The Mirage of Dignity on the Highways of Human 'Progress' Lukman Harees, 2012-01-16 The Modern Man is hypocritically boasting of unprecedented material progress in a world where inter alia millions daily go to bed hungry die or get killed through unwanted wars and preventable causes live in inhumane conditions vulnerable being exploited with ever widening inequality and might still ruling over right in international relations even in the post UDHR era an indictment on the collective conscience of mankind Besides the flame of materialism has been devouring time tested moral values causing chaos within the basic unit in society the family and relegating Man and his dignity to the level of animals and even manipulating his identity Therefore questions arise Is Moral law fading are political economic systems and institutions like UN failing in realizing the lofty goal of affording due dignity basic rights and social justice humanity deserves Can the bystanders be mere onlookers anymore This book seeks to dispassionately survey the yawning gap between the rhetoric and the ground reality in bringing about dignity and social justice for humanity from bystanders perspective in the light of these questions and underlines the imperative need for moral progress to go hand in hand to make Man assume his due role as the trustee on earth It also exhorts bystanders to close ranks as human dignity champions rights defenders identity protectors against onslaughts from power hungry politicians mighty powers and vested interests This is the need of the times and what our future progeny demands

Searchlights on Health B. G. Jefferis, 2016-01-07 Knowledge is Safety 1 The old maxim that Knowledge is power is a true one but there is still a greater truth Knowledge is Safety Safety amid physical ills that beset mankind and safety amid the moral pitfalls that surround so many young people is the great crying demand of the age 2 Criticism While the aim of this work though novel and to some extent is daring it is chaste practical and to the point and will be a boon and a blessing to thousands who consult its pages The world is full of ignorance and the ignorant will always criticise because they live to suffer ills for they know no better New light is fast falling upon the dark corners and the eyes of many are being opened 3 Researches of Science The researches of science in the past few years have thrown light on many facts relating to the physiology of man and woman and the diseases to which they are subject and consequently many reformations have taken place in the treatment and prevention of diseases peculiar to the sexes 4 Lock and Key Any information bearing upon the diseases of mankind should not be kept under lock and key The physician is frequently called upon to speak in plain language to his patients upon some private and startling disease contracted on account of ignorance The better plan however is to so educate and enlighten old and young upon the important subjects of health so that the necessity to call a physician may occur less frequently 5 Progression A large respectable though diminishing class in every community maintain that nothing that relates exclusively to either sex should become the subject of popular medical instruction But such an opinion is radically wrong ignorance is no more the mother of purity than it is of religion

Enlightenment can never work injustice to him who investigates 6 An Example The men and women who study and practice medicine are not the worse but the better for such knowledge so it would be to the community in general if all would be properly instructed on the laws of health which relate to the sexes Tough Stuff Parenting Paul Basden,Jim Johnson,2019-01-08 Are You Prepared to Talk with Your Child About Discussing difficult topics with kids has never been easy but in today s world it s more difficult than ever Gay marriage terrorist attacks pornography police shootings and yes sex are just some of the complex issues children will encounter in our current culture When your child asks questions will you have answers Tough Stuff Parenting will equip you to have thoughtful age appropriate conversations with your child The biblically based wisdom and practical tools you ll find inside will help you confidently engage your kid in meaningful dialogue And when questions arise your child will look to you first for answers instead of friends or the Internet Make a lasting connection with your kid by learning how to effectively discuss life s most complicated topics Children's Books in Print ,1993

Children Praying Joan Bel Geddes,1999 An authority on children shows parents how not just why they should teach their kids how to pray *For Kids' Sake* H. B. London,Neil B. Wiseman,2004-01-16 This book is a passionate presentation of what our society is producing in children The authors first present a code blue alarm for the need of paramedic and ambulance for at risk children then they provide some practical suggestions about how to save the children The book contains statistics and stories with illustrations and hope filled solutions calling the reader to become what God has always called the Church to be a change agent for the spiritually needy in every strata of society Given the realities of our world catastrophes on every news broadcast an epidemic of fragmented families a severely coarsened society we can still make a difference in the lives of children by teaching them to value the right things *The Oxford Companion to Christian Thought* Adrian Hastings,Alistair Mason,Hugh S. Pyper,2000-12-21 Embracing the viewpoints of Catholic Protestant or Orthodox thinkers of conservatives liberals radicals and agnostics Christianity today is anything but monolithic or univocal In The Oxford Companion to Christian Thought general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought Indeed the 260 contributors who hail from twenty countries represent as wide a range of perspectives as possible Here is a comprehensive and authoritative though not dogmatic overview of the full spectrum of Christian thinking Within its 600 alphabetically arranged entries readers will find lengthy survey articles on the history of Christian thought on national and regional traditions and on various denominations from Anglican to Unitarian There is ample coverage of Eastern thought as well examining the Christian tradition in China Japan India and Africa The contributors examine major theological topics such as resurrection the Eucharist and grace as well as controversial issues such as homosexuality and abortion In addition short entries illuminate symbols such as water and wine and there are many profiles of leading theologians of non Christians who have deeply influenced Christian thinking including Aristotle and Plato and of literary figures such as Dante Milton and Tolstoy Most articles end with a list of suggested

readings and the book features a large number of cross references The Oxford Companion to Christian Thought is an indispensable guide to one of the central strands of Western culture An essential volume for all Christians it is a thoughtful gift for the holidays Women Mentoring Women Vickie Kraft,Gwynne Johnson,2003-01-01 The 21st Century has brought a new urgency for Christian women to search for meaningful relationships whee they can live out their faith This is due in part to our increasingly secular lifestyle and the radical changes in marriage and family life that have isolated and discouraged many women Women Mentoring Women offers the solution to a chronic weakness in churches the lack of involvement of wives sisters mothers and daughters in vital women s ministries
