Fifty Years Of Victorian London From The Great Exhibition To The Queens Death:

Fifty Years of Victorian London Stella Margetson, 1969 **The Victorian Music Hall** Dagmar Kift, 1996-10-24 With the exception of the occasional local case study music hall history has until now been presented as the history of the London halls This book attempts to redress the balance by setting music hall history within a national perspective Kift also sheds a new light on the roles of managements performers and audiences For example the author confutes the commonly held assumption that most women in the halls were prostitutes and shows them to have been working women accompanied by workmates of both sexes or by their families She argues that before the 1890s the halls catered predominantly to working class and lower middle class audiences of men and women of all ages and were instrumental in giving them a strong and self confident identity The hall s ability to sustain a distinct class awareness was one of their greatest strengths but this factor was also at the root of many of the controversies which surrounded them These controversies are at the centre of the book and Kift treats them as test cases for social relations which provide fresh insights into nineteenth century British society and politics **Mathematics in Victorian Britain** Raymond Flood, Adrian Rice, Robin Wilson, 2011-09-29 With a foreword by Adam Hart Davis this book constitutes perhaps the first general survey of the mathematics of the Victorian period It charts the institutional development of mathematics as a profession as well as exploring the numerous innovations made during this time many of which are still familiar today *Victorians at Home and Away* Janet Phillips, Peter Phillips, 2016-07-01 First published in 1978 this book explores everyday Victorian likes and dislikes manners fashions ideals and illusions It discusses their changing attitudes to women children the poor the common soldier and their country It explains the rise and fall of home entertainment the growth of soccer racing and cricket to national sports the rise of public schools and new professions as well as the appeal of missionary work It is argued that all this happened not because the Victorians were fools hypocrites or villains but because they sensibly adapted themselves to peculiar and novel circumstances This title will be of interest to students of history **Madame Tussaud** Pamela Pilbeam, 2006-08-10 Tussaud s catered for the public s fascination with monarchy whether Henry VIII and his wives or Queen Victoria as well as for their love of history acting as an accessible and enjoyable museum This work looks at Madame Tussaud herself and her exhibition as part of the wider history of wax modelling and of popular entertainment **Great Times, Good Times** James Kotsilibas-Davis, 1977 Maurice Barrymore began life as Herbert Blyth amid the jumbled bazaars and golden temples of East India Sent to England for proper schooling he was expelled from Harrow quit Oxford became Britain s middle weight boxing champion then turned to acting When his hyper Victorian family of civil servants soldiers and clergymen disowned him he took the name Barrymore and sailed for America where he married Georgie the brilliant daughter of the theatrical Drews Publisher s description **Women in English Social History, 1800-1914: without special title** Barbara Kanner, 1987 [Bibliography of Printed Works on London History to 1939](#) Heather Creaton, Tony Trowles, 1994 The history of London is so important in national and indeed

international terms it seems extraordinary that this is the first general bibliography of the subject to appear. It contains over 22 000 selected references to books and articles on the history of London from the Dark Ages to the beginning of the Second World War. The whole of the former GLC area plus the City is covered. Arrangement is by subject and there is a substantial analytical index. Material for the bibliography was collected from specialist libraries all over London and beyond. It is a starting point for any enquiry about London's development over the centuries whether from the academic historian, the amateur or the general enquirer. A supplement is planned to cover new material on the period.

Women in English Social History, 1800-1914 Barbara Kanner, 1990 *The Cumulative Book Index*, 1969 A world list of books in the English language *Family History in Focus* Donald John Steel, Lawrence Taylor, 1984 *Urban History Newsletter*, 1968 **The British National Bibliography** Arthur James Wells, 1969 *Matters of Fact* Margery Fisher, 1972 Bibliography of Historical Works Issued in the United Kingdom: 1966-1970, 1972 **Victorian Literature** David Amigoni, 2011-03-23 How were the genres of literature changed by new methods of serialization and publishing? How did a widespread culture of performance emerge in the period to shape as well as to be shaped by the novel and poetry? David Amigoni draws on the most recent critical approaches to the novel, Victorian melodrama and poetry to answer these and other questions. The work of Charles Dickens, George Eliot, Oscar Wilde, Alfred Tennyson, Robert Browning, Christina Rossetti, Thomas Hardy, Thomas Carlyle and Matthew Arnold are explored in relation to ideas about fiction, journalism, drama, poetry, the New Woman, gothic horror and the Victorian stage.
