Dr. Bob Curran,2010-07-20 We all know about fairies they re usually helpful ethereal creatures in children s stories and Walt Disney films flitting about doing good right Wrong In ancient times the concept of fairies was rather different They were the often dangerous embodiment of the land dark and unpredictable spirits that watched Humanity with a jaundiced and hostile eye And according to conventional folk wisdom they were to be feared rather than trusted Indeed in their original form many of our fairy tales read more like late night horror stories Dr Bob Curran investigates the folkloric roots of the fairy kind tracing their origins from the sprites and maenads of Classical times to the sanitized versions of the English Victorians Among other aspects he examines the connections in the Christian mind between the fairy kind and demons the links between fairies and ancient pagan gods and the often strained relations between fairies and humans across the ages This is not a book for those who believe that fairies are friendly kindly creatures With the growing and anticipated interest in fairies particularly given the forthcoming Disney film Wings starring Miley Cyrus Dark Fairies is a timely and valuable new title

**Frontiers in American Children's Literature** Dorothy Clark, Linda Salem, 2016-02-29. *Frontiers in American Children's Literature* is a groundbreaking work by both established and emerging scholars in the fields of children's literature, criticism, history, and education. It offers 18 essays which explore and critically examine the expanding canon of American children's books against the backdrop of a social history comprised of a deep layering of trauma and struggle, redefining what equality and freedom mean. The book charts new ground in how children's literature is telling stories of historical trauma, the racial violence of American slavery, the Mexican Repatriation Act, and the oppression and violence against African Americans in light of such murders as in the AME Mother Emanuel Church and the shooting of Michael Brown. This new frontier explores how truth-telling about racism, oppression, and genocide communicates with the young about violence and freedom in literature, transforming harsh truths into a moral vision. *Frontiers in American Children's Literature* will be an instant classic for fans of children's and adolescent literature, American literature, cultural studies, and students of literature in general, as well as teachers and prospective teachers. Those interested in art history, graphic novels, picture book art, African American and American Indian literature, the digital humanities, and new media will also find this volume compelling. Authors and artists covered in these essays include Laurie Halse Anderson, M. T. Anderson, Paolo Bacigalupi, Louise Erdrich, Eric Gansworth, Edward Gorey, Russell Hoban, Ellen Hopkins, Patricia Polacco, Ann Rinaldi, Peter S. S. Lynd Ward, and Naomi Wolf, among others. Essayists examine their subjects' most provocative works on the topics of realistic depictions of slavery, oppression, and trauma, and the triumph of truth in storytelling over these experiences. From *The Astonishing Life of Octavian Nothing* to *The Birchbark House*, from the graphic novel to picture books and the digital humanities in teaching and reading, there is

something for everyone in this collection Contributors include leaders in the fields of literature and education such as the award winning Katherine Capshaw and Anastasia Ulanowicz Margaret Noodin poet and leader in American Indian scholarship and education leads the essays on American Indian children s literature while Steven Herb Director of the Pennsylvania Center for the Book and an affiliate of the Center for the Book in the Library of Congress offers an insider s view of Caldecott Medal awardee Lynn Ward
