala Cuba and Chile even though the latter had adverse effects on U S security and economic interests

Less Is More Donna J. Baumbach,Linda L. Miller,2006-06-05 Contains practical advice for updating a school library collection describing why it is important and how to use automation tools to make the job easier

Latin America's Wars Volume II: The Age of the Professional Soldier, 1900-2001 Robert L. Scheina,2003-07-31 The second volume in Robert Scheina s definitive study of Latin American military history draws upon years of extensive research and teaching in the field Although wags in the United States have quipped that if Latin America s military forces were not constantly seeking political power they would have nothing to do Scheina describes how these men have not only bravely defended their own homelands from foreign enemies but have also gone abroad to fight in both world wars and in the Korean War This groundbreaking volume also examines the numerous U S interventions in Latin America during the twentieth century and the various motivations for them ranging from the petty interests of influential North American businesses to global concerns with grand strategy which for example resulted in the building of the Panama Canal Scheina concludes by exploring the role of Latin America in the Cold War and Colombia s ongoing conflict with the drug cartels He focuses on operational history in the context of war as an instrument of politics and society including insightful analyses of the military as an institution and of its relations with civilian government Latin America s Wars fills a void in the literature broadens U S readers understanding of their neighbors and serves as a point of departure for new scholarship

Politics, Identity, and Mobility in Travel Writing Miguel A. Cabañas,Jeanne Dubino,Veronica Salles-Reese,Gary Totten,2015-06-26 This collection examines the intersections between the personal and the political in travel writing and the dialectic between mobility and stasis through an analysis of specific cases across geographical and historical boundaries The authors explore the various ways in which travel texts represent actual political conditions and thus engage in discussions about national transnational and global citizenship how they propose real world political interventions in the places where the traveler goes what tone they take toward political or socio political violence and how they intersect with political debates Travel writing can be viewed as political in a purely instrumental sense but as this volume also demonstrates travel writing s reception and ideological interventions also transform personal and cultural realities This book thus examines the ways in which politics material effects inform and intersect with personal experience in travel texts and engage with travel s dialectic of mobility and stasis In spite of globalization and efforts to eradicate the colonial vision in travel writing and in travel writing criticism this vision persists in various and complex ways While the travelogue can be a space of discursive and direct oppression these essays suggest that the travelogue is also a narrative space in which the traveler employs the genre to assert authority over his or her

experiences of mobility This book will be an important contribution for interdisciplinary scholars with interests in travel writing studies global and transnational studies women s studies multicultural studies the social sciences and history

Area Handbook for Cuba Jan Knippers Black,1976 General study of Cuba covers the economy the social structure the political system demographic aspects and geographical aspects living conditions education culture mass medias etc

Bibliography pp 485 to 525 diagram maps and statistical tables **Cuba, Castro, and the United States** Philip W. Bonsal,1971-10-15 Bonsal combines his memoirs of his experiences in Havana with an analysis of the relationship between Cuba and the United States both during the Batista and Castro regimes and during the earlier history of the Cuban Republic His discussion of Castro s personality is incisive portraying the Maximum Leader s increasing animosity toward the United States until the final break off of diplomatic relations between the two countries Bonsal s observations of Castro and the sociopolitical climate in Cuba are perhaps the most incisive and accurate of any to date on the subject All the events from the Revolution to the termination of diplomatic relations are discussed Of particular interest are Bonsal s accounts of his attempt to find a basis for a rational relationship between the United States and Castro s Revolution the rejection of that attempt by Castro and the abandonment by Washington of the policy of nonintervention in Cuban affairs which the Ambassador had advocated Finally in an evaluation of future relations between the two countries Bonsal analyzes some of the major problems of the coming years

