Fifteen Pro Distinguished California Modernists:

June Wayne, the Art of Everything Robert P. Conway, Arthur Coleman Danto, 2007 Since her first solo exhibition in 1935 at the age of seventeen June Wayne has achieved legendary status among twentieth century American artists Best known today for her work in and influence on printmaking and fine art lithography one of her most renowned achievements was the founding of the Tamarind Lithography Workshop in 1959 Under her direction this workshop became one of the most important focal points of a general revival of printmaking in the United States a revival that gave many other famous artists including Willem de Kooning Louise Nevelson and Ed Ruscha an opportunity to experiment in this format Her own spectacular prints earned her the estimable title the incontestable pioneer of contemporary lithography But Wayne s artistic accomplishments are even richer than that Throughout her career she boldly explored a variety of media and aesthetic concepts

On the Wings of Modernism Robert Allen Nauman, 2004 Nauman argues that contrary to the technological and teleological interpretations presented by the polemicists of international style modernism the academy s actual production was squarely grounded in bureaucratic and political processes He demonstrates that selection of both the site and the design firm was the result of political maneuverings involving the U S military leadership BOOK JACKET

The Avant-garde in Interwar England Michael T. Saler, 1999 This book addresses modernism s ties to tradition commerce nationalism and spirituality through an analysis of the assimilation of visual modernism in England between 1910 and 1939 Specifically The Avant Garde in Interwar England explores the life of Frank Pick managing director of the London Underground whose patronage of modern artists architects and designers was guided by a desire to unite nineteenth century arts and crafts with twentieth century industry and mass culture Author Saler demonstrates that modernism was widely associated in England with medievalism and was also thought to have direct social economic and spiritual benefits for the nation *Discovering Modernism* Louis Menand, 2007-02-19 When *Discovering Modernism* was first published it shed new and welcome light on the birth of Modernism This reissue of Menand s classic intellectual history of T S Eliot and the singular role he played in the rise of literary modernism features an updated Afterword by the author as well as a detailed critical appraisal of the progression of Eliot s career as a poet and critic The new Afterword was adapted from Menand s critically lauded essay on Eliot in The Cambridge History of Literary Criticism Volume Seven Modernism and the New Criticism Menand shows how Eliot s early views on literary value and authenticity and his later repudiation of those views reflect the profound changes regarding the understanding of literature and its significance that occurred in the early part of the twentieth century It will prove an eye opening study for readers with an interest in the writings of T S Eliot and other luminaries of the Modernist era

American Women Modernists Robert Henri, Marian Wardle, Sarah Burns, Brigham Young University. Museum of Art, 2005 The seven essays included in this volume move beyond the famed Ashcan School to recover the lesser known work of Robert Henri s women students The contributors who include well known scholars of art history American studies and cultural

studies demonstrate how these women participated in the modernizing of women's roles during this era *Literary Biographies in The Lives of Remarkable People Series in Russia*, Ludmilla A. Trigos, Carol Ueland, 2022-03-14 The legendary Russian biography series *The Lives of Remarkable People* has played a significant role in Russian culture from its inception in 1890 until today The longest running biography series in world literature it spans three centuries and widely divergent political and cultural epochs Imperial Soviet and Post Soviet Russia The authors argue that the treatment of biographical figures in the series is a case study for continuities and changes in Russian national identity over time Biography in Russia and elsewhere remains a most influential literary genre and the distinctive approach and branding of the series has made it the economic engine of its publisher Molodaia gvardiia The centrality of biographies of major literary figures in the series reflects their heightened importance in Russian culture The contributors examine the ways that biographies of Russia's foremost writers shaped the literary canon while mirroring the political and social realities of both the subjects and their biographers times Starting with Alexander Pushkin and ending with Joseph Brodsky the authors analyze the interplay of research and imagination in biographical narrative the changing perceptions of what constitutes literary greatness and the subversive possibilities of biography during eras of political censorship *John McAndrew's Modernist Vision* Mardges Bacon, 2018-11-06 John McAndrew's *Modernist Vision* tells the compelling story of the architect scholar and curator John McAndrew who played a key role in redefining modernism in the United States from the 1930s onward The designer of the Vassar College Art Library arguably the first modern interior on a college campus and the curator of architecture at the Museum of Modern Art in New York from 1937 to 1941 McAndrew was instrumental in creating a distinct and innovative aesthetic that bridged the European modernist lineage and American regional vernacular Providing a fascinating glimpse into McAndrew's life his associations with important architects and artists and the historical context that shaped his work this book is a thoroughly researched testament to a man who left a powerful mark on the evolution of American architecture

Art and the City Sarah Schrank, 2009 *Art and the City* explores the contentious relationship between civic politics and visual culture in Los Angeles Struggles between civic leaders and modernist artists to define civic identity and control public space highlight the significance of the arts as a site of political contest in the twentieth century **Archaic Modernism** Daniel Humphrey, 2020-11-10 Detailed textual readings evoking the archaic sensibility and modernist style of Pier Paolo Pasolini In *Archaic Modernism* Daniel Humphrey offers the first book length English language examination of three adaptations of Greek tragedy produced by the gay and Marxist Italian filmmaker Pier Paolo Pasolini *Oedipus Rex* 1967 *Medea* 1969 and *Notes Towards an African Orestes* 1970 1973 Considering Pasolini's own theories of a Cinema of Poetry alongside Jacques Derrida's concept of critique as well as more recent scholarship by queer theory scholars advocating for an antirelational and antisocial subjectivity Humphrey maintains that Pasolini's Greek tragedy films exemplify a paradoxical sense of archaic modernism that is at the very heart of the filmmaker's project More daringly he contends that they

ultimately reveal the queer roots of Western civilization's formative texts Archaic Modernism is comprised of three chapters Chapter 1 focuses on Oedipus Rex assessing both the filmic language employed and the deeply queer mythological source material that haunts the tragedy even as it remains largely at a subtextual yet palpable level Chapter 2 extends and deepens the concept of queer fate and queer negativity in a scene by scene analysis of Medea Chapter 3 looks at the most obscure of Pasolini's feature length films Notes Towards an African Orestes a film long misunderstood as an unwitting failure but which could perhaps best be understood as a deliberate sacrificial act on the filmmaker's part Considering the film as the third in an informal maybe unconscious trilogy Humphrey concludes his monograph by arguing that this trilogy of myth can best be understood as a deconstruction gradually more and more severe of three of the most important origin tales of Western civilization Archaic Modernism makes the case that these three films are as essential as those Pasolini films more often studied in the Anglophone world Mamma Roma The Gospel According to Matthew Teorema The Trilogy of Life and Sal and that they are of continuing perhaps even increasing value today This book is of specific interest to scholars students and researchers of film and queer studies **Mid-Century Modernism and the American Body** Kristina Wilson, 2021-04-13

The first investigation of the role of how modernist objects were marketed by affirming buyers racial and gender identities

A History of Irish Modernism Gregory Castle, Patrick Bixby, 2019-01-24 This book attests to the unique development of modernism in Ireland driven by political as well as artistic concerns **The Baltimore Underwriter**, 1926 **Martha**
