**13 Moons over Vietnam—1st Moon: Innocence** Ben Thieu Long, 2019-02-14 13 Moons over Vietnam 1st Moon Innocence Why another memoir on Vietnam There are already hundreds of publications on the Vietnam War 13 Moons over Vietnam captures a unique perspective of a soldier's experience of war juxtaposing more than 150 stories between the lines of 280 uncensored letters to his wife who was pregnant with their first child These stories describing actual experiences are conveyed with raw emotions of anxiety and fear refuting the nonchalant tone of his correspondence home The effect is a stark and unsettling contrast between what is written home and what actually happens 13 Moons over Vietnam is organized as a series segmented by lunar cycles that symbolize the author's struggles with identity and faith as he confronts progressive incidents of social and emotional violence Begin with 1st Moon Innocence and witness a metamorphosis that spirals through a moral and spiritual minefield The Publishers Weekly, 2001 *The Combined Action Platoons* Michael Peterson, 1989-06-26 This is the first comprehensive history for the academic reader of the Combined Action Program CAP in Vietnam Created as a response by the U S Marines

to what was known as the other war in Vietnam the CAP Program was comprised of platoons each combining a fourteen man marine rifle squad a navy corpsman and a platoon of South Vietnamese militia These CAP units were unique to the war Their function was to capture and hold rather than to search and destroy While the main forces of the Army and Marines all too often waged war on the Vietnamese hamlets the CAP marines waged war from the hamlets Their intent was to keep the hamlet intact The uniqueness of the CAP Program justifies this study not only from an historical and political perspective but also sociologically The CAP Marines were among the few Americans who lived with the Vietnamese in their own setting for long periods of time developing community projects and civic action programs The 1980s has brought about a resurgence of valuable research the declassification of official documentation and most important an emotional distance from the trauma of defeat The author takes full advantage of these conditions to present a thorough and comprehensive history and civic program analysis Many critics of the Vietnam War now agree that the tactics of the Combined Action Program were among the most promising of the war The CAP Marines fought a deadly and personal war with the Viet Cong and the North Vietnamese Army In this volume the author achieves his twofold objective He not only provides a valuable historical account of the Program but also analyzes the civic action and community development projects undertaken by the CAP Marines His study is done with an eye to the future as U S counterinsurgency has again found expression in other Third World conflicts

Writing Vietnam, Writing Life Tobey C. Herzog, 2009-05 Phillip Caputo Larry Heinemann Tim O'Brien and Robert Olen Butler four young midwestern Americans coming of age during the 1960s who faced a difficult personal decision whether or not to fight in Vietnam Each chose to participate After coming home these four veterans became prizewinning authors telling the war stories and life stories of soldiers and civilians The four extended conversations included in Writing Vietnam Writing

Life feature revealing personal stories alongside candid assessments of each author's distinct roles as son, soldier, writer, and teacher of creative writing. As Tobey Herzog's thoughtful interviews reveal, these soldier authors have diverse upbringings, values, interests, writing careers, life experiences, and literary voices. They hold wide-ranging views on, among other things, fatherhood, war, the military, religion, the creative process, the current state of the world, and the nature of both physical and moral courage. For each author, the conversation and richly annotated chronology provide an overview of the writer's life, the intersection of memory and imagination in his writing, and the path of his literary career. Together, these four life stories also offer mini tableaux of the fascinating and troubling time of the 1960s and 1970s America. Above all, the conversations reveal that each author is linked forever to the Vietnam War, the country of Vietnam, and its people.

**Vietnam War Stories** Tobey C. Herzog, 2017-01-27. Dealing with ten key narratives including novels and personal accounts, Herzog locates them in the tradition of war literature as well as recent cinema and charts the transformations of the American nation in its experience of modern war.

**A Field of Innocence** Jack Estes, 1990-07-01. At 18, Jack Estes found himself married, broke, and about to become a father and on his way to the jungles of Vietnam as a raw recruit at the height of hostilities. He figured Nam couldn't be any worse than home, but he was wrong, grossly wrong.

**Grunts** John C. McManus, 2010-08-03. A superb book, an American equivalent to John Keegan's *The Face of Battle*. I sincerely believe that *Grunts* is destined to be a classic. Dave Grossman, Author of *On Killing* and *On Combat*. From the acclaimed author of *The Dead* and *Those About to Die* comes a sweeping narrative of six decades of combat and an eye-opening account of the evolution of the American infantry. From the beaches of Normandy and the South Pacific Islands to the deserts of the Middle East, the American soldier has been the most indispensable and most overlooked factor in wartime victory. In *Grunts*, renowned historian John C. McManus examines ten critical battles from Hitler's massive assault on U.S. soldiers at the Battle of the Bulge to counterinsurgency combat in Iraq, where the skills and courage of American troops proved the crucial difference between victory and defeat. Based on years of research and interviews with veterans, this powerful history reveals the ugly face of war in a way few books have and demonstrates the fundamental and too often forgotten importance of the human element in serving and protecting the nation.

