Kapoor,2023-04-24 The Parsis are fast disappearing There are now only around 50 000 members of the community in all of India But since their arrival here from Central Asia somewhere between the eighth and tenth centuries the Parsis contribution to their adopted home has been extraordinary The history of India over the last century or so is filigreed with such contributions in every field from nuclear physics to rock and roll by names such as Dadabhai Naoroji Dinshaw Petit Homi Bhabha Sam Manekshaw Jamsetji Tata Ardeshir Godrej Cyrus Poonawalla Zubin Mehta and Farrokh Bulsara aka Freddie Mercury This is a revised and updated new edition engaging and accessible making it as the most intimate history of the Parsis by senior journalist and columnist Coomi Kapoor herself a Parsi The book pores through the names stories achievements and the continuing success of this tiny but extraordinary minority She delves deep into both the question of what it means to be Parsi in India as well as how the community s contributions from tanchoi silk to chikoos became integral to what it meant to be Indian In Kapoor s hands the story of the Parsis becomes a rip roaring incident filled adventure from dominating the trade with China to being synonymous with Bombay once arguably a city defined by its Parsis from the business success of the Tatas the Mistrys the Godrejs and the Wadias to such current contributions as the manufacturing of COVID 19 vaccines by the Parsi founded Serum Institute of India *My Years with Rajiv: Triumph and Tragedy* Wajahat Habibullah,2024-03-04 About the Book A CANDID ACCOUNT OF RAJIV GANDHI S PRIME MINISTERIAL YEARS On 21 May 1991 Wajahat Habibullah then the commissioner of Kashmir constituting the valley and the two districts of Ladakh had

returned home after inspecting a mysterious fire at Dalgate Srinagar Much to his dismay there had been another fire one that left him devastated an RDX explosion in the south Indian town of Sriperumbudur had taken the life of India's sixth prime minister Rajiv Gandhi My Years with Rajiv is an endearing account of a friendship that turned into an administrative partnership one that gave Habibullah an acute insight into Rajiv Gandhi's political life But equally in this lucid memoir recounting his years in the Indian Administrative Service particularly at the Prime Minister's Office he walks us through the last three decades of the twentieth century in many ways the most formative years of Indian history Habibullah also seeks to demystify the workings of the Indian government and bureaucracy the modernisation of the Nehruvian nation the turbulence of the Khalistan years in Punjab the introduction of grassroots policies aimed at poverty alleviation in rural India the beginning of telecommunications services the Shah Bano case the opening of the locks at Babri Masjid Ram Janmabhoomi Indian interventions in Sri Lanka and much else In this the author a natural raconteur is more than successful telling the tale in his inimitably candid and self-effacing manner

The People Next Door T. C. A. Raghavan, 2019 Considers the relationship between India and Pakistan since the bloody Partition of 1947

A Talent for War Ramdhir Singh, 2013-10-18 Lt Gen Sagat Singh is unarguably the only military genius post independence India has produced He commenced his military career through humble beginnings in the Bikaner State Forces with only a smattering knowledge of English At the outbreak of World War 2 he was commissioned as an officer and served in the Middle East with his Battalion and on staff By the time the War was over he was the only officer to have done two staff courses including the prestigious course at Quetta On being absorbed into the Indian Army after Independence he was transferred to 3rd Gorkha Rifles where he commanded two battalions He was given command of the Para Brigade on promotion and led it in the Goa Operations with aplomb He was primarily responsible for liberating this Portuguese Colony Sagat's drive and energy stood out On promotion as Major General he commanded 17 Mountain Division in Sikkim where in 1967 in a bloody skirmish which lasted several days he gave the Chinese a bloody nose proving that the Indian Army was no pushover That year he was transferred to Shillong and tasked to curb the Mizo Insurgency In two years he succeeded in doing so effectively In 1970 he was promoted to Lt Gen and given command of 4 Corps It seemed his whole life was geared to leading a Corps into battle In 1971 in a major logistic achievement he moved and staged his Corps at Agartala When operations commenced to liberate Bangladesh his Corps relentlessly attacked and defeated Pakistan forces crossed river lines and terrain considered impassable His innovative use of helicopters has never been repeated His is the only example in the Indian Army of a successful corps level campaign which can stand out historically His knowledge of the operational art was perhaps without parallel He retired in Dec 1974 and settled down in Jaipur where till his death in 2001 he tried to ameliorate the lives of ex-servicemen and his people His achievements were recognised by the Government of Bangladesh when the President publicly and formally honoured his son and daughter in law in Mar 2013

