needed overview of the Chicana and Chicano movement's social history as it grew, flourished, and then slowly fragmented. The authors examine the movement's origins in the 1960s and 1970s, showing how it evolved from a variety of organizations and activities united in their quest for basic equities for Mexican Americans in U.S. society. Within this matrix of agendas, objectives, strategies, approaches, ideologies, and identities, numerous electrifying moments stitched together the struggle for civil and human rights. Gomez Quiñones and Viquez show how these convergences underscored tensions among diverse individuals and organizations at every level. Their narrative offers an assessment of U.S. society and the Mexican American community at a critical time, offering a unique understanding of its civic progress toward a more equitable social order.

Revelation in Aztlán Jacqueline M. Hidalgo, 2016-08-31 Bridging the fields of Religion and Latina/o Studies, this book fills a gap by examining the spiritual rhetoric and practices of the Chicano movement. Bringing new theoretical life to biblical studies and Chicana/o writings from the 1960s such as *El Plan Espiritual de Aztlán* and *El Plan de Santa Barbara*, Jacqueline M. Hidalgo boldly makes the case that peoples for whom historical memories of displacement loom large engage scriptures in order to make and contest homes. Movement literature drew upon and defied the scriptural legacies of Revelation, a Christian scriptural text that also carries a displaced homing dream. Through the slipperiness of utopian imaginations, these texts become places of belonging for those whose belonging has otherwise been questioned. Hidalgo's elegant comparative study articulates as never before how Aztlán and the new Jerusalem's imaginative power rest in their ambiguities, their ambivalence, and the significance that people ascribe to them.