**The Routledge Companion to Masculinity in American Literature and Culture** Lydia R. Cooper,2021-12-26  
Recently the U S has seen a rise in misogynistic and race based violence perpetrated by men expressing a sense of grievance from incels to alt right activists Grounding sociological historical political and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions The Routledge Companion to Masculinity in American Literature and Culture suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures Masculinity is more than a description of traits associated with particular performances of gender It is more than a study of gender and social power It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity     *No Other Road to Take* Nguyen Thi Dinh,2018-05-31 Now in its seventh printing The memoir of a woman whose strength courage and intelligence had a profound impact on Vietnamese history Not simply a participant in the Viet Minh resistance against the French Mrs Nguyen Thi Dinh was also an active leader who organized the uprising in Ben Tre province against the Diem regime was appointed to the leadership committee of the National Liberation Front NLF and served as Chairman of the South Vietnam Women s Liberation Association The oppressive policies of Diem and the problems of civil war and American involvement are described with powerful immediacy effectively illustrating the patriotic fervor and determination of those she fought with and helped lead     **A Mother's Memoir** Rose Bui,2022-07-04 In her memoir the author Rose Bui recounts the experiences of her true real life narrative of how she a poor young villager from a family of farmers became trapped between the ongoing pillars of guerilla warfare We needed a substantial meal to keep us going in case we needed to flee as soon as the French planes sounded in the distance ready to bombard We ran until we reached the holes in the backyard of our home Each hole could only fit one person and was about a man s head below ground level Political military diplomatic economic and socio cultural issues all contributed to the French loss of its Indochinese possessions The French lost power with the fall of Dien Bien Phu in 1954 During a period when Vietnam was at war with France the French invaded the urban areas while the Viet Minh party controlled the countryside On the eve of the Geneva Conference General Vo Nguyen Giap and his Viet Minh had triumphed Before 1954 times were drastically different My

parent's extensive orchard supplied us with an assortment of fruits throughout the year. When mango season arrived, my siblings would collect the green mangoes that fell to the ground after a rainstorm. Everyone relished green mangoes dipped in a mixture of fish sauce and sugar. We often fished along the ditches in my parent's orchard during the summer. We relaxed in the cool breeze beneath the trees, savoring the tranquility and mangoes.

Ho Chi Minh's Viet Minh forces decisively beat the French at Dien Bien Phu, a French bastion besieged by Vietnamese communists for 57 days in northwest Vietnam. The Viet Minh victory at Dien Bien Phu heralded the end of French colonial influence in Indochina, paving the door for Vietnam to be divided along the 17th parallel at the Geneva conference. Nonetheless, upon his return to Vietnam, Ho Chi Minh, the party's leader at the time, exploited the patriotic will of the Vietnamese people and transformed the party into a communist party, the Viet Cong.

When it rained and we were unable to remove the water from the holes before the planes came over, we had no alternative but to remain submerged inside the hole. Thanks to a wooden ladder propped against the hole's wall, we could always escape. During the air strikes, I recall how, after a particularly bloody battle, the peasants fled with their relatives to adjacent towns for safety.

In her heroic and desperate attempts to escape Vietnam, she is caught between sacrificing her and her three children's lives in order to cross the ocean to attain freedom. Despite the odds being stacked against her, she outwits the Viet Cong and finds herself responsible for a vessel full of Vietnamese refugees. Several days had passed while we were at sea. The entire time, I was unable to detect any changes on the horizon and questioned whether we were traveling in the correct direction. It had been days since our last sighting of the land, and I had no idea where we were headed.

This book offers previously untold stories about the author's life, beginning with her youth and leading up to her courageous escape and how she and her three out of four children managed to flee Vietnam and seek refuge in the United States. Since its inception, after 12 or 13 years, this book was eventually completed. In this time period, the author has aged, resulting in a decline in her health that has nearly prevented her from completing her story for this book. As a result, it took her close to seven years to chronologically recount all the events in her handwritten journal entries, which she contributed to every so often. It took an additional three years to translate and complete her Vietnamese memoir into English. This memoir should serve as a reminder to all of us that we are capable of overcoming our failures, no matter how difficult the challenges may be.