Forged in Crisis Rudra Chaudhuri, 2014-03-30 Offers a fresh and challenging

interpretation of India's relationship with the United States over six decades revealing the complex and distinctive manner in which New Delhi has pursued its interests

Art of Generalship Lt Gen K K Khanna (Retd), 2015-01-01 History has thrilling accounts of brilliant Generals leading small armies to defeat huge forces of their opponents Better the Generalship greater the victories The Indian Army too has produced many great Generals who have defeated evil designs of adversaries Yet they have produced none like Rommel Manstein Model or even like some old Indian warriors like Maharana Pratap Hari Singh Nalwa or Zorawar Singh India can and must produce Generals of that calibre Generals who don't just defend territory or restore status quo but those who annihilate aggressors to teach memorable lessons to adversaries who transgress who initiate punitive actions for conventional and nuclear deterrence to be effective To produce Generals of such calibre the first step is to understand what is good a Generalship Then study Generalship in previous conflicts to appreciate achievements and also learn lessons from opportunities missed Only then the Armed Forces can institute measures to improve the quality of Generalship for the future This book is written to facilitate such study in that order

Vision, Courage and Service Brigadier Satish K. Issar, 2021-06-15 Born in a traditional Indian middle class family in 1921 Tapishwar Narain Tappy Raina rose to the pinnacle of the Indian Army in 1975 A decorated and battle hardened soldier Tappy Raina proved also to be a visionary Army Chief He pushed through ground breaking initiatives both for making the Indian Army future ready and for the welfare of its officers and men Equally his quiet but firm stand against the Indian Army being drawn into the maelstrom of Indian politics during the period of Emergency was a truly signal service to India's democracy Tappy Raina was pitched into the 2nd World War at the very outset of his army career and saw action in the Middle East Burma and the Far East During this period he was wounded and lost his right eye but never let this early setback affect him professionally His finest hour as a soldier came during India's war with China in 1962 Amidst the ruins elsewhere along the borders Brigadier Raina won laurels as a battlefield commander in Ladakh where Indian Army blunted the Chinese PLA in the battle of Chushul For this exemplary military leadership Tappy Raina was conferred the country's second highest gallantry award the Maha Vir Chakra MVC Later for his contribution in the war against Pakistan in 1971 then Lt General Raina was conferred the award of Padma Bhushan Not even sixty yet General Raina passed away in 1980 with his boots on while serving in India's High Commissioner in Canada Interspersed in the book are