The Subject of Revolution Jennifer L. Lambe,2024-08-27 From television to travel bans geopolitics to popular dance The Subject of Revolution explores how knowledge about the 1959 Cuban Revolution was produced and how the Revolution in turn shaped new worldviews Drawing on sources from over twenty archives as well as film music theater and material culture this book traces the consolidation of the Revolution over two decades in the interface between political and popular culture The subject of Revolution it proposes should be understood as the evolving synthesis of the imaginaries constructed by its many subjects including revolutionary leaders activists academics and ordinary people within and beyond the island s borders The book reopens some of the questions that have long animated debates about Cuba from the relationship between populace and leadership to the archive and its limits while foregrounding the construction of popular understandings It argues that the politicization of everyday life was an inescapable effect of the revolutionary process as well as the catalyst for new ways of knowing and being

Hearings, Reports and Prints of the Senate Committee on the Judiciary United States. Congress. Senate. Committee on the Judiciary,1964 Second Supplement (1961-1966) to Cumulative Index to Published Hearings and Reports of the Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws of the Committee on the Judiciary, United States Senate United States. Congress. Senate. Committee on the Judiciary,1967

Masters of War Clara Nieto,2011-01-04 In Masters of War Clara Nieto adeptly presents the parallel histories of the countries of Latin America histories that are intertwined each reflecting the United States coherent policy of intervention set into motion by the Monroe Doctrine As the value of this continued policy

comes increasingly into question Nieto argues for the need to evaluate the alarming precedent set in Latin America the institution of client dictatorships the roles played by the interests of U S corporations the enormous tolls taken on civilian populations and the irreversible disruption of regional stability Drawing from an impressive array of documents and sources as well as from her unique first hand insights as a participant in crucial meetings and negotiations in the region from the mid 1960s through the mid 1980s Nieto chronicles the Cuban Revolution the CIA sponsored coup against popularly elected President Allende in Chile the U S invasions of Panama and Grenada U S support for the cultivation and training of paramilitary death squads in Nicaragua El Salvador and Colombia as well as similarly severe but less well known situations in other countries such as Uruguay Venezuela Argentina Peru Bolivia Honduras and Guatemala Masters of War offers from an informed perspective perhaps for the first time a distanced objective analysis of recent Latin American history Clara Nieto s depth of knowledge and understanding is an invaluable resource at a time when the media is seen as unapologetically aligned with the interests of major corporations and policymakers and the American public has reached a new height of apprehension regarding the intentions behind and consequences of its government s policies **Guantánamo, USA**

Stephen Irving Max Schwab, 1999-11-16 Established as America s first foreign naval base following the Spanish American War Guantanamo is now more often thought of as our Devil s Island the gulag of our times This book takes readers beyond the orange jumpsuited detainees of today s headlines to provide the first comprehensive history of Guantanamo from its origins to the present Occupying 45 square miles of land and sea Guantanamo has for more than a century symbolized the imperial impulse within U S foreign policy and its occupation is decried by Cuba as a violation of international law even though a treaty legally grants the U S a lease in perpetuity Stephen Schwab now describes the base s role in American Caribbean and global history explaining how it came to be why it s still there and how it continues to serve a variety of purposes Schwab views the base s creation as part of a broad U S strategy of annexations protectorates and limited interventions devised to create a strong sphere of influence in the western Atlantic He charts its history from this early belief that it would prevent European powers from staking imperial claims in the Caribbean and examines the crucial defensive role that Guantanamo played as a convoy hub for strategic goods during World War II He then looks at clashes over Guantanamo during the Cold War culminating in LBJ s decision to make the base independent by firing Cuban workers and building a desalinization plant Schwab also fleshes out Guantanamo s ongoing roles as the U S Navy s lone forward base in the Caribbean providing refueling for U S and allied ships as a Coast Guard station engaged in search and rescue missions and counternarcotics operations and as a U S facility for processing undocumented aliens Even though the Castro government persistently protests America s presence and refuses even to bank the rent that the U S dutifully pays Guantanamo remains the only place where diplomatic exchanges between the two countries occur and Schwab documents how the facility has served mutual interests as both a point of nationalistic frictions and a center for diplomatic compromise By presenting

Guantanamo's story within its broader historical framework his book gives readers a greater appreciation of America's true stake in this controversial Caribbean outpost
