Fife In History And Legend:

Fife in History and Legend Raymond Lamont-Brown, 2002 Fife has always been one of Scotland's most distinctive counties. Though never a kingdom in its own right, its geographical position as a peninsular county between the firths of Tay and Forth has helped maintain its self-contained identity through the ages. Not surprising for a county of such historical resonance, Fife contains a huge number of houses, churches, and castles that witnessed events that quite literally shaped the nation. This work introduces the reader to these places and those associated with them, from the great abbeys of Lindores and Balmerino and the major towns of St Andrews, Dunfermline, and Kirkcaldy to the beautiful villages of the East Neuk and the islands of the Firth of Forth. It also introduces some of the less familiar details from Fife's past to produce a complete introduction to this county. *Macduff, Thane of Fife* Fife (Scotland). Council, Fife (Scotland). North East Area Libraries, 1997 **St**

Andrews Raymond Lamont-Brown, 2022-08-04 St Andrews is without doubt one of Scotland's most historic and beautiful cities. Once the ecclesiastical capital of Scotland, it played a prominent role in the nation's political life until the seventeenth century. In addition, it is also home of the nation's oldest university, and whilst claims that it is the birthplace of golf may remain controversial, there is no doubt it is regarded as world capital of the game today. This fascinating and comprehensive account of St Andrews traces its history from Pictish times to the present day. It is based not only on a huge amount of original research but also on an intimate knowledge of the town which Raymond Lamont Brown accumulated in over twenty years residence there. In addition to facts and figures, the book also introduces many of the people who have featured prominently in the story of St Andrews, from doughty residents such as Sir Hugh Lyon Playfair and Cardinal Archbishop David Beaton to illustrious visitors like Mary Queen of Scots, John Knox, and Samuel Johnson. **The History and Legends**

of Old Castles & Abbeys, 1850 *Edinburgh History of Scottish Literature: From Columba to the Union (until 1707)* Ian Brown, 2006-11-13 The History begins with the first full-scale critical consideration of Scotland's earliest literature, drawn from the diverse cultures and languages of its early peoples. The first volume covers the literature produced during the medieval and early modern period in Scotland, surveying the riches of Scottish work in Gaelic, Welsh, Old Norse, Old English, and Old French, as well as in Latin and Scots. New scholarship is brought to bear not only on imaginative literature but also law, politics, theology, and philosophy, all placed in the context of the evolution of Scotland's geography, history, languages, and material cultures from our earliest times up to 1707. The War on Drugs in Sport Vanessa McDermott, 2015-10-23 This book is an innovative and compelling work that develops a modified moral panic model, illustrated by the drugs in sport debate. Drawing on Max Weber's work on moral authority and legitimacy, McDermott argues that doping scandals create a crisis of legitimacy for sport governing bodies and other elite groups. This crisis leads to a moral panic where the issue at stake for elite groups is perceptions of their organizational legitimacy. The book highlights the role of the media as a site where claims to legitimacy are made and contested, contributing to the social construction of a moral panic. The book explores

the way regulatory responses in this case anti doping policies in sport reflect the interests of elite groups and the impact of those responses on individuals or folk devils The War on Drugs in Sport makes a key contribution to moral panic theory by adapting Goode and Ben Yehuda s moral panic model to capture the diversity of interests and complex relationships between elite groups The difference between this book and others in the field is its application of a new theoretical perspective supported by well researched empirical evidence **The Speaker** ,1890 **The County Histories of Scotland** ,1896