notes by Tappy Raina's wife Ninette which etch out some personal facets of his life and reveal his innate decency, modesty and compassion. General T N Raina's was an inspiring life of outstanding service to the nation, embodying vision, professional excellence and courage. **Manthan** VK Shrivastava, 2021-05-31 This book establishes the relevance of war as an instrument of state policy and the necessity of armed forces to protect and promote national interests. It then traces India's warring traditions and the enviable professionalism of the Indian armed forces. Reflecting on their post-independence military ventures, it analyses why despite five wars India's vexed territorial and border disputes have remained unresolved. Later chapters critically dilate on a range of weighty issues related to the armed forces such as their apolitical nature, India's strategic culture, state of the civil-military relations, absence of a defence policy, ad hoc defence planning et al and how these have acted as set-back forces for the Services. One of the chapters debates the pros and cons of a coup in India and yet another one exhorts the armed forces to introspect. The book closes with a set of assertions that would keep the armed forces ready and relevant to match the national aspirations of rising India. **1971** Srinath Raghavan, 2013-11-12 The war of 1971 that created Bangladesh was the most significant geopolitical event in the Indian subcontinent since partition in 1947. It tilted the balance of power between India and Pakistan steeply in favor of India. Srinath Raghavan contends that the crisis and its cast of characters can be understood only in a wider international context. The ^AAbsent Dialogue Anit Mukherjee, 2019-10-01 In *The Absent Dialogue* Anit Mukherjee examines the relations between politicians, bureaucrats and the military in India and argues that the pattern of civil-military relations in India hampers the effectiveness of the Indian military. Informed by more than a hundred and fifty interviews with high-ranking officials as well as archival material, this book sheds new light on both India's political and military history as well as democratic civilian control and military effectiveness more generally. *Pakistan's Wars* Tariq Rahman, 2022-06-09 This book studies the wars Pakistan has fought over the years with India as well as other non-state actors. Focusing on the first Kashmir war 1947-48, the wars of 1965 and 1971 and the 1999 Kargil war, it analyses the elite decision-making which leads to these conflicts and tries to understand how Pakistan got involved in the first place. The author applies the gambling model to provide insights into the dysfunctional world-view, risk-taking behaviour and other behavioural patterns of the decision-makers which precipitate these wars and highlight their effects on India-Pakistan relations for the future. The book also brings to the fore the experience of widows, children, common soldiers, displaced civilians and villagers living near borders in the form of interviews to understand the subaltern perspective. A nuanced and accessible military history of Pakistan, this book will be indispensable to scholars and researchers of military history, defence and strategic studies, international relations, political studies, war and conflict studies and South Asian studies. **Limited War in South Asia** Scott Gates, Kaushik Roy, 2017-11-13 This book examines the origins, courses and consequences of conventional wars in post-colonial South Asia. Although South Asia has experienced large-scale conventional warfare on several occasions since the end of World War II, there is an almost total neglect of

analysis of conventional warfare in the Indian subcontinent Focusing on China India and Pakistan this volume therefore takes a unique approach Regional rivalries between India and Pakistan are linked with global rivalries between the US and USSR later Russia and then China and war is defined in a broader perspective The book analyses the conduct of land sea and air warfare as well as the causes and consequences of conflicts Tactical conduct of warfare the nature of mobile armoured strikes and static linear infantry combat supported by heavy artillery and generalship are studied along with military strategy doctrine and grand strategy national security policy which is an amalgam of diplomacy military strategy and economic policy While following a realpolitik approach this book blends the development of military strategies and doctrines with the religious and cultural ethos of the subcontinent s inhabitants Drawing on sources not easily accessible to Western scholars the overall argument put forward by this work is that conventional warfare has been limited in South Asia from the very beginning for reasons both cultural and realpolitik This book will be of much interest to students of South Asian politics security studies war and conflict studies military studies and International Relations in general Poles Apart Aditya Sondhi, 2024-07-24 Is there a predominant reason why India is not Pakistan Many would likely point to the omnipresence of the military in the polity of the latter While the interventionist attitude of the army in Pakistan easily explains the democratic shortfall in its history the mirror opposite in India is rarely studied or credited Poles Apart is a unique and original investigation of the comparative roles of the military to study their influences on the growth of democracy in the two nations The book highlights the divisive outcomes of military coups on Pakistan s democratic trajectory while also closely analysing potential scenarios in India when the army could have gone astray but chose to stay apolitical Disgrace at the hands of China in 1962 the Emergency and Operation Blue Star among others make for fascinating case studies of how the army was treated shabbily but still remained politically disinclined On the other hand the overarching presence of Field Marshal Ayub Khan General Yahya Khan General Zia ul Haq and General Pervez Musharraf in the Pakistani political space represent a very different set of choices and interventions A crisp chapter on Bangladesh and its experiments with democracy and martial rule rounds off the deeply researched study
